misinterpreted as mere longing for a fading open range west but his writings tell a different story Cristy shows how Russell amused his peers with stories that also delivered sharp observations of Euro American suppression of Indians and humorous treatment of wilderness and range issues plus the emergence of women and urbanization as bewildering agents of change in the modern West A welcome departure from the usual biographies and coffee table volumes on Russell and his art Cristy deals with an important yet relatively unexplored aspect of the career of one of the most influential interpreters of the American West Byron Price Director C M Russell Center for the Study of Art *Art Books, 1950-1979* R.R.
