Haas, Margaret Wessling, 2018 This is a book about Edward Weston His early years in the field coincided exactly with the height of the Pictorialist movement in America and while he was never a typical practitioner he did make photographs that borrowed themes from paintings and other media and experimented with soft focused imagery that sometimes look more like graphite drawings or inky dark prints than photographs He would later disavow the gauzy painterly experiments of his early years Introducing rare surviving prints from the unplumbed holdings of the Lane Collection at the Museum of Fine Arts Boston this book offers new insights into Weston's working methods and his evolution as a photographer Beautifully reproduced examples of Weston's most important early work essays explaining their place in his oeuvre and a section dedicated to the variety of Weston's early materials and techniques make this book a must have resource Provided by publisher **Edward Weston, Photographer.
