Dimensions of Diffusion and Diversity Janice Fon, 2019-01-14 Variation is the norm in language It is the universal trait that has never been embarrassed by counterexamples As language is a joint product of human cognition and human society the dimensions underlying language variation could potentially reveal the complexity of the human mind and defines us of what we are as cognitive and social beings be it Austrians speaking German or Nepalis speaking Dumi This volume includes

eight papers highlighting three dimensions underlying language variation The linguistic dimension explores how language changes across the physical time span and across linguistic breadth The cognitive dimension examines how the human mind handles experiential frequency and life experiences and how it copes with suboptimal processing faculties Finally the contextual dimension focuses on how language interacts with its ambiance either in the form of geographical surroundings or in the form of artistic styles The uniqueness of this volume lies not only in its wide range of dimensions investigated but also in its broad spectrum of languages covered This enables us to form a fuller understanding of how language evolves and interacts with human cognition *Studies of Fossilization in Second Language Acquisition* ZhaoHong Han, Terence Odlin, 2005-11-11

This volume as a sequel to *Fossilization in Adult Second Language Acquisition* by Han 2004 brings together a collection of most recent theoretical and empirical studies on fossilization a classic problem of second language acquisition It covers a wide range of perspectives and issues The analyses discussed herein address key concerns of many second language researchers and teachers with regard to just how far anyone can go in learning a new language *Supporting the Learning of Chinese as a Second Language: Implications for Language Education Policy* Joseph Lo Bianco, Elizabeth Ka Yee Loh, Mark Shiu-kee Shum, 2024-10-25 The research in this volume takes account of the context of policy promoting Chinese as a second language CSL in several countries and regions Australia East Asia and South East Asia and the wider social context of multilingual and multicultural societies Furthermore this book reports results of two research studies which investigated how to develop effective strategies to promote learners motivation and the motivational developments of adult learners in real life settings helping to overcome gaps in this under researched area Findings reported in this book have been scientifically examined and found to be effective in enhancing the learners CSL proficiency increasing their learning motivation and addressing the need for a diversity of targeted approaches to CSL Most are applicable across preschool to secondary levels The theoretical grounding of this research work represents a new direction for research in teaching Chinese as a second language The MIT Encyclopedia of the Cognitive Sciences (MITECS) Robert A. Wilson, Frank C.

Keil, 2001-09-04 Since the 1970s the cognitive sciences have offered multidisciplinary ways of understanding the mind and cognition The MIT Encyclopedia of the Cognitive Sciences MITECS is a landmark comprehensive reference work that represents the methodological and theoretical diversity of this changing field At the core of the encyclopedia are 471 concise entries from Acquisition and Adaptationism to Wundt and X bar Theory Each article written by a leading researcher in the field provides an accessible introduction to an important concept in the cognitive sciences as well as references or further readings Six extended essays which collectively serve as a roadmap to the articles provide overviews of each of six major areas of cognitive science Philosophy Psychology Neurosciences Computational Intelligence Linguistics and Language and Culture Cognition and Evolution For both students and researchers MITECS will be an indispensable guide to the current state of the cognitive sciences Routledge Handbook of Arabic Second Language Acquisition Mohammad

Alhawary,2018-05-04 The Routledge Handbook of Arabic Second Language Acquisition introduces major current approaches in Arabic second language acquisition SLA research and offers empirical findings on crucial aspects and issues to do with the learning of Arabic as a foreign language and Arabic SLA It brings together leading academics in the field to synthesize existing research and develops a new framework for analyzing important topics within Arabic SLA This handbook will be suitable as a reference work for advanced undergraduate and postgraduate students and scholars actively researching in this area and is primarily relevant to sister disciplines within teacher training and Arabic applied linguistics The themes and findings should however also be attractive to other areas of study including theoretical linguistics psycholinguistics cognition and cognitive psychology

Politeness and Culture in Second Language Acquisition S. Song,2012-10-29 This book examines the importance of politeness in pragmatic expression and communication making a significant contribution to the debate over whether the universal politeness theory is applicable globally regardless of cultural differences
