and military planners a different level of strategic thinking was going on Throughout the war the Big Three Churchill Roosevelt and Stalin met in various permutations and locations to thrash out ways to defeat Nazi Germany and just as importantly to decide the way Europe would look after the war This was the political rather than military struggle a battle of wills and diplomacy between three men with vastly differing backgrounds characters and agendas Focusing on the riveting interplay between these three extraordinary personalities Jonathan Fenby re creates the major Allied conferences including Casablanca Potsdam and Yalta to show exactly who bullied whom who was really in control and how the key decisions were taken With his customary flair for narrative character and telling detail Fenby s account reveals what really went on in those smoke filled rooms and shows how jaw jaw as well as war war led to Hitler s defeat and the shape of the post war world

Tank Warfare, 1939-1945 Simon Forty,Jonathan Forty,2020-07-19 Packed with archival photos a fascinating account of armored warfare in WWII and how tank design and tactics were transformed during the period On the battlefields of Europe and North Africa during the Second World War tanks played a key role and the intense pressure of combat drove forward tank design and tactics at an extraordinary rate In a few years on all sides tank warfare was transformed This is the dramatic process that Simon and Jonathan Forty chronicle in this heavily illustrated history They describe the fundamentals of pre war tank design and compare the theories formulated in the 1930s as to how they should be used in battle Then they show how the harsh experience of the German blitzkrieg campaigns in Poland France and the Soviet Union compelled the Western Allies to reconsider their equipment organization and tactics and how the Germans responded to the Allied challenge The speed of progress is demonstrated in the selection of over 180 archive photographs which record as only photographs can the conditions of war on each battle front They also give a vivid impression of what armored warfare was like for the tank crews of 75 years ago The images in the book are excellent and inspire diorama ideas for modelers IPMS USA *Britannica Concise Encyclopedia* Encyclopaedia Britannica, Inc.,2008-05-01 Britannica Concise Encyclopedia is the perfect resource for information on the people places and events of yesterday and today Students teachers and librarians can find fast facts combined with the quality and accuracy that have made Britannica the brand to trust A tool for both the classroom and the library no other desk reference can compare **This New Ocean** Loyd S.
