"pay-as-you-go" Financing** Matthew Rowell, 1999 The decision to bond or to pay as you go must be made on a case by case basis where all of the relevant concerns are taken into consideration Research has allowed us to develop the following general conclusions The interest cost of bonding is not outweighed by the effects of inflation interest payments impose a real cost on bond issuers Continual bonding may result in there being less funds available for other uses but this effect may be outweighed by the benefits bonding affords The principal benefit of bonding is that it allows projects to be completed sooner **Handbook of Transportation and Public Policy** Anthony Perl, Rosalie Singerman Ray, Louise Reardon, 2025-01-09 This cutting edge Handbook explores the many ways in which politics influences transportation policy planning and implementation as well as the effects of transportation on political processes It rigorously analyses the complex interrelation between administration politics and transportation presenting theoretical and empirical insights into the governance approaches required to advance transportation s contribution to social and ecological wellbeing **Energy Abstracts for Policy Analysis**, 1982 **Public Private Partnerships in Transport** Athena Rouboutsos, 2015-07-28 Over the last thirty years Public Private Partnerships PPPs have been used to deliver transport capital projects and services PPPs are complex arrangements that require a multi disciplinary approach in order to assure their success though research on the subject has been fragmented This book fills the gap in existing literature by providing insight into these complex arrangements at their various stages of development Public Private Partnerships in Transport trends and theory is structured to follow the life cycle of a PPP project and strikes a balance between theory and practice Divided into four parts each section highlights major concerns and offers an array of views and policy recommendations Parts include context for national implementation decision models performance measures and efficiency standards This book includes an expanded discussion on the findings presented discussed and analysed at the closing event of the COST Action TU1001 network on the topic of PPPs in transport The result will be of significant interest to the academic community policy makers and practitioners **Privatization and Regulation of Transport Infrastructure** Antonio Estache, Ginés de Rus, 2000-01-01 The 1990s saw an increase in the liberalisation of transport policies and a strengthening of the role of private operators and investors in transport infrastructure worldwide The search for sustained improvement in efficiency is probably secondary to the need to find additional financing but it is improvement in services that is at the core of the new role of the government in transport Governments must now become fair economic regulators of many of the privately operated transport services and
