The Greenwood Encyclopedia of Latino Literature Nicolás Kanellos, 2008-08-30 From East L A to the barrios of New York City and the Cuban neighborhoods of Miami Latino literature or literature written by Hispanic peoples of the United States is the written word of North America's vibrant Latino communities Emerging from the fusion of Spanish North American and African cultures it has always been part of the American mosaic Written for students and general readers this encyclopedia

surveys the vast landscape of Latino literature from the colonial era to the present. Aiming to be as broad and inclusive as possible, the encyclopedia covers all of native North American Latino literature as well as that created by authors originating in virtually every country of Spanish America and Spain. Included are more than 700 alphabetically arranged entries written by roughly 60 expert contributors. While most of the entries are on writers such as Julia Alvarez, Sandra Cisneros, Lorna Dee Cervantes, Oscar Hijuelos, and Piri Thomas, others cover genres, ethnic and national literatures, movements, historical topics and events, themes, concepts, associations, and organizations, and publishers and magazines. Special attention is given to the cultural, political, social, and historical contexts in which Latino literature has developed. Entries cite works for further reading, and the encyclopedia closes with a selected general bibliography. The encyclopedia gives special attention to the social, cultural, historical, and political contexts of Latino literature, thus making it an ideal tool to help students use literature to learn about history and cultural diversity.

Philosophy and Literature in Latin America Jorge J. E. Gracia, 1989-01-01. Philosophy and Literature in Latin America presents a unique and original view of the current state of development in Latin America of two disciplines that are at the core of the humanities. Divided into two parts, each section explores the contributions of distinguished American and Latin American experts and authors. The section on literature includes the literary activities of Latin Americans working in the United States, an area in which very little research has been demonstrated, and for that reason will add an interesting new dimension to the field of Latin American studies.

Dance Between Two Cultures William Luis, 2001. Offers insights on Latino Caribbean writers born or raised in the United States who are at the vanguard of a literary movement that has captured both critical and popular interest. In this groundbreaking study, William Luis analyzes the most salient and representative narrative and poetic works of the newest literary movement to emerge in Spanish American and U.S. literatures. The book is divided into three sections, each focused on representative Puerto Rican, American, Cuban, American, and Dominican American authors. Luis traces the writers' origins and influences from the nineteenth century to the present, focusing especially on the contemporary works of Oscar Hijuelos, Julia Alvarez, Cristina Garcia, and Piri Thomas, among others. While engaging in close readings of the texts, Luis places them in a broader social, historical, political, and racial perspective to expose the tension between text and context. As a group, Latino Caribbeans write an ethnic literature in English that is born of their struggle to forge an identity separate from both the influences of their parents' culture and those of the United States. For these writers, their parents' country of origin is a distant memory. They have developed a culture of resistance and a language that mediates between their parents' identity and the culture that they themselves live in. Latino Caribbeans are engaged in a metaphorical dance with Anglo-Americans as the dominant culture. Just as that dance represents a coming

together of separate influences to make a unique art form so do both Hispanic and North American cultures combine to bring a new literature into being This new body of literature helps us to understand not only the adjustments Latino Caribbean cultures have had to make within the larger U S environment but also how the dominant culture has been affected by their presence *Gaceta* ,2006 **El canto del peregrino** Angelina Muñiz-Huberman,1999 *TRASATLANTICA* 3 Case Western Reserve University,2015-09-15 *TRASATLANTICA* Poetry and Scholarship is an academic peer reviewed journal devoted to the study and promotion of poetry produced and consumed on both sides of the Atlantic in Spanish Portuguese and English
