El Hijo Del Acordeonista:

El hijo del acordeonista Bernardo Atxaga, 2004 El hijo del acordeonista Bernardo Atxaga, 2004 sta es la novela m s personal de Bernardo Atxaga En ella recorremos como si miramos un mosaico hecho con distintos tiempos lugares y estilos la historia de dos amigos Joseba y David el hijo del acordeonista Desde los a os treinta hasta finales del siglo XX desde Obaba hasta California de la infancia en la escuela a los infiernos de la guerra y de la violencia Atxaga aborda de forma valiente el tema de la memoria la nostalgia la amistad y tambi n de la tristeza del que deja su tierra sabiendo que no volver Y en el centro de las m ltiples ramificaciones de esta historia la nica posibilidad de salvaci n frente a las circunstancias m s dram ticas el amor Iberian and Translation Studies Esther Gimeno Ugalde, Marta Pacheco Pinto, Ângela Fernandes, 2021-08-15 Iberian and Translation Studies Literary Contact Zones offers fertile reflection on the dynamics of linguistic diversity and multifaceted literary translation flows taking place across the Iberian Peninsula Drawing on cutting edge theoretical perspectives and on a historically diverse body of case studies the volume s sixteen chapters explore the key role of translation in shaping interliterary relations and cultural identities within Iberia Mary Louise Pratt s contact zone metaphor is used as an overarching concept to approach Iberia as a translation al space where languages and cultural systems Basque Catalan Galician Portuguese and Spanish set up relationships either of conflict coercion and resistance or of collaboration hospitality and solidarity In bringing together a variety of essays by multilingual scholars whose conceptual and empirical research places itself at the intersection of translation and literary Iberian studies the book opens up a new interdisciplinary field of enquiry Iberian translation studies This allows for a renewed study of canonical authors such as Joan Maragall Fernando Pessoa Camilo Jos Cela and Bernardo Atxaga and calls attention to emerging bilingual contemporary voices In addition to addressing understudied genres the entremez and the picaresque novel and the phenomena of self translation indirect translation and collaborative translation the book provides fresh insights into Iberian cultural agents mediators and institutions **Memory and Spatiality in Post-Millennial Spanish Narrative** Lorraine Ryan, 2016-04-22 Focusing on literary texts produced from 2000 to 2009 Lorraine Ryan examines the imbrication between the preservation of Republican memory and the transformations of Spanish public space during the period from 1931 to 2005 Accordingly Ryan analyzes the spatial empowerment and disempowerment of Republican memory and identity in Dulce Chac n s Cielos de barro ngeles L pez s Martina la rosa n mero trece Alberto M ndez s Los girasoles ciegos Carlos Ruiz Zaf n s La sombra del viento Emili Teixidor s Pan negro Bernardo Atxaga s El hijo del acordeonista and Jos Mar a Merino s La sima The interrelationship between Republican subalternity and space is redefined by these writers as tense and constantly in flux undermined by its inexorable relationality which leads to subjects endeavoring to instill into space their own values Subjects erode the hegemonic power of the public space by articulating in an often surreptitious form their sense of belonging to a prohibited Republican memory culture In the democratic period they seek a categorical reinstatement of same on the public terrain

Ryan also considers the motivation underlying this coterie of authors commitment to the issue of historical memory an analysis which serves to amplify the ambits of existing scholarship that tends to ascribe it solely to postmemory

Memories of the Maghreb Adolfo Campoy-Cubillo, 2012-10-22 Using a cultural studies approach this book explores how the Spanish colonization of North Africa continues to haunt Spain s efforts to articulate a national identity that can accommodate both the country s diversity brought about by immigration from its old colonies and the postnational demands of its integration in the European Union

Border Interrogations Benita Samperdro Vizcaya, Simon Doubleday, 2008-05-01 Under the current cartographies of globalism where frontiers mutate vacillate and mark the contiguity of discourse questioning the Spanish border seems a particularly urgent task The volume engages a wide spectrum of ambivalent regions subjects that currently are or have been seen in the past as spaces of negotiation and contestation However they converge in their perception of the Spanish nation space as a historical and ideological construct that is perpetually going through transformations and reformations This volume advocates the position that intellectual responsibility must lead us to engage openly in the issues underlying current social and political tensions

Working Through Memory Ofelia Ferrán, 2007 Studies various constructions of memory in contemporary Spanish literature evoking different aspects of a past of repression from both the civil war and the Franco regime This book analyzes narrative texts published between the 1960s and 1990s that present memory and the recuperation of a traumatic past as their main theme

A Comparative History of Literatures in the Iberian Peninsula César Domínguez, Anxo Abuín González, Ellen Sapega, 2016-10-20 Volume 2 of A Comparative History of Literatures in the Iberian Peninsula brings to an end this collective work that aims at surveying the network of interliterary relations in the Iberian Peninsula No attempt at such a comparative history of literatures in the Iberian Peninsula has been made until now In this volume the focus is placed on images Section 1 genres Section 2 forms of mediation Section 3 and cultural studies and literary repertoires Section 4 To these four sections an epilogue is added in which specialists in literatures in the Iberian Peninsula as well as in the sub disciplines of comparative history and comparative literary history search for links between Volumes 1 and 2 from the point of view of general contributions to the field of Iberian comparative studies and assess the entire project that now reaches completion with contributions from almost one hundred scholars

Spain After the Indignados/15M Movement Óscar Pereira-Zazo, Steven L. Torres, 2019-06-24 Spain After the Indignados 15M Movement explores how the aftershocks of the 2007 Great Recession restructured Spain s political sphere and political imaginary It brings together a representative sample of Spain s leading progressive voices including two of the five founding members of the Podemos party The essays herein explore the areas of economics politics ecology social change media and cultural politics in order to present a broad critical account of contemporary Spain with a special emphasis on emerging forms of sociopolitical contestation self organizing democratic participation and radical politics The edited volume argues that Spanish cultural studies which originally

gravitated toward celebratory accounts of capitalist modernization the cultural Movida and the advent of a postmodern Spain must continue to build a new cultural politics that not only challenges the accepted narrative of the Spanish Transition to democracy but that is committed to confronting the civilizational challenges currently faced

Self-Translation and Power Olga Castro, Sergi Mainer, Svetlana Page, 2017-08-07 This book investigates the political social cultural and economic implications of self translation in multilingual spaces in Europe Engaging with the power turn in translation studies contexts it offers innovative perspectives on the role of self translators as cultural and ideological mediators The authors explore the unequal power relations and centre periphery dichotomies of Europe's minorised languages literatures and cultures They recognise that the self translator's double affiliation as author and translator places them in a privileged position to challenge power to negotiate the experiences of the subaltern and colonised and to scrutinise conflicting minorised vs hegemonic cultural identities Three main themes are explored in relation to self translation hegemony and resistance self minorisation and self censorship and collaboration hybridisation and invisibility This edited collection will appeal to scholars and students working on translation transnational and postcolonial studies and multilingual and multicultural identities

Ethics and Aesthetics of Translation Harriet Hulme, 2018-11-19 Ethics and Aesthetics of Translation engages with translation in both theory and practice as part of an interrogation of ethical as well as political thought in the work of three bilingual European authors Bernardo Atxaga Milan Kundera and Jorge Semprín In approaching the work of these authors the book draws upon the approaches to translation offered by Benjamin Derrida Ricœur and Deleuze to highlight a broad set of ethical questions focused upon the limitations of the monolingual and the democratic possibilities of linguistic plurality upon our innate desire to translate difference into similarity and upon the ways in which translation responds to the challenges of individual and collective remembrance Each chapter explores these interlingual but also intercultural interrelational and interdisciplinary issues mapping a journey of translation that begins in the impact of translation upon the work of each author continues into moments of linguistic translation untranslatability and mistranslation within their texts and ultimately becomes an exploration of social political and affective untranslatability In these journeys the creative and critical potential of translation emerges as a potent often violent but always illuminating vision of the possibilities of differentiation and connection

generation and memory in temporal linguistic cultural and political terms

Bolano Monica Maristain, 2014-09-30 The first biography of Chilean novelist Roberto Bolaño the author of the international bestsellers The Savage Detectives and 2666 How to know the man behind works of fiction so prone to extravagance In the first biography of Chilean novelist and poet Roberto Bolaño journalist Monica Maristain tracks Bolaño from his childhood in Chile to his youth in Mexico and his early infatuation with literature to years of tremendous literary productivity in Spain and to his untimely death and the posthumous and unprecedented stardom that came with the international publication of his novels The Savage Detectives and 2666 Bolaño A Biography in Conversations is assembled from a series of rich interviews with the people who knew Bolaño best we meet Bola

o's first publisher who printed 225 copies of his first book of poetry are introduced to his parents and an array of childhood friends who watched a precocious young man turn into an obsessive writer who barely left the house and witness the birth of Bola o's famed Infrarealist literary movement. The book also sheds new light on aspects of Bola o's life that have long been shrouded in mystery for the first time we learn the details of his final illness and the drama of his final days. Throughout the book Maristain presents an image far removed from the stereotypes that have been created over the years with the aim of reintroducing the man whose works grabbed readers worldwide. Maristain writes as a journalist and admirer impressed with the power of Bola o's prose and the cool irony with which he faced the literary world.

The Dynamics of Masculinity in Contemporary Spanish Culture Lorraine Ryan, Ana Corbalán, 2016-11-03. This collection of essays explores cultural phenomena that are shaping masculine identities in contemporary Spain, asking and striving to answer these compelling questions: what does it mean to be a man in present-day Spain? How has masculinity evolved since Franco's dictatorship? What are the dynamics of masculinity in contemporary Spanish culture? How has hegemonic masculinity been contested in cultural productions? This volume is comprised of sixteen essays that address these very questions by examining literary, cultural, and film representations of the configurations of masculinities in contemporary Spain. Divided into three thematic units, starting with the undermining of the monolithic Francoist archetype of masculinity, continuing with the reformulation of hegemonic masculinity, and finishing with regional emergent masculinities, all of the volume's essays focus on the redefinition of Spanish masculinities. Principal themes of the volume include alternative families, queer masculinities, performative masculinities, memory, and resistance to hegemonic discourses of manliness, violence, and emotions; public versus private masculinities; regional masculinities; and marginal masculinities. This exploration not only produces new insights into masculinity but also yields nuanced insights into the recuperation of memory in contemporary Spain, the reconfiguration of the family, the status of women in Spanish society, and regional identities.

Gender and Memory in the Postmillennial Novels of Almudena Grandes Lorraine Ryan, 2021-04-22. Almudena Grandes is one of Spain's foremost women's writers, having sold over 11 million copies of her *episodios de una guerra interminable*, her six-volume series that ranges from the Spanish Civil War to the democratic period. The myriad prizes awarded to her (18 in total) confirm her pre-eminence. This book situates Grandes's novels within gendered, philosophical, and mnemonic theoretical concepts that illuminate hidden dimensions of her much-studied work. Lorraine Ryan considers and expands on existing critical work on Grandes's oeuvre, proposing new avenues of interpretation and understanding. She seeks to debunk the arguments of those who portray Grandes as the proponent of a sectarian, eminently biased Republican memory by analysing the wide variety of gender and perpetrator memories that proliferate in her work. The intersection of perpetrator memory with masculinity, ecocriticism, medical ethics, and the child's perspectives confirms

Grandes nuanced engagement with Spanish memory culture Departing from a philosophical basis Ryan reconfigures the Republican victim in the novels as a vulnerable subject who attempts to flourish thus refuting the current critical opinion of the victim as overly empowered The new perspectives produced in this monograph do not aim to suggest that Grandes is an advocate of perpetrator memory rather it suggests that Grandes is committed to a more pluralistic idea of memory culture whereby her novels generate understanding of multiple victim perpetrator and gender memories an analysis that produces new and meaningful engagements with these novels Thus Ryan contends that Grandes s historical novels are infinitely more complex and nuanced than heretofore conceived Tiempos de ausencias y vacíos Txetxu Aguado Mínguez,2010-05-15 Si la profundizaci n democr tica requiere de una memoria robusta consciente de los desastres de la historia espa ola del siglo XX y sin miedo de ofender ni de reescribirse necesita por igual de una identidad apartada del encierro en lo ntimo o en lo m s propio de la tribu Memoria e identidad se combinan para integrar al disidente y al diferente y alumbrar formas de ser y de estar m s abiertas y ajenas a lo uniforme Txetxu Aguado ense a literatura espa ola y comparada en Dartmouth College EE UU Su anterior libro se titula La tarea pol tica narrativa y tica en la Espa a posmoderna 2004 **Las historias de la Historia (Viajes de papel)** Ramón Acín,2025-04-11 Si a menudo la literatura tiende a suplir bastante de aquello que en la vida se echa en falta de lo que esta adolece o de lo que no ha sucedido pero bien pudiera haber sucedido Las historias de la Historia ejerce tal funci n Por eso pretende ser un viaje por algunos momentos de la reciente historia de Espa a momentos a los que se acogen las obras tra das a colaci n en su seno porque proporcionan un recorrido fragmentado desde el siglo xix al xxi al actuar como una lente documento accesible no solo para quienes deseen acercarse al pasado sino para quienes tambi n tropiecen con l **L' autre, création et médiation** Günter Krause,2008 Cet ouvrage rassemble les contributions au colloque international L Autre cr ation et m diation qui a eu lieu l Universit de Nantes du 30 novembre au 2 d cembre 2006 Cette manifestation a fait la synth se de deux ann es de travail scientifique sur les conflits d interpr tation dans plusieurs domaines comme la philosophie la litt rature le th tre la linguistique les sciences de l ducation la politique et l ethnologie Les interventions s organisent autour des questions Qui est l Autre A t elle ou il une existence en dehors d une d finition de son identit Actuellement les discours officiels sont tr s largement domin s par des r flexions identitaires Partout nous sommes confront s des identit s locales r gionales nationales sexuelles sociales culturelles psychologiques linguistiques artistiques Ainsi l alt rit est r duite une un autre bien identifiable une diff rence entre identit s fixes et domin es par un moi infaillible La r frence au grand Autre a comme but de mettre en question cette pens e identitaire et d aller au del de l imaginaire d un moi relationnel qui se prend pour un tout une entit une identit **Yearbook of Comparative and General Literature** ,2005
