Garcilaso de la Vega the great chronicler of the Incas and the conquistadors was born in Cuzco in 1539 At the age of twenty he sailed to Spain to acquire an education and he remained there until his death at Córdoba in 1616 As the natural son of a noble conquistador and an Indian woman of royal blood he took immense pride in both his Spanish and Inca heritage and living as he did during a bewildering but stimulating epoch he personally witnessed the last gasp of the dying Inca empire the fratricidal conflicts that accompanied the Conquest and the literary growth as well as the political decline of the Spain of Philip II and Philip III Garcilaso left for posterity one of the earliest accounts of the ancient Incas a reliable though admittedly biased chronicle of Spanish conquests in Andean America and a glowing story of Hernando de Soto's exploration of North America Though he never lost pride in his Spanish heritage continued rebuffs in caste conscious Spain strengthened his pride in his Indian heritage and his sympathy for his mother's people Thus his histories while ennobling Spaniards also ennobled the Incas and eventually were to have some influence in the struggle of South Americans for political independence from Spain In both blood and character El Inca Garcilaso was a true mestizo He is generally considered to have been the first native born American to attain the honor of publication This was the life and these were the times that Varner has evoked so richly in his narrative It rings and glitters with the sounds and colors of festivals pageantry and battle it listens to the murmur of prayers the defeated mutter of the Incas the scratch of the scholar's quill it pictures both highlights and shadows For the reader already acquainted with Garcilaso's chronicles this book will be a welcome complement for those who are meeting El Inca here for the first time it will be a rewarding and satisfying introduction **The Incas** Garcilaso de la Vega,Alain Gheerbrant,2003-01-01 **El Inca Garcilaso de la Vega** Garcilaso de la Vega,1923 **El Inca Garcilaso de la Vega** Garcilaso de la Vega,1996 Obras completas del Inca Garcilaso de la Vega Garcilaso de la Vega,1960 *Garcilaso Inca de la Vega* José Anadón,1998-05-22 Sixteenth century historian Garcilaso Inca de la Vega had a unique view of the ancient Inca Empire and the Americas A Peruvian mestizo who emigrated to Spain he was the first writer to envision Latin America as a multiethnic continent and he advanced a humanist interpretation of New World history that continues to enrich our appreciation of that era Widely read and translated Garcilaso is a key figure for understanding the development of mestizo culture in Latin America and his works have sparked many heated debates This new collection of articles advances that discussion through contributions by twelve distinguished scholars who review central aspects of Garcilaso's life and work from the perspectives of history linguistics literary theory and anthropology These essays explore the complex intertextual threads which weave through Garcilaso's principal writings Some examine the relationship of his work with the

canon of European historiography while others stress its link with Andean culture still others focus on the puzzles presented by his use of self representation Many of the articles offer fresh readings of Garcilaso s Royal Commentaries and include not only textual analyses of key themes but also a reassessment of Inca political organization Other contributions address his Florida of the Inca focusing on such aspects as its discourse and dating Together all the essays demonstrate that Garcilaso scholarship continues to be receptive to new critical approaches Assembled as a tribute to Jos Durand whose life long study of Garcilaso renewed scholarly understanding of the historian s work Garcilaso Inca de la Vega is a valuable collection for anyone interested in the history of North and South America or the rise of mestizo culture It contributes significantly to current studies in multiculturalism as it renews our appreciation for one of its earliest proponents
