populista pretende modificar algunos de los cimientos del orden internacional liberal por ejemplo la libre circulación de bienes capitales y personas la cooperación multilateral y la promoción de la democracia Sin embargo la agenda internacional del populismo es también su aspecto menos estudiado Por este motivo un importante grupo de académicos europeos y latinoamericanos explora en esta obra la política exterior de los movimientos y líderes populistas Entre otros temas se indaga acerca de cómo repercute el populismo en la política exterior de los Estados qué nuevos temas y discursos propone o cuáles su aportación a cuestiones como la globalización el comercio la seguridad y las migraciones Mediante varios estudios de caso de Europa y de las Américas el libro averigua si existe un núcleo de valores internacionales común a los populismos de diferente ideología y procedencia geográfica o si tales diferencias son demasiado amplias para que se pueda hablar de una internacional populista
