designer Antoni Gaudí 1852-1926 was an important and influential figure in the history of contemporary Spanish art. His use of colour, application of a range of materials and the introduction of organic forms into his constructions were an innovation in the realm of architecture. In his journal Gaudí freely expressed his own feelings on art; the colours used in architecture have to be intense, logical and fertile. His completed works, the Casa Batlló (1905-1907) and the Casa Milà (1905-1910) and his incomplete works, the restoration of the Poblet Monastery and the altarpiece of Alella in Barcelona, illustrate the importance of this philosophy. His furniture designs were conceived with the same philosophy as shown, for example, in his own office (1878) or the lamps in the Plaza Real in Barcelona. The Sagrada Família (1882-1926) was a monumental project which eventually took over his life; it was still incomplete at the time of his death.

De la mano de sus personajes, el lector podrá vivir aventuras inolvidables nutridas de una vibrante intriga y pasión con lo que consigue transmitir al lector todo su realismo. En ella se muestran además escenarios muy distintos al del hogar, destacando entre ellos aventuras en África y en París entre otros.
