Mirrors and Echoes Emilie L. Bergmann,Richard Herr,2007-09-02

With contributions by well known and respected critics writing of a very high caliber and essays that explore hitherto uncharted territory *Mirrors and Echoes* is a welcome addition to the growing literature on Spanish women's writing Lou Charnon Deutsch author of *Narratives of Desire Nineteenth Century Spanish Fiction by Women* Aspectos del simbolismo de la transformacion en El Cuarto de Atras de Carmen Martin Gaité Edmund S. Meltzer, 2000 **Sexualidad y escritura (1850-2000)** Raquel Medina Bañón, Barbara Zecchi, 2002 Recopilación de artículos que analizan el desarrollo de la relación entre escritura y género en España desde mediados del siglo XIX hasta la actualidad *Traces of Contamination* Eloy E. Merino, H. Rosi Song, 2005 Exposing two general perspectives both manifestations of an authoritarian past that still holds a relationship with the present this collection reveals the ideological legacy of the past and its experience as a distressing conditioner of the present The dissonant elements of post Franco discourse critically analyzed by our contributors challenge the seamless narrative that tells the successful story of the Spanish transition to democracy BOOK JACKET *Histographic Metafiction and the Fantastic in Carmen Martin Gaité's El Cuarto de Atras* Nancy dos Santos, 2012 *Beyond the Metafictional Mode* Robert C. Spires, 2014-07-15 The term metafiction invaded the vocabulary of literary criticism around 1970 yet the textual strategies involved in turning fiction back onto itself can be traced through several centuries In this theoretical critical study Robert C Spires examines the nature of metafiction and chronicles its evolution in Spain from the time of Cervantes to the 1970s when the obsession with novelistic self commentary culminated in an important literary movement The critical portions of this study focus primarily on twentieth century works Included are analyses of Unamuno's *Niebla* *Jarncs* *Locura y muerte de nadie* and *La novia del viento* Torrente Ballester's *Don Juan Cunqueiro* s *Un hombre que se parecía a Orestes* and three novels from the self referential movement of the 1970s Juan Goytisolo's *Juan sin Tierra* Luis Goytisolo's *La colera de Aquiles* and Martín Gaité's *El cuarto de atrás* Seeking a stronger theoretical basis for his critical readings Spires offers a sharpened definition of the term metafiction The mode arises he declares through an intentional violation of the boundaries that normally separate the worlds of the author the fiction and the reader Building on theoretical foundations laid by Frye Scholes Genette and others Spires also proposes a literary paradigm that places metafiction in a position intermediate between fiction and literary theory These theoretical formulations place Spires's book in the forefront of critical thought At the same time his full scale analyses of Spanish metafictional works will be welcomed by Hispanists and other students of world literature **Postmodern Paletos** Nathan E. Richardson, 2002 When Spanish dictator Francisco Franco legalized internal immigration in 1947 he unwittingly inaugurated the greatest period of urban expansion and rural depopulation that Spain had known During the next two decades nearly four million citizens would move from Spain's traditional pueblos perdidos to overburdened urban metropolises Along with wooden trunks and baskets of chickens the immigrants or paletos as they were often called bore on their journey the weight of centuries of ideological meaning tied to the geographic regions they were traversing To abandon rural Spain had come to signify a rejection of manhood wealth

Christian values and even Spanishness itself Paletos however innocent they may have appeared were not ideologically neutral In the coming decades the weight and complexity of the meanings behind immigration the country and the city would only grow as Spain advanced from economic under development social ignorance and political reaction to full fledged participation in global economics and politics activities that would reshape what it meant to be an immigrant and paleta both within and across the geographic border that had traditionally defined the Spanish nation
