Ngwu, Onyeka Osuji, Chris Ogbechie, David Williamson, 2019-03-07 *Enhancing Board Effectiveness* seeks to examine the conceptualization and role of the board in a variety of contexts and articulate solutions for improving the effectiveness of the board especially in developing and emerging markets. *Enhancing Board Effectiveness* will therefore address the following central questions: To what extent is the concept and role of the board evolving? What rights, powers, responsibilities and other contemporary and historical experiences can enhance the effectiveness of the board especially in the particular contexts of developing and emerging markets? What socio-economic, political, regulatory and institutional factors influence the effectiveness of the board and how can the policies and practices of such actors exert such influences? In what ways can a reconstructed concept of the board serve as a tool for theoretical, analytical, regulatory and pragmatic assessment of its effectiveness? In examining this issue, *Enhancing Board Effectiveness* will investigate theoretical, socio-economic, historical, empirical, regulatory, comparative and inter-disciplinary approaches. Academics in the relevant fields of accounting, behavioural psychology, economics, development studies, financial regulation, law and management, organizational studies, political economy and public administration will find this book of high interest.

Startup Boards Brad Feld, Mahendra Ramsinghani, 2013-12-09 An essential guide to understanding the dynamics of a startup's board of directors. Let's face it: as founders and entrepreneurs, you have a lot on your plate: getting to your minimum viable product, developing customer interaction, hiring team members and managing the accounts books. Sooner or later, you have a board of directors: three to five or even seven Type A personalities who seek your attention and at times will tell you what to do. While you might be hesitant to form a board, establishing an objective outside group is essential for startups, especially to keep you on track, call you out when you flail and in some cases save you from yourself. In *Startup Boards*, Brad Feld, a Boulder, Colorado-based entrepreneur turned venture capitalist, shares his experience in this area by talking about the importance of having the right board members on your team and how to manage them well. Along the way, he shares valuable insights on various aspects of the board, including how they can support you, help you understand your startup's milestones and get to them faster and hold you accountable. Details the process of choosing board members, including interviewing many people, checking references and remembering that there should be no fear in rejecting a wrong fit. Explores the importance of running great meetings, mixing social time with business time and much more. Recommends being a board member yourself at some other organization so you see the other side of the equation. Engaging and informative. *Startup Boards* is a practical guide to one of the most important pieces of the startup puzzle.
