Addiction Is a Choice Jeffrey A. Schaler, 2011-09-30 Politicians and the media tell us that people who take drugs including alcohol or nicotine cannot help themselves They are supposedly victims of the disease of addiction and they need treatment The same goes for sex addicts shopping addicts food addicts gambling addicts or even addicts to abusive relationships This theory which grew out of the Temperance movement and was developed and disseminated by the religious cult known as Alcoholics Anonymous has not been confirmed by any factual research Numerous scientific studies show that addicts are in control of their behavior Contrary to the shrill mindless propaganda of the war on drugs very few of the people who use alcohol marijuana heroin or cocaine will ever become addicted and of those who do become heavy drug users most will matruue out of it in time without treatment Research indicates that treatment is completely ineffective an absolute waste of time and money Instead of looking at drub addiction as a disease Dr Schaler proposes that we view it as willful commitment or dedication akin to joining a religion or pursuing a romantic involvement While heavy consumption of drugs is often foolish and self destructive it is a matter of personal choice

Relational Gestalt Therapy in India Vanaja Ammanath, 2023-06-06 This fascinating book examines the place and practice of Relational Gestalt therapy RGT within an Indian cultural context and how it can be applied in a group setting The book begins by introducing the foundational concepts of Gestalt therapy GT namely phenomenology field theory and dialogic existentialism Through stories and vignettes it then invites the reader to enter the circle of the group a profound way of learning akin to the old Indian folk tradition of village communities sharing stories and bonding as a social group Drawing from these narratives the book not only elaborates on the theoretical concepts of GT but also offers culturally sensitive guidance for Indian practitioners wishing to conduct group therapy Written by a practitioner with over 20 years experience this book will prove essential reading not only for practitioners working in India but also for anyone with an interest in how GT can be applied in group settings in different cultural contexts

The Origins Of Neuro Linguistic Programming John Grinder, 2013-05-09 The Origins of NLP brings together the recollections and thoughts of some of the main protagonists from the very early days of NLP In 1971 Richard Bandler and Frank Pucelik were students at Kresége College at the University of California Santa Cruz They had a strong mutual interest in Gestalt Therapy Frank because of his traumatic time in Vietnam and because he had been working with some disaffected and drug addicted kids and Richard because he had been working with Science and Behavior Books on transcribing and editing Fritz Perls seminal work The Gestalt Approach and Eyewitness to Therapy They started a local Gestalt group and ran 2 3 sessions a week collaborating and experimenting with the language of therapy They started achieving some brilliant results but were having problems transferring their skills to others and so Richard invited one of their college professors John Grinder to observe what they were doing in order that he would hopefully be able to deconstruct what they were doing that was so effective John was a professor of Linguistics and was instantly impressed with

the work that they were doing He was able to add more structure and in due course the three of them formalised what is now known as the Meta Model NLP or Meta as it was known then was born L'honnêteté Radicale Brad Blanton PhD, On ment comme on respire C est puissant Mentir tue Le type de mensonge le plus mortel est de cacher ou de garder pour soi des informations destin es un tre qu on pense incapable de les g rer Ce type de mensonge entra ne des maladies psychologiques des plus s v res La gu rison devient possible seulement par la lib ration acquise en cessant les cachotteries Garder des secrets et dissimuler est un pi ge Le mental est une prison b tie sur des foutaises Ce livre ci r v le comment se construit cette prison de foutaises de l intellect et il donne les moyens de s en vader il faut apprendre dire la v rit tout prix peu importe la facture r gler et les cons quences qui en d couleront Ou l on s vade ou l on en meurt Ses 30 ann es pass es au sein du mouvement pour le d veloppement du potentiel humain et toutes ses formations et ses exp riences lui ont permis de se faire une id e de l honn tet radicale la cause fondamentale du stress de la d pression et de la col re est due au fait de vivre en s inventant une histoire et mentir pour ne pas lui d roger Dans le langage insolent qu on lui trouvera tout au long de ce livre Brad Blanton dit Ce livre est un antidote la souffrance g n rale J esp re qu il va te faire chier et te blesser mais aussi t inspirer et lever la mainmise du mental sur ton esprit
