An Eleventh-Century Egyptian Guide to the Universe

,2013-10-28 Acquired by the Bodleian Library in 2002 the Book of Curiosities is now recognized as one of the most important discoveries in the history of cartography in recent decades This eleventh century Arabic treatise composed in Egypt under the Fatimid caliphs is a detailed account of the heavens and the Earth illustrated by an unparalleled series of maps and astronomical diagrams With topics ranging from comets to the island of Sicily from lunar mansions to the sources of the Nile it represents the extent of geographical astronomical and astrological knowledge of the time This authoritative edition and translation accompanied by a colour facsimile reproduction opens a unique window onto the worldview of medieval Islam An extensive glossary of star names and seven indices on birds animals and other items have been added for easy reference

Dislocating the Orient Daniel Foliard,2017-04-13 While the twentieth century s conflicting visions and exploitation of the Middle East are well documented the origins of the concept of the Middle East itself have been largely ignored With Dislocating the Orient Daniel Foliard tells the story of how the land was brought into being exploring how maps knowledge and blind ignorance all participated in the construction of this imagined region Foliard vividly illustrates how the British first defined the Middle East as a geopolitical and cartographic region in the nineteenth and early twentieth centuries through their imperial maps Until then the region had never been clearly distinguished from the East or the Orient In the course of their colonial activities however the British began to conceive of the Middle East as a separate and distinct part of the world with consequences that continue to be felt today As they reimagined boundaries the British produced disputed and finally dramatically transformed the geography of the area both culturally and physically over the course of their colonial era Using a wide variety of primary texts and historical maps to show how the idea of the Middle East came into being Dislocating the Orient will interest historians of the Middle East the British empire cultural geography and cartography
