The Visual Worlds of Life Writing Kerstin Maria Pahl, 2025-01-04 An Open Access edition is available The Visual Worlds of Life Writing brings into conversation the two most popular genres in long eighteenth century England portraits and biographies As key instruments of social formation when Britain was forging the nation Linda Colley they were wielded alike by Whigs and Tories the aristocracy and the commercial middle classes high class artists and grub street writers They were most persuasive however when used jointly portrait prints ideally accompanied by Brief Lives sold by the thousands National histories were re issued to include pictures Portraitists were required to stage their sitters as though taken from real life situations Embedded into such interplay between texts and images was an aesthetic claim doing biography was a multimedia enterprise Far from being just words on a page eighteenth century life writing came with frontispiece portraits illustrations or elaborate title pages Biographers directed their readers to existing portraits of their subjects to enhance the reading experience Portraits made of calligraphic writing blurred the boundaries between text and image As a thorough reassessment of visual culture s role in producing biographies this book offers an in depth analysis of the rhetorics of portraiture and life writing an historical account of their sister arts tradition and an inquiry into the social function of profiling people

Difference and Disease Suman Seth, 2018-06-07 Before the nineteenth century travellers who left Britain for the Americas West Africa India and elsewhere encountered a medical conundrum why did they fall ill when they arrived and why if they recovered did they never become so ill again The widely accepted answer was that the newcomers needed to become seasoned to the climate Suman Seth explores forms of eighteenth century medical knowledge including conceptions of seasoning showing how geographical location was essential to this knowledge and helped to define relationships between Britain and her far flung colonies In this period debates raged between medical practitioners over whether diseases changed in different climes Different diseases were deemed characteristic of different races and genders and medical practitioners were thus deeply involved in contestations over race and the legitimacy of the abolitionist cause In this innovative and engaging history Seth offers dramatically new ways to understand the mutual shaping of medicine race and empire

The Oxford History of Historical Writing José Rabasa, Masayuki Sato, Edoardo Tortarolo, Daniel Woolf, 2012-03-29 Volume III of The Oxford History of Historical Writing contains essays by leading scholars on the writing of history globally during the early modern era from 1400 to 1800 The volume proceeds in geographic order from east to west beginning in Asia and ending in the Americas It aims at once to provide a selective but authoritative survey of the field and where opportunity allows to provoke cross cultural comparisons This is the third of five volumes in a series that explores representations of the past from the beginning of writing to the present day and from all over the world

The Hispanic-Anglosphere from the Eighteenth to the Twentieth

Century Graciela Iglesias-Rogers, 2021-04-26 The Hispanic and Anglo worlds are often portrayed as the Cain and Abel of Western culture antagonistic and alien to each other This book challenges such view with a new critical conceptual framework the Hispanic Anglosphere to open a window into the often surprising interactions of individuals transnational networks and global communities that it argues made of the British Isles England Ireland Scotland Wales the Channel Islands and the Isle of Man a crucial hub for the global Hispanic world a launching pad and a bridge between Spanish Europe Africa America and Asia in the late eighteenth to the early twentieth centuries Perhaps not unlike today that was a time marked by social uncertainty pandemics the dislocation of global politics and the rise of radicalisms The volume offers insights on many themes including trade the arts education language politics the press religion biodiversity philanthropy anti slavery and imperialism Established academics and rising stars from different continents and disciplines combined original primary research with a wide range of secondary sources to produce a rich collection of ten case studies 25 biographies and seven samples of interpreted material culture all presented in an accessible style appealing to scholars students and the general reader alike Chapters Introduction Chapter 1 Section 1 Chapter 5 Section 1 Section II Afterword of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

legitimate genre she argues offered a forum both for investigating the situation of women and challenging patriarchal authority and for challenging the dominant political ideology

Backgrounds to Restoration and Eighteenth-Century English Literature ,1989-02-21 In this time of proliferating scholarship one of the most welcome publications is this intelligently selected and annotated bibliography of secondary material Understanding the value of selectivity Spector has limited his entries to books and significant articles Perhaps because of his avowed interest in redefining the period he has been careful to include articles on historiography and critical method which apply to the eighteenth century He has not however slighted the older works of twentieth century scholarship A valuable resource not only to students of literature and related fields but to anyone interested in learning about the eighteenth century Analytical philosophy science aesthetics education and language in addition to literary criticism The author begins with a thoughtful examination of the history of Restoration eighteenth century scholarship Divided into 22 subject categories the bibliography presents annotated listings of existing bibliographic sources and noteworthy books and articles published since the late 1920s This authoritative new work allows the reader to explore the cultural climate that influenced the activity of writing and to understand the complex forces that shaped the period and its literature The bibliography is an appropriate choice for literary reference collections in academic and public libraries

Metals and Monies in an Emerging Global Economy Arturo Giráldez,2022-03-01 The literature on early modern monetary history is vast and rich yet overly Eurocentric This book takes a global approach It calls attention to the fact that for example Japan and South America were dominant in silver production while China was the principal end market key areas for transshipment included Europe and Africa India and the Middle East Europeans were often just middlemen Other monetized substances gold copper and cowries must also be viewed globally The interrelated trades in metals and monies are what first linked worldwide markets and disequilibrium within the silver market in the 16th and 17th centuries was an active cause of this global trade
