Ein Gieriger Ort:

, Deutsches Wörterbuch Jacob Grimm, 1852 **German Feminist Queer Crime Fiction** Faye Stewart, 2014-02-14 A marriage of mystery fiction and queer concerns queer crime literature celebrates the pairing of the political and the sexual Queer crime fiction is a subgenre in which sex gender and sexuality are among the mysteries to be solved Its writers use boundary crossing identities and desires to express social critique inviting readers to interpret queer narratives as literary incursions into cultural traditions From androgynous investigators and serial killer housewives to closeted lesbians and transgendered lovers the characters in queer mysteries are metaphors for changing social and political relations This book reads German language crime stories as allegories about 20th and 21st century upheavals raising questions about human behavior and justice the horrors of extremism the changing shape of the nation and the possibilities of democracy Anchored in the historical contexts of protest cultures and countercultures of the last three decades this study examines novels by popular feminist writers Pieke Biermann Edith Kneifl and Ingrid Noll and unexplored works by Susanne Billig Gabriele Gelien Corinna Kawaters Katrin Kremmler Christine Lehmann and Martina Marie Liertz An analysis of recent debates through the lens of genre fiction serves as the foundation for telling the cultural history of contemporary Germany Austria and Europe as a whole from a new perspective Vollständiges Wörterbuch Der Englischen Sprache Für Die Deutschen, The New and Complete Dictionary of the German and English Languages Johann Ebers, 1794 *Monkey or no monkey* Dietmar Dressel, 2021-01-28 What drives the vast majority of people to devote themselves to the maximum satisfaction of elementary basic needs and to do so with great zeal By this I mean eating drinking sleeping and reproducing of their own kind And that with an almost limitless extensive effort Even knowing that their livelihood is based on planet earth and that this as a closed system cannot physically adapt to the increasing consumption of resources such behavior is more than just strange From this observation alone they would have to come to the conclusion that a person has nothing in common with a monkey and nothing in common either If humans behaved like monkeys one would not have to worry about the planet earth in its physical and biological wholeness or about its living beings of the most diverse kinds In any case they don t behave like monkeys That cannot be overlooked So what drives many people besides the greed for power and money to such reprehensible behavior *The New and Complete Dictionary of the German and English Languages ...
