

EISENHOWER

# THE INSIDE STORY

BY ROBERT J. DONOVAN

\*\*\*\*\*  
\*\*\*\*\*

FOR THE FIRST TIME IN OUR HISTORY  
an administration while still in office has  
permitted a distinguished journalist to com-  
pile an authentic, independent account of its  
conduct of affairs of state. In this sense this  
book is an inside story of Eisenhower in the  
White House. Here is a wealth of new and  
unpublished information

(continued on inside flap)

# Eisenhower The Inside Story

**Elizabeth R. Snoke, U.S. Army  
Command and General Staff College**

## **Eisenhower The Inside Story:**

**Eisenhower: the Inside Story, Etc. [With Plates, Including Portraits.].** Robert John DONOVAN, 1956

*Eisenhower* Kenneth Ewart Boulding, 1956      **Eisenhower** Robert J. Donovan, 1956      **Confessions of a Muckraker** Jack Anderson, 1979      Eisenhower P. G. Boyle, 2015-11-17 Eisenhower is the president who established America as a superpower He had already launched his reputation as the leading US military figure in the Second World War and then as supreme commander of the land forces of the newly created NATO This book looks at how Eisenhower held power in the political field and to what extent his political career was a success This text is ideal for undergraduate courses in 20th Century American History and American Studies      **The Eisenhower Years** Richard T. Stanley, 2012-06 The Fabulous Fifties were America s Happy Days The Eisenhower Years produced amazing contributions to our American culture and to other cultures around the world In so many ways Americans innovated and the world imitated from Elvis Presley and rock n roll to the Salk anti polio vaccine America s contributions to the world included motion pictures and the Broadway stage radio and television amateur and professional sports jazz the blues country and Western music traditional ballads and popular songs and rock n roll domestic and international business and trade public and private educational opportunities and a rich and varied literature While Americans did not invent all these categories they nevertheless took each to new heights during the Eisenhower Years and shared their bounty with the world The Eisenhower Years generally speaking were happier more stable more prosperous more optimistic and simpler times then the preceding decades of the 1930 s and 40 s and the increasingly turbulent 1960 s and 70 s that followed In fact America s exuberance in so many areas of the arts and everyday life was omnipresent As for political and military achievements President Eisenhower kept us safely out of war and was wise enough to stay out of the way of America s artists and entrepreneurs As a result the Eisenhower Years should forever be remembered as those Happy Days      *Eisenhower* Pam Parry, 2014-10-30 In the 1950s public relations practitioners tried to garner respectability for their fledgling profession and one international figure helped in that endeavor President Dwight D Eisenhower embraced public relations as a necessary component of American democracy advancing the profession at a key moment in its history But he did more than believe in public relations he practiced it Eisenhower changed how America campaigns by leveraging television and Madison Avenue advertising Once in the Oval Office he maximized the potential of a new medium as the first U S president to seek training for television and to broadcast news conferences on television Additionally Eisenhower managed the news through his press office molding the role of the modern presidential press secretary The first president to adopt a policy of full disclosure on health issues Eisenhower survived politically as well as medically three serious illnesses while in office The Eisenhower Administration was the most forthcoming on the president s health at the time even though it did not always live up to its own policy In short Eisenhower deserves credit as this nation s most innovative public relations president because he revolutionized America s political communication process forever

changing the president's relationship with the Fourth Estate Madison Avenue public relations and ultimately the American people

Eisenhower Günter Bischof, Stephen E. Ambrose, 1995-04-01 In observance of Dwight David Eisenhower's one hundredth birthday in 1990 the Eisenhower Center at the University of New Orleans sponsored a series of lectures by distinguished American and European scholars who espouse an exciting breadth of interpretation regarding the man and his times In *Eisenhower A Centenary Assessment* Günter Bischof and Stephen E. Ambrose have assembled thirteen of those lectures revised and updated thus providing an important contribution to scholarship on the thirty-fourth United States president The collection is truly balanced in the interpretive sense with essays by leading revisionist and postrevisionist scholars on Eisenhower Four of the essays address Eisenhower historiography and his role as military commander two concern his presidential domestic policies and the remainder represent an assortment of ongoing research into select areas of his foreign policy by a younger generation of scholars demonstrating how much the evaluation of Eisenhower's handling of foreign affairs remains in ferment Ambrose concludes the volume with a broad summary of Eisenhower's achievements and legacies As Bischof and Ambrose state in their Introduction Eisenhower played a central role for so long and so crucial a period in twentieth century history that his impact contributions successes and failures will be subject to reinterpretation and debate for as long as Western civilization lasts His reputation has already undergone ups and downs from the negative opinions of his contemporaries to the enthusiasm of revisionists in the late seventies and early eighties to the more critical assessments of postrevisionist scholars in the late eighties and the nineties Such is the inevitable cycle of scholarship to look at old problems with new perspectives using new documentation or innovative methods to arrive at new conclusions This centennial reexamination of Eisenhower's place in history will remain a milestone in years to come

*Dwight D. Eisenhower* Elizabeth R. Snoke, U.S. Army Command and General Staff College, 1990

Eisenhower Geoffrey Perret, 2000-03-02 This new in depth life of Eisenhower offers fresh perspectives not only on World War II and the Korean War but also on the Cold War the civil rights movement McCarthyism the U 2 crisis and Vietnam Geoffrey Perret's *Eisenhower* gives us for the first time the whole man It brings together a huge amount of material much of it made available to researchers only in recent years The result is nothing less than an original authoritative and provocative portrait of Eisenhower as both soldier and president Far from being the easygoing and pliant figure often depicted by his critics Eisenhower is revealed here as a complex tough minded and highly capable man one who rose to the top of the world's most competitive profession the modern military His career as a soldier would prove to be an excellent preparation for most though not all of the major challenges he faced as America's thirty-fourth president Eisenhower's letters and diaries many of them never seen by previous biographers have contributed profoundly to this groundbreaking work So too have dozens of interviews with people who knew him well These fresh sources have made it possible to resolve many intriguing questions that have until now been matters only of speculation and rumor Did he have an affair with Kay Summersby his wartime driver Why did he have so

much trouble with Field Marshal Montgomery Did the Columbia University trustees appoint him by accident as campus whispers claimed in a bungled attempt to offer the university presidency to his brother Milton Just how did he bring the Korean War to an end within months of becoming president What did he really think of Richard Nixon Geoffrey Perret the author of *Old Soldiers Never Die* The Life of Douglas MacArthur as well as *There s a War to Be Won* an acclaimed history of the United States Army in World War II is uniquely qualified to write this new life of Dwight D Eisenhower a work that is worthy of its remarkable and controversial subject Dwight D. Eisenhower Dwight D. Eisenhower Library,1981

**Eisenhower's New-Look National Security Policy, 1953-61** S. Dockrill,1996-05-21 The New Look sought to formulate a more selective and flexible response to Communist challenges The New Look was not simply a bigger bang for a buck nor merely a device for achieving a balanced budget nor did it amount solely to a strategy of massive retaliation as is commonly assumed Dr Dockrill s incisive revisionist analysis of the subject throws new light on US ambitious global strategy during the Eisenhower years **The A to Z of the Eisenhower Era** Burton I. Kaufman,Diane Kaufman,2009-10-26 U S Army General Dwight D Eisenhower first entered into the public eye during World War II as the Supreme Commander of the Allied Forces in Europe In 1952 he was elected as the 34th President of the United States and served two terms During those terms he oversaw the cease fire of the Korean War kept up the pressure on the Soviet Union during the Cold War made nuclear weapons a higher defense priority launched the Space Race enlarged the Social Security program and began the Interstate Highway System The A to Z of the Eisenhower Era examines significant individuals organizations and events in American political economic social and cultural history during this era in American history In addition to the hundreds of cross referenced dictionary entries on politics economics diplomacy literature science sports and popular culture a chronology introductory essay and several appendixes are also included in this valuable reference *In the Shadow of the Garrison State* Aaron L. Friedberg,2012-01-06 War or the threat of war usually strengthens states as governments tax draft soldiers exert control over industrial production and dampen internal dissent in order to build military might The United States however was founded on the suspicion of state power a suspicion that continued to gird its institutional architecture and inform the sentiments of many of its politicians and citizens through the twentieth century In this comprehensive rethinking of postwar political history Aaron Friedberg convincingly argues that such anti statist inclinations prevented Cold War anxieties from transforming the United States into the garrison state it might have become in their absence Drawing on an array of primary and secondary sources including newly available archival materials Friedberg concludes that the weakness of the American state served as a profound source of national strength that allowed the United States to outperform and outlast its supremely centralized and statist rival the Soviet Union Friedberg s analysis of the U S government s approach to taxation conscription industrial planning scientific research and development and armaments manufacturing reveals that the American state did expand during the early Cold War period But domestic constraints on its

expansion including those stemming from mean self interest as well as those guided by a principled belief in the virtues of limiting federal power protected economic vitality technological superiority and public support for Cold War activities The strategic synthesis that emerged by the early 1960s was functional as well as stable enabling the United States to deter contain and ultimately outlive the Soviet Union precisely because the American state did not limit unduly the political personal and economic freedom of its citizens Political scientists historians and general readers interested in Cold War history will value this thoroughly researched volume Friedberg s insightful scholarship will also inspire future policy by contributing to our understanding of how liberal democracy s inherent qualities nurture its survival and spread

Eisenhower 1956 David A. Nichols,2012-02-14 Draws on hundreds of newly declassified documents to present an account of the Suez crisis that reveals the considerable danger it posed as well as the influence of Eisenhower s health problems and the 1956 election campaign *The Presidency and the Middle Kingdom* Michael P. Riccards,2000-01-01 In this book Michael Riccards renowned scholar of the American presidency focuses his study on the vagaries of presidential leadership between nations Tracing the history of the often difficult and contentious diplomatic relations between the United States and China Riccards describes and analyzes various meetings and interactions He concludes that war and trade necessities intimately bound the histories of both nations often in spite of their individual rhetoric and initiatives Students and scholars whose focus is the points of contact between U S and Asian history will find this book essential reading *A Companion to Dwight D. Eisenhower* Chester J. Pach,2017-04-07 A Companion to Dwight D Eisenhower brings new depth to the historiography of this significant and complex figure providing a comprehensive and up to date depiction of both the man and era Thoughtfully incorporates new and significant literature on Dwight D Eisenhower Thoroughly examines both the Eisenhower era and the man himself broadening the historical scope by which Eisenhower is understood and interpreted Presents a complete picture of Eisenhower s many roles in historical context the individual general president politician and citizen This Companion is the ideal starting point for anyone researching America during the Eisenhower years and an invaluable guide for graduate students and advanced undergraduates in history political science and policy studies Meticulously edited by a leading authority on the Eisenhower presidency with chapters by international experts on political international social and cultural history **The China Threat** Nancy Bernkopf Tucker,2014-03-04 Nancy Bernkopf Tucker confronts the coldest period of the cold war the moment in which personality American political culture public opinion and high politics came together to define the Eisenhower Administration s policy toward China A sophisticated multidimensional account based on prodigious cutting edge research this volume convincingly portrays Eisenhower s private belief that close relations between the United States and the People s Republic of China were inevitable and that careful consideration of the PRC should constitute a critical part of American diplomacy Tucker provocatively argues that the Eisenhower Administration s hostile rhetoric and tough actions toward China obscure the president s actual views Behind the scenes Eisenhower and his

Secretary of State John Foster Dulles pursued a more nuanced approach one better suited to China's specific challenges and the stabilization of the global community Tucker deftly explores the contradictions between Eisenhower and his advisors public and private positions Her most powerful chapter centers on Eisenhower's recognition that rigid trade prohibitions would undermine the global postwar economic recovery and push China into a closer relationship with the Soviet Union Ultimately Tucker finds Eisenhower's strategic thinking on Europe and his fear of toxic anticommunist domestic politics constrained his leadership making a fundamental shift in U S policy toward China difficult if not impossible Consequently the president was unable to engage congress and the public effectively on China ultimately failing to realize his own high standards as a leader

*Presidency and Domestic Policy* Michael A. Genovese, Todd L. Belt, William W. Lammers, 2015-11-17

This book systematically examines the first terms of every president from FDR to Barack Obama and assesses the leadership style and policy agenda of each Success in bringing about policy change is shown to hinge on the leadership style and skill in managing a variety of institutional and public relationships The second edition of this timely book adds chapters on George W Bush and Obama and focuses on the significant domestic policy challenges of their respective times The authors have reconfigured the analytical framework of the book to take into account the dynamic opportunity structure that emerged during the George W Bush administration The *Presidency and Domestic Policy* provides unique insights into contemporary presidential leadership in a highly partisan age

**A Conspiracy So Immense** David M. Oshinsky, 2019-08-20

Few politicians in our history have had the emotional impact of Joe McCarthy and acclaimed historian David Oshinsky's chronicling of his life has been called both nuanced and masterful Here David Oshinsky presents us with a work heralded as the finest account available of Joe McCarthy's colorful career With a storyteller's eye for the dramatic and presentation of fact and insightful interpretation of human complexity Oshinsky uncovers the layers of myth to show the true McCarthy His book reveals the senator from his humble beginnings as a hardworking Irish farmer's son in Wisconsin to his glory days as the architect of America's Cold War crusade against domestic subversion a man whose advice if heeded some believe might have halted the spread of Communism in Southeast Asia and beyond *A Conspiracy So Immense* reveals the internal and external forces that launched McCarthy on this political career carried him to national prominence and finally triggered his decline and fall More than the life of an intensely even pathologically ambitious man however this book is a fascinating portrait of America in the grip of Cold War fear anger suspicion and betrayal Complete with a new foreword *A Conspiracy So Immense* will continue to keep in the spotlight this historical figure a man who worked so hard to prosecute criminals whose ideals work against that of his for America

Eventually, you will certainly discover a other experience and success by spending more cash. yet when? get you take that you require to acquire those all needs subsequent to having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to comprehend even more re the globe, experience, some places, gone history, amusement, and a lot more?
