Es claro que nos encontramos ante un tema que no es fácil ni en su planteamiento ni en su desarrollo. No obstante puede tener cabida en un contexto de globalización de migración y de interconexión como el actual. Este estudio profundiza en el sentido y ser de la empresa para comprender la posibilidad del diálogo interreligioso en ella. Para llevar a cabo este propósito el autor tiene en cuenta aspectos procedentes del análisis económico pero se inspira además en aportaciones de la filosofía y del pensamiento social cristiano presentando una propuesta enriquecida por estas dimensiones que se complementan sin confundirse. No se persigue con esta investigación crear la necesidad de un diálogo interreligioso en las empresas sino valorar su importancia y explorar sus posibilidades. Nos encontramos ante un texto que al estar construido desde la elaboración de valoraciones teológicas trasciende el análisis de los hechos para llegar a propuestas de sentido. Este estudio sugiere elementos facilitadores para un diálogo interreligioso tanto para devolver al ser humano la integridad de sus dimensiones en la empresa como para construir empresas más sociales, plurales y responsables.
