El hombre sentimental Javier Marías,1999 *El hombre sentimental* Javier Marías,Elide Pittarello,1994 El pensamiento literario de Javier Marías ,2022-02-22 **La novela española actual** Alfonso de Toro,Dieter Ingenschay,1995 Prólogo a "Otoño en Madrid hacia 1950" de Juan Benet Juan Benet,1987 *A Companion to Javier Marías* David K. Herzberger,2011 This book provides the most comprehensive study to date of the full range of Marías writing including discussion and analysis of his literary and intellectual formation his development as a novelist and short story writer and his unique perspective offered in nearly twenty five years of newspaper columns on topics ranging from religion to football Above all Marías is examined as a writer of fictions As a translator of several canonical works from English to Spanish Marías came to appreciate the preciseness of words as well as their ambiguity their capacity to represent as well as their propensity to distort The author examines Marías's constant awareness of how language can be used to construct stories as the foundation for engaging the world as well as for imagining it The nature of Marías's storytelling and the way in which he imagines form the principal focus of this Companion Publisher description

Coming into one's Own Alexis Grohmann,2022-06-13 Javier Marías is a major contemporary Spanish novelist who has enjoyed remarkable international success and recognition He is a writer who has undergone a singular and clearly discernible novelistic evolution and has forged a very distinctive style of his own It is this formal development that this book traces through a study of his works from *Los dominios del lobo* 1971 to *Negra espalda del tiempo* 1998 With the help of a wide range of 20th century literary theories and criticism it strives to show that in order to escape realism and Spanishness and to make his way into literature Marías forges an intricate style which progressively develops and matures and which creates highly suggestive and elaborate imaginative worlds a literature with a particular ontology ultimately capable of inventing reality This book is the first full length study of Javier Marías's work to be published so far and serves both as an introduction to and a close examination of the work of a major European writer

The Op-Ed Novel Bécquer Seguí,2024-01-09 The Op-Ed Novel follows a clutch of globally renowned Spanish novelists who swept into the political sphere via the pages of *El País* Their literary sensibility transformed opinion journalism and their weekly columns changed their novels which became venues for speculative historical claims partisan political projects and intellectual argument

The Cambridge Companion to the Spanish Novel Harriet Turner, Adelaida López de Martínez, 2003-09-11 The Cambridge Companion to the Spanish Novel presents the development of the modern Spanish novel from 1600 to the present Drawing on the combined legacies of Don Quijote and the traditions of the picaresque novel these essays focus on the question of invention and experiment on what constitutes the singular features of evolving fictional forms It examines how the novel articulates the relationships between history and fiction high and popular culture art and ideology and gender and society Contributors highlight the role played by historical events and cultural contexts in the elaboration of the Spanish novel which often takes a self conscious stance toward literary tradition Topics covered include the regional novel women writers and film and literature This companionable survey which includes a chronology and guide to further reading conveys a vivid sense of the innovative techniques of the Spanish novel and of the debates surrounding it

The Contemporary Spanish Novel Samuel Amell, 1996-01-19 Although there are several annotated bibliographies of contemporary Spanish novelists this book covers critical works published on the post civil war Spanish novel as a literary form The volume cites books and articles and each citation is accompanied by a descriptive and evaluative annotation The work contains a section of entries on books and another on articles Entries within each section are arranged alphabetically Included are entries primarily for studies published in English or Spanish though some in Catalan French Galician and Italian are also cited In the last decades there has been an explosion of critical works on the post civil war Spanish novel This proliferation of material causes serious problems for scholars conducting research on the subject While there are bibliographies of particular novelists this book deals with general studies of trends topics and comparative approaches The volume primarily cites works published in English or Spanish but it also includes some in Catalan French Galician and Italian The volume is divided into two sections books and articles Within each section entries are arranged alphabetically Each citation is accompanied by a descriptive and evaluative annotation The annotations provide information about the topic content and methodology of the works cited and express an opinion of the works value The length of the annotations varies according to the importance of the topic Author and title indexes add to the utility of the work

Javier Marías's Debt to Translation Gareth J. Wood, 2012-05-03 This is a book about translation and literary influence It takes as its subject Spain's most important contemporary novelist Javier Marías 1951 who worked as a literary translator for a significant portion of his early career Since then he has maintained that translation had a crucial impact on the development of his writing style and his literary frame of reference It examines his claims to the influence of three writers whose works he translated Laurence Sterne Sir Thomas Browne and Vladimir Nabokov It does so by engaging in close reading of his translations examining how he meets the linguistic syntactic and cultural challenges they present His prolonged engagement with their prose is then set alongside his own novels and short stories the better to discern precisely how and in what ways his works have been shaped by their influence and through translation Hence this study begins by asking why Marías should have turned to translation in the cultural landscape of Spain

in the 1970s and how the ideological standpoints that animated his decision affect the way he translates His translation of Sterne's *Life and Opinions of Tristram Shandy Gentleman* is set alongside his pseudo autobiographical novel *Negra espalda del tiempo* *Dark Back of Time* while his translation of Sir Thomas Browne's *Urn Burial* is then analysed in tandem with that produced by Jorge Luis Borges and Adolfo Bioy Casares Subsequent chapters examine how Browne's prose has shaped Maras's thinking on oblivion posterity and time The final chapters offer an analysis of the partial translation and palimpsest of *Lolita* he undertook in the early 1990s and of his most ambitious novel to date *Tu rostro ma ana* *Your Face Tomorrow* as a work in which characterization is underpinned by both literary allusion and the hybridization of works Maras has translated

[The Fictional World of Javier Marías](#) Marta Pérez-Carbonell, 2016-06-21 The Fictional World of Javier Maras offers a fresh perspective on the narrative universe of one of Spain's most distinguished contemporary authors In order to establish the origin and meaning of uncertainty in his fiction this book presents interpretations of a range of issues inherent to Maras's canon in particular those related to the nature of language With the relationship between language and uncertainty at its heart this study considers the use of foreign languages translation and the effect of silence through an analysis of *Todas las almas* 1989 *Corazón tan blanco* 1992 *Ma ana en la batalla* piensa en m 1994 and *Tu rostro ma ana* 2002 2007

Encyclopedia of the World Novel, 1900 to the Present Michael David Sollars, Arbolina Llamas Jennings, 2015-04-22 Praise for the print edition a useful and engaging reference to the vast world of the novel in world literature **Translation and Big Details** Jeroen Vandaele, 2023-12-11 In the age of big data evidence keeps suggesting that small elusive and infrequent details make all the difference in our appreciation of humanistic texts film fiction and philosophy This book argues from a cross disciplinary perspective that expertise in humanistic translation is precisely the capacity to capture those details that are bigger than they seem In humanistic translation the expert handling of big details usually serves audiences and the original but *mala fide* translation also works the details for subtle manipulation and audience deception A focus on textual detail is therefore characteristic of humanistic translators but also compatible with central claims of the cultural turn in translation studies This book written by a scholar and teacher of literary essayistic and audiovisual translation endeavors to articulate a seemingly dual interest on textual detail and cultural analysis as a single one It theorizes connections between micro and macro analysis between translation as detail and translation as culture thus hoping to build bridges between humanistic translators and translation scholars It acknowledges tensions between practice and theory and proposes a way forward practitioners and scholars share ways of thinking varieties of part whole thinking that machines can never acquire

The Man of Feeling Javier Marías, 2014-10-07 A story of love and memory from the most subtle and gifted writer in contemporary Spanish literature The Boston Globe and the award winning international bestselling author of *The Infatuations* On a train journey from Paris to Madrid a young opera singer becomes fascinated by those in his compartment a middle aged businessman his alluring wife and their male traveling companion Soon his life of constant travel luxury hotels

rehearsal and performance will become entangled with these three people and the singer will find himself fatefully consumed by Natalia's beauty. *The Man of Feeling* is the haunting story of the birth and death of a passion told in retrospect. Intricately interweaving desire and memory, it explores the nature of love and asks whether we can ever truly recall something that no longer exists.

Constructing Spain Nathan Richardson, 2012. Does fiction do more than just represent space? Can our experiences with fictional storytelling be in themselves spatial? In *Constructing Spain: The Reimagination of Space and Place in Fiction and Film*, Nathan Richardson explores relations between cultural representation and spatial transformation across fifty years of Spanish culture. Beginning in 1953, the year Spanish space was officially reopened to Western thought and capital, and culminating in 2003, the year of Aznar's unpopular involvement of his country in the second Iraq War, Richardson traces in popular and critically acclaimed fiction and film an evolution in Spanish storytelling that while initially representative in nature increasingly engages its audience in spatial practices that go beyond mere perception or conception of local material geographies. In original readings of films by Luis Berlanga, Luis Buñuel, Alex de la Iglesia, Alejandro Amenábar, and Julio Medem, and novels by Juan Goytisolo, Antonio Muñoz Molina, and Javier Marías, Richardson shows this formal evolution as a necessary response to developments, restorations, and transformations of local landscapes that resulted during these years from various human migrations, tourist invasions, urban development plans, resurgent nationalisms, and finally globalization. As these changes occur, Richardson traces a shift in the works studied from mere representation of spatial change toward actual engagement with shifting physical and social geographies as they inch ever closer toward the production of an actual spatial experience for their audiences. In the final chapters of this book, Richardson offers in depth and highly original readings of the storytelling projects of Medem and Marías, in particular showing how these two artists invite readers to not only reconceive hegemonic notions of space and place but to practice alternative notions of being in place. In these final readings, *Constructing Spain* points to the newest developments in contemporary Spanish narrative and film: a rise of new grammars of creation to challenge the ongoing capital-driven creative destruction of globalized Spanish geography.

La Orden Secreta Enrique Larroque, 2011-03-24. La novela inglesa Terry Eagleton, 2009-02-16. Completo y profundo recorrido por la historia de la novela inglesa desde finales del siglo XII hasta la actualidad, realizado por una de las mayores eminencias de la teoría de la literatura.

El espectro de la herencia Isabel Cuñado, 2021-09-20. Desde el primer cuento hasta la última novela, la literatura de Javier Marías está marcada por lo espectral, eje fundamental en torno al cual se despliegan las grandes cuestiones del universo mariano: los efectos que el conocimiento y el desconocimiento tienen sobre la interpretación de la realidad, la relación entre lo real y su registro, las maneras en que el pasado sobrevive en el presente. Este libro, el primer estudio que enfoca la obra de Marías bajo una perspectiva sociológica e histórica, relaciona las múltiples experiencias del espectro con las tensiones entre el olvido y la memoria que caracterizan a la sociedad española contemporánea. From his first short story to his latest novel, Javier Marías's narrative is haunted by the spectral, a fundamental axis

around which Maras deploys the fundamental questions of his literary universe: the effects of knowledge and ignorance on the interpretation of reality; the relation between the real and its representation; and the ways in which the past survives in the present. This book-length study, the first to focus on Maras's oeuvre with a sociological and historical perspective, brings into relation the multiple spectral experiences and the tension between oblivion and memory that characterize contemporary Spanish society.
