El Impresionismo:

El impresionismo Estela Ocampo,1981 **El Impresionismo** Guillermo Solana,1997 La pintura impresionista trivializada a veces tras un siglo de éxito fue en otro tiempo una revelación deslumbrante Para recobrar aquel momento aquella visión original hay que acudir a las reacciones de la crítica de la época Los primeros defensores de Manet y Degas Monet y Pissarro se acercaron a sus obras desde un credo naturalista pero apreciaron ya en ellas un giro subjetivo el pintor impresionista no quería plasmar la naturaleza misma sino una sensación personal ante la naturaleza Mediada la década de 1870 se formaría en la crítica de arte un modelo oculista que pretendía explicar la nueva pintura estudiando la fisiología del ojo impresionista Un ojo primitivo reducido a puras vibraciones de color un ojo analítico empeñado en descomponer los matices más sutiles de la luz un ojo hipersensible degenerado o bien adelantado a la evolución futura de la retina humana Ese paradigma óptico dominaría hasta 1890 cuando los críticos simbolistas al asumir la defensa de Van Gogh y Gauguin definieron el arte como escritura de signos En esta antología se reúnen los textos esenciales de la crítica del momento sobre el impresionismo hasta ahora inéditos en castellano Entre sus autores se encuentran algunos de los escritores más celebrados de la época así como muchos otros Los ensayos vienen acompañados por una amplia selección de las pinturas de Manet Degas Monet Renoir Pissarro Cézanne Seurat Gauguin y Van Gogh entre otros **El Impresionismo.** Maurice Seraltz,1992 **41. El impresionismo** Ernesto Ballesteros Arranz,2015-02-02 A finales del XIX el francés Monet con su cuadro *Soleil levant* Impresión abre la puerta a un nuevo estilo que va a dominar Europa durante más de medio siglo En esta primera exposición impresionista 1874 acompañan a Manet otros autores que van a dirigir este estilo como Renoir o Degas Esta nueva corriente pictórica pretende reproducir la apariencia meramente transitoria de los objetos destacada por la luz y los reflejos de los cuerpos en el mismo momento en que son contemplados El estilo se extendió luego por toda Europa con gran éxito y marcar una etapa incuestionable en el arte mundial **51.- El realismo y el impresionismo** Ernesto Ballesteros Arranz,2015-02-02 Eduardo Rosales muere en 1873 Los cuadros de historia todavía encuentran pintores empeñados en cultivar el género pero poco a poco van cayendo en el olvido y dejando el puesto a una nueva corriente pictórica En el último tercio del XIX los pintores dejan de interesarse por los temas históricos y concentran su atención en la técnica del color y sus complejas posibilidades Ya no suelen preocuparse del paradigma o la grandiosidad anecdótica del tema Lo que interesa verdaderamente a la pintura del último tercio del XIX es la propia ejecución pictórica *Impresionismo* Paul Smith,2006-02-01 Acompañado de un rico material gráfico el presente libro ofrece un completo panorama del Impresionismo en el que a diferencia de los habituales enfoques sobre la técnica y la biografía de sus protagonistas se explica el movimiento en el contexto social y cultural de su época **Historia del arte universal de los siglos XIX y XX** Ana María Preckler,2003 Estudio del arte universal de los siglos XIX y XX a través de los artistas más representativos de cada país con especial atención al arte español en las tres disciplinas fundamentales de arquitectura pintura y escultura *Cézanne y el fin del*

Clancy, 2003 Defining an artistic era or movement is often a difficult task as one tries to group individualistic expressions and artwork under one broad brush Such is the case with impressionism which culls

together the art of a multitude of painters in the mid 19th century including Monet C zanne Renoir Degas and van Gogh Basically impressionism involved the shedding of traditional painting methods The subjects of art were taken from everyday life as opposed to the pages of mythology and history In addition each artist painted to express feelings of the moment instead of hewing to time honoured standards This description of impressionism obviously is quite broad and can apply to a wide array of styles Nonetheless it remains a very important school in the annals of art Any current or budding art aficionado should become familiar with the impressionist movement and its impact on the art world This book presents a sweeping study of this artistic period from its origins to its manifestations in the works of some of art history s most revered painters Following this overview is a substantial and selective bibliography featuring access through author title and subject indexes
