El Caudillo Political Biography Franco:

El Caudillo John William Donald Trythall,1970 **Franco** Stanley G. Payne,Jesús Palacios,2014-11-24 The first comprehensive scholarly biography of Franco in English presenting an objective and deeply researched account of the Spanish dictator s personal professional and political life Franco Antonio Cazorla Sánchez,2014 General Francisco Franco also called the Caudillo was the dictator of Spain from 1939 until his death in 1975 His life has been examined in many previous biographies However most of these have been traditional linear biographies that focus on Franco s military and political careers neglecting the significance of who exactly Franco was for the millions of Spaniards over whom he ruled for almost forty years In this new biography Antonio Cazorla Sanchez looks at Franco from a fresh perspective emphasizing the cultural and social over the political Cazorla Sanchez s Franco uses previously unknown archival sources to analyse how the dictator was portrayed by the propaganda machine how the opposition tried to undermine his prestige and what kind of opinions rumours and myths people formed of him and how all these changed over time The author argues that the collective construction of Franco s image emerged from a context of material needs the political traumas caused by the Spanish Civil War 1936 1939 the complex cultural workings of a society in distress political manipulation and the lack of any meaningful public debate Cazorla Sanchez s Franco is a study of Franco s life as experienced and understood by ordinary people by those who loved or admired him by those who hated or disliked him and more generally by those who had no option but to accommodate their existence to his rule The book has a significance that goes well beyond Spain as Cazorla Sanchez explores the all too common experience of what it is like to live under the deep shadow cast by an always officially praised ever present and long lasting dictator *Franco* Antonio Cazorla-Sanchez,2013-07-18 General Francisco Franco also called the Caudillo was the dictator of Spain from 1939 until his death in 1975 His life has been examined in many previous biographies However most of these have been traditional linear biographies that focus on Franco s military and political careers neglecting the significance of who exactly Franco was for the millions of Spaniards over whom he ruled for almost forty years In this new biography Antonio Cazorla Sanchez looks at Franco from a fresh perspective emphasizing the cultural and social over the political Cazorla Sanchez s Franco uses previously unknown archival sources to analyse how the dictator was portrayed by the propaganda machine how the opposition tried to undermine his prestige and what kind of opinions rumours and myths people formed of him and how all these changed over time The author argues that the collective construction of Franco s image emerged from a context of material needs the political traumas caused by the Spanish Civil War 1936 1939 the complex cultural workings of a society in distress political manipulation and the lack of any meaningful public debate Cazorla Sanchez s Franco is a study of Franco s life as experienced and understood by ordinary people by those who loved or admired him by those who hated or disliked him and more generally by those who had no option but to accommodate their existence to his rule The book has a significance that goes well beyond Spain as Cazorla Sanchez

explores the all too common experience of what it is like to live under the deep shadow cast by an always officially praised ever present and long lasting dictator **Franco** Enrique Moradiellos,2017-12-18 On 20th November 1975 General Francisco Franco died in Madrid just before his 83rd birthday At the time of his death he had been the head of a dictatorial regime with the title of Caudillo for almost 40 years In this book Enrique Moradiellos redraws Franco in three dimensions Franco the man Franco the Caudillo and Franco s Spain In so doing he offers a reappraisal of Franco s personality his leadership style and the nature of the regime that he established and led until his death As a dictator who established his power prior to World War II and maintained it well into the 1970s Franco was one of the most central figures of twentieth century European history In Spain today he is a spectre from a regrettable recent past uncomfortable yet still very real and significant Although a relatively minor dictator in comparison with Mussolini Hitler or Stalin Franco was more fortunate than them in terms of survival long lasting influence and public image A study of his regime and its historical evolution sheds new light on fundamental questions of European history including the social and cultural bases for totalitarian or authoritarian challenges to democracy and sources of political legitimacy grounded in the charisma of a leader In this book Enrique Moradiellos Garcia examines the dictatorship as well as the dictator and in doing so reveals new aspects to our understanding of General Franco the Caudillo Franco Paul Preston,1994-11-09 Generalissimo Francisco Franco was the most tenacious and successful of 20th century Europe s major dictators To many Franco was Spain incarnate a heroic figure on a par with El Cid Charles V and Philip II This idealized portrait still widely accepted today is pierced by Preston s international history London School of Economics penetrating scrutiny in this monumental biography that vividly portrays this complex elusive figure and resolves pivotal questions about Franco s life and achievements Annotation copyright by Book News Inc Portland OR Spaniards and Nazi Germany Wayne H.
