Introducción al derecho comercial internacional (2a edición) Maximiliano Rodríguez Fernández, 2016-07-01 La rapidez con que han evolucionado las instituciones económicas y comerciales sobre las cuales se han cimentado nuestras sociedades nos han obligado a transformar las instituciones jurídicas para regular de un modo más adecuado el nuevo entorno social que tal evolución supone. Así en el ámbito del derecho comercial se ha consolidado una vasta comunidad de operadores económicos que con el fin de atender las necesidades de la población en general y de su propio sector reclaman la elaboración de un régimen jurídico propio y apropiado para las relaciones comerciales internacionales. Esta introducción al derecho comercial internacional tiene como propósito acercar al lector a los conceptos básicos que en la actualidad forman parte de ese nuevo derecho, el derecho comercial internacional. En ella se abarca de una manera comprensible el extenso conjunto de temas y conceptos que rodean la elaboración de la regulación del comercio internacional de la actualidad. Conocimiento considerado no solo necesario sino obligatorio para el desarrollo académico y profesional de todos aquellos que deben afrontar los retos que supone el nuevo contexto socioeconómico en el que vivimos. Mecanismos adecuados de resolución de conflictos y efectividad de derechos Lara González, Rafael, Richard González, Manuel, Riaño Brun, Iñaki, Goñi Irulegui, Ainhoa, Pérez Font, Javier, Pérez Moriones, Aránzazu, Zurutuza Arigita, Iñaki, La presente obra es el resultado de los estudios realizados en el marco del proyecto de investigación PID2020 113349GB I00 financiado por el Ministerio de Ciencia e Innovación. El trabajo realizado es necesario y de absoluta actualidad teniendo en cuenta la reciente aprobación del RD 713/2024 de 23 de julio que aprueba el nuevo Reglamento arbitral de Consumo. Al mismo tiempo existen proyectos de reforma del sistema a nivel europeo. Ciertamente el nuevo Reglamento es continuista pero posteriores cambios son inevitables con el horizonte de crear un sistema arbitral de consumo adaptado precisamente a nuestra sociedad de consumo. Ese es el punto de partida de los estudios que se contienen en esta obra que tratan al arbitraje de consumo como un adecuado mecanismo de resolución de conflictos. Precisamente para hacer efectivos los derechos de los ciudadanos en tanto que consumidores. A ese fin en los trabajos de la obra se atienden a diversas cuestiones relacionadas con la materia atendiendo a la necesaria desjudicialización de las controversias civiles en materia de consumo. También se atiende a cuestiones de presente como la prueba en el arbitraje de consumo o la posibilidad de aplicar Inteligencia artificial a la resolución de esta clase de controversias. **Solución de diferencias ante la OMC** Fernando Piérola, Fernando Piérola Castro, 2008. **La resolución por incumplimiento según la Convención de Viena sobre los contratos de compraventa internacional de mercaderías** Pacheco dos Santos, Karine, 2023-12-07. La Convención de Viena sobre los contratos de compraventa internacional de mercaderías es una de las expresiones más logradas de la unificación del Derecho privado que ha servido de base tanto para la elaboración de otras normas de derecho uniforme del comercio internacional como para el desarrollo de los proyectos de modernización del derecho civil y mercantil español y de otros países. Una regulación uniforme como la

presentada en la Convención contribuye a reducir el coste de negociación de los contratos y a aumentar la seguridad jurídica en las transacciones internacionales. Pese a su indudable importancia como remedio para proteger el interés de quienes contratan, la resolución por incumplimiento del contrato de compraventa en la Convención no ha sido estudiada en profundidad por la doctrina española. Este libro contribuye a avanzar en la interpretación de su régimen jurídico de manera metodológicamente rigurosa y consistente con la caracterización de la Convención como norma uniforme del comercio internacional. Se analiza detenidamente la complejidad de la resolución por incumplimiento en la Convención como remedio con el estudio de sus presupuestos especialmente del carácter del incumplimiento y de sus efectos considerando la posición de quienes contratan. Se ha prestado particular atención a su relación con la resolución por incumplimiento del contrato de compraventa mercantil en el ordenamiento jurídico español así como a su aplicación por diferentes tribunales y cortes arbitrales con una amplia revisión de la jurisprudencia en diversos países. El libro ofrece de este modo criterios atendibles para orientar la práctica profesional en la aplicación del régimen jurídico estudiado y permitir al lector interesado profundizar en su conocimiento.

La solución pacífica de controversias en un derecho internacional fragmentado Ricardo

Arredondo, Leopoldo M. A. Godio, 2021-11-27. Es un libro que aborda la compleja dinámica de la resolución de conflictos en el contexto del derecho internacional contemporáneo. En un mundo donde las normas y principios jurídicos se encuentran fragmentados debido a la multiplicidad de actores y el desarrollo de diversos regímenes jurídicos, la obra explora las herramientas y mecanismos disponibles para la solución pacífica de disputas entre estados y otros actores internacionales. A lo largo del texto se analizan diferentes métodos de resolución de controversias como la mediación, el arbitraje y la negociación, así como el papel de las organizaciones internacionales y las cortes internacionales en este proceso. El autor también discute los desafíos que enfrenta el sistema internacional para manejar disputas en un entorno en constante cambio y cada vez más interconectado. El enfoque del libro se centra en la importancia de mantener un orden jurídico que permita la coexistencia pacífica entre los estados y otros actores globales, resaltando la necesidad de un marco normativo que promueva la cooperación y la resolución diplomática de conflictos. En este contexto se enfatiza la relevancia de principios como el respeto a la soberanía, la igualdad entre estados y la necesidad de un diálogo constructivo para enfrentar las tensiones que pueden surgir en el ámbito internacional.

Acuerdos de intenciones y gestión de la incertidumbre en adquisiciones de empresa Sergio Carreño

Mendoza, 2022-07-22. Este libro presenta los acuerdos de intenciones como contratos estructurados de la negociación que se construyen sobre tres premisas fundamentales: la ausencia de compromiso frente al resultado del proceso, la determinación de unas reglas procedimentales que regirán el proceso negociador y la distribución ex ante de los riesgos de la negociación. Con esta fórmula se busca promover la recolección de información y la negociación de los términos finales de la operación sin perder la posibilidad de reajustarlos conforme se dispone de mejor información; también se pretende regular la situación en que quedarán las partes en un hipotético fracaso sin comprometerse con el resultado final. Si las partes tienen claro el

panorama y conocen las condiciones en que asumen el riesgo podrán estar interesadas en invertir en la negociación Este análisis proporciona unas bases conceptuales que permiten una mejor comprensión de los acuerdos de intenciones así como del protagonismo que tienen las partes en el diseño del proceso negociador y exponen las limitaciones del modelo tradicional de formación del contrato En este sentido se propone la reinterpretación de la negociación adaptándola a la realidad de las operaciones complejas

Reflexiones desde la incertidumbre Diego Santos González, Rubén Tamboleo

García, 2023-04-05 Uruguay como solución Nicolás Albertoni, 2019-08-06 Cuáles son las oportunidades y desafíos que presenta el mundo actual para Uruguay Nicolás Albertoni explica las claves de la inserción internacional que el país tiene por delante y por qué es un asunto de urgencia nacional Con prólogos de Luis Lacalle Pou Daniel Martínez Pablo Mieres y Julio María Sanguinetti Qué pasar a en Uruguay si moviéramos el eje de la discusión abocándola a buscar soluciones en vez de simplemente opinar sobre nuestros problemas Cuánto habríamos avanzado como país hacia el desarrollo En este libro Nicolás Albertoni toma como punto de partida la inserción internacional del país para contribuir a un debate orientado a las soluciones Un país que no está en contacto económico comercial y político permanente con el mundo no se interpela a sí mismo y tiene a comparaciones facilistas que no lo alientan a crecer En momentos de definiciones políticas que determinan el futuro del país resulta especialmente oportuno este aporte sobre la estrategia de inserción internacional LUIS LACALLE POU Este libro sale a la luz en el momento indicado Nos invita a pensar en aspiraciones posibles e importantes que cada vez más se transforman en urgentes DANIEL MARTÍNEZ Un trabajo que refleja una continuidad lícita y profunda de su investigación No podemos más que coincidir con la relevancia de esta apuesta PABLO MIERES El Uruguay es internacional o no es En esta obra están los caminos y las respuestas JULIO MARIA SANGUINETTI *Revista jurídica argentina "La Ley."*, 1969
