Moffi, Jonathan Kronstadt, 1994 From 1947 when Jackie Robinson joined the Brooklyn Dodgers through 1959 when the Boston Red Sox became the last major league team to integrate more than a hundred African American baseball players crossed the color line and made it to the major leagues Each of these players is profiled in this comprehensive book which includes their statistics and capsule biographies their triumphs and their on and off field trials as they integrated the game Some of these players became superstars of the game and eventual Hall of Famers Jackie Robinson Ernie Banks Hank Aaron Roberto Clemente Roy Campanella and Bob Gibson but most fine journeymen like Frank Barnes Willie Kirkland Billy Bruton and Harry Simpson were average players However all were pioneers facing down the enormous difficulties of integrating organized baseball

Walter Benjamin's Grave Michael Taussig, 2010-04-13 In September 1940 Walter Benjamin committed suicide in Port Bou on the Spanish French border when it appeared that he and his travelling partners would be denied passage into Spain in their attempt to escape the Nazis In 2002 one of anthropology's and indeed today's most distinctive writers Michael Taussig visited Benjamin's grave in Port Bou The result is *Walter Benjamin's Grave* a moving essay about the cemetery eyewitness accounts of Benjamin's border travails and the circumstances of his demise It is the most recent of eight revelatory essays collected in this volume of the same name Looking over these essays written over the past decade writes Taussig I think what they share is a love of muted and defective storytelling as a form of analysis Strange love indeed love of the wound love of the last gasp Although thematically these essays run the gamut covering the monument and graveyard at Port Bou discussions of peasant poetry in Colombia a pact with the devil the peculiarities of a shaman's body transgression the disappearance of the sea New York City cops and the relationship between flowers and violence each shares Taussig's highly individual brand of storytelling one that depends on a deep appreciation of objects and things as a way to retrieve even deeper philosophical and anthropological meanings Whether he finds himself in Australia Colombia Manhattan or Spain in the midst of a book or a beach whether talking to friends or staring at a monument Taussig makes clear through these marvelous essays that materialist knowledge offers a crucial alternative to the increasingly abstract globalized homogenized and digitized world we inhabit Pursuing an adventure that is part ethnography part autobiography and part cultural criticism refracted through the object that is Walter Benjamin's grave Taussig with this collection provides his own literary memorial to the twentieth century's greatest cultural critic

Culture/Contexture E. Valentine Daniel, Jeffrey M. Peck, 2023-11-15 The rapprochement of anthropology and literary studies begun nearly fifteen years ago by such pioneering scholars as Clifford Geertz Edward Said and James Clifford has led not only to the creation of the new scholarly domain of cultural studies but to the deepening and widening of both

original fields Literary critics have learned to anthropologize their studies to ask questions about the construction of meanings under historical conditions and reflect on cultural situatedness Anthropologists have discovered narratives other than the master narratives of disciplinary social science that need to be drawn on to compose ethnographies Culture Contexture brings together for the first time literature and anthropology scholars to reflect on the antidisciplinary urge that has made the creative borrowing between their two fields both possible and necessary Critically expanding on such pathbreaking works as James Clifford and George Marcus's *Writing Culture* and Marcus and Michael M J Fischer's *Anthropology as Cultural Critique* contributors explore the fascination that draws the disciplines together and the fears that keep them apart Their topics demonstrate the rich intersection of anthropology and literary studies ranging from reading and race to writing and representation incest and violence and travel and time This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1996 *Western Movies* Michael R. Pitts, 2013-01-04 This revised and greatly expanded edition of a well established reference book presents 5105 feature length four reels or more Western films from the early silent era to the present More than 900 new entries are in this edition Each entry has film title release company and year running time color indication cast listing plot synopsis and a brief critical review and other details Not only are Hollywood productions included but the volume also looks at Westerns made abroad as well as frontier epics north woods adventures and nature related productions Many of the films combine genres such as horror and science fiction Westerns The volume includes a list of cowboys and their horses and a screen names cross reference There are more than 100 photographs
