Enneagram Theology Rhenn Cherry, 2021-08-16 The enneagram has become popular among evangelical Christians as a spiritualized personality typology that claims to help people better understand themselves and others Several influential evangelical Christian leadership ministries have promoted the enneagram as a tool in forming and maintaining effective ministry teams and the personality typology is now taught and embraced at several Christian universities But uncertainty exists about the appropriateness of referring to the Enneagram as a Christian tool Are pastors and Christian institutional leaders aware of the theology associated with the Enneagram Enneagram Theology Is It Christian provides a biblical critique of the Enneagram's underlying theology and exposes not only its foundational theological contradictions with orthodox evangelical theology but also some potential dangers to the church

El secreto del eneagrama Klausbernd Vollmar, 2014-03-04 Basado en un antiguo sistema al que algunos estudiosos sitúan varios siglos atrás el Eneagrama constituye una herramienta extraordinariamente efectiva para la evaluación de la personalidad humana Propuesto por Gurdjieff a sus discípulos como un avanzado sistema de autoconocimiento se ha ido poco a poco incorporando a la psicología moderna a través de Oscar Ichazo y el Instituto Esalen Partiendo de la tesis de que existen nueve tipos de personalidades esenciales el estudio del Eneagrama es capaz de descubrirnos una comprensión más profunda del yo y ayudarnos a reconocer los respectivos tipos de otras personas lo que nos conduce a una mejor comunicación y a unas relaciones más armoniosas Mientras la mayoría de las obras sobre el Eneagrama sólo rozan la superficie este libro

penetra directamente en el corazón de esta tradición divulgada por Gurdjieff constituyendo una lectura imprescindible para cualquier buscador espiritual comprometido con el autoconocimiento y el desarrollo personal [The Lost Knowledge of Christ](#) Dominic White, 2015-04-08 Did Christianity once teach secret knowledge Dominic White argues that the early Church in fact taught a wonderful wisdom about the cosmos Christian cosmology offers resources for us to speak to many of the problems questions and issues we face both in the church and in society It does not provide instant answers rather it is in some ways more like the parables of Jesus stories that challenge our view of the world and invite us to reflection and contemplation This lost knowledge sheds new light on many biblical teachings and areas of controversy within Christianity the meaning of repentance the mystery of the cross Jesus ascent through the heavens angels and stars the body and the feminine justice and ecology and liturgy art music and dance The Lost Knowledge of Christ shares the cosmic psychological and artistic focus of today's nonreligious spiritualities and offers some surprising responses Images music and videos that correspond with the chapters can be found at [lostknowledgeofchrist.wordpress.com](#) [Six Ways of Being Religious](#) Dale S. Cannon, 1996 The book proposes the hypothesis that six generic ways of being religious may be found in any large scale religious tradition such as Christianity or Buddhism or Islam or Hinduism sacred rite right action devotion shamanic mediation mystical quest and reasoned inquiry These are recurrent ways in which socially and individually devout members of these traditions take up and appropriate their stories and symbols in order to draw near to and come into right relationship with what the traditions attest to be the ultimate reality *Letting Go, Finding You* Hunter Mobley, 2025-05-13 Rethink everything you believe about yourself because of your Enneagram number and embrace the virtues of your type Hunter Mobley has been an Enneagram teacher for years working with people who have read all the books and completed all the programs only to find they are still getting caught in the same patterns of behavior Too many of us are stuck on the treadmill of consumer spirituality clinging to the illusion that we are in charge of our own spiritual growth and development But the path of true transformation according to Mobley isn't in doing more but in doing less in letting go of control and adopting a contemplative posture that will naturally lead us to our true self The key to unlocking this contemplative path is in understanding a fundamental but often missed aspect of Enneagram teaching the Enneagram virtues Most of us focus our Enneagram work on trying to overcome the passion of our Enneagram number Sometimes referred to as the sin this is the expression of our personality that habitually gets us into trouble and blocks us from growth The lesser known virtues on the other hand describe the God image in us and are the best articulations of our true selves The Enneagram mystery hiding in plain sight is that how we have come to know ourselves reflected by our passion is the opposite of who we truly are which is reflected by our virtue We don't have to struggle against our passion we can simply let go and embrace the virtue that has always been at our center *Letting Go Finding You* will show how a contemplative spiritual path informed by the Enneagram will allow you to finally stop striving after false promises and start surrendering to the truest version of yourself **A**
