Schneider,Ron Corn M S W,Corn, Ron,Ph D Jennifer P Schneider M D,2013-07-18 According to an increasingly popular personality system called the Enneagram there are nine basic types of people in the world Each Type sees the world through a different lens and has different goals fears challenges priorities and motivations Once you know the Type of each member of a couple you have a very good idea of what are likely to be the strengths and challenges of that pairing and what issues are most likely to come up again and again for them This book describes each of the 9 Types and how they are expressed within a relationship This is followed by a separate chapter for each of the 45 possible pairings of these 9 personality types They help the couple understand where they might get stuck and how they can better work out their differences The book is based on reports by actual couples of each combination of types and each chapter has quotations from the couple describing what a relationship of that combination of types is like Each chapter ends with a few questions for the couple of that particular combination to discuss This book can be considered a reference book Although it is very long 555 pages the average reader can be expected to read through the description of the 9 types figure out their type and that of

their mate and then turn to the chapter that describes their specific combination You don t have to know anything about the Enneagram system before starting the book The descriptions are very accessible and will be useful for all readers

Trinities to Enneagrams Allen David Young,2017-09-07 As a spiritual tool and system of personality types the new directions of the enneagram presented in this work give a clear understanding of ourselves and those who are important to us The trinity forces within the enneagram are explained in ways that can greatly benefit people in the personal interpersonal and social spheres of human existence The creation of enneagram signs is adapted from the twelve astrology signs While enneagram types describe ones egocentric personality enneagram signs are given by the cosmos at birth they are one of a kind and reveal ones soul centered personality With the addition of nine signs and stages of development through the life cycle the enneagram becomes a system in motion and reveals more of its insights With the addition of nine enneagram letter groups from the alphabet you can understand what the trinity and enneagram says about the personality of your name
