*Proclaiming Holy Scriptures* David H. Pereyra, 2020-12-30 This book provides a comprehensive study on the proclamation of Holy Scriptures as an enacted celebration as well as its function as a performance within sacralized theatrical spaces Scripture is integral to religious life within Judaism Christianity and Islam and these traditions have venerated the reading of texts from an appointed place as a sacred act Thus the study of how these readings are conducted illuminates some vitally important aspects of this widespread act of worship Contributing to an underexplored area of scholarship the book offers an overview of scripture reading in the three Abrahamic faiths and then focuses on where and how the Word of God is presented within the Christian tradition It gathers and summarizes research on the origins of a defined place for the proclamation of holy writings giving a thorough architectural analysis and interpretation of the various uses and symbols related to these spaces over time Finally the listener is considered with a phenomenological description of the place for reading and its hermeneutical interpretation The material in this book uncovers the contemporary impact of a rich history of publicly reading out scriptures It will therefore be of great interest to scholars of liturgical theology religious studies and ritual studies

*The Mass and Modernity* Jonathan Robinson,2010-11-12 Many in the Church have accepted modernity in their effort to speak to the modern world and not nearly enough attention has been given to trying to disentangle the complex of ideas and half formulated convictions that constitute this mind set which is in fact contrary to Christianity The first aim of this book is to examine the origins and present day influence of modernity and then to argue that there is nothing in the Christian s concern for the modern world that requires accepting this damaging mind set in connection with the highest form of worship the Mass The second aim of the book is to show that that the sources of a genuine liturgical renewal are to be found in a heightened sense of the centrality of the Mass and a return to a theology compatible with the Catechism of the Catholic Church Fr Robinson s book is a philosopher s gift to the Catholic liturgy He provides a thoroughly lucid account of the climate of ideas which handicaps the celebration of Catholic worship in the modern world This is a diagnosis which shows just how far reaching must be the cure Fr Aidan Nichols Author **The Liturgy and Time** Irénée Henri Dalmais,Aimé Georges Martimort,Pierre Jounel,1986 The history of liturgical celebration seen through the annual change of seasons and the Church s liturgical calendar
