Enrico Dandolo And The Rise Of Venice:

Enrico Dandolo and the Rise of Venice Thomas F. Madden, 2006-09-29 Winner of the 2005 Otto Grundler Award the International Congress on Medieval Studies Between the eleventh and thirteenth centuries Venice transformed itself from a struggling merchant commune to a powerful maritime empire that would shape events in the Mediterranean for the next four hundred years In this magisterial new book on medieval Venice Thomas F Madden traces the city state s extraordinary rise through the life of Enrico Dandolo c 1107 1205 who ruled Venice as doge from 1192 until his death The scion of a prosperous merchant family deeply involved in politics religion and diplomacy Dandolo led Venice s forces during the disastrous Fourth Crusade 1201 1204 which set out to conquer Islamic Egypt but instead destroyed Christian Byzantium Yet despite his influence on the course of Venetian history we know little about Dandolo and much of what is known has been distorted by myth The first full length study devoted to Dandolo s life and times *Enrico Dandolo and the Rise of Venice* corrects the many misconceptions about him that have accumulated over the centuries offering an accurate and incisive assessment of Dandolo s motives abilities and achievements as doge as well as his role and Venice s in the Fourth Crusade Madden also examines the means and methods by which the Dandolo family rose to prominence during the preceding century thus illuminating medieval Venice s singular political social and religious environment Culminating with the crisis precipitated by the failure of the Fourth Crusade Madden s groundbreaking work reveals the extent to which Dandolo and his successors became torn between the anxieties and apprehensions of Venice s citizens and its escalating obligations as a Mediterranean power

Enrico Dandolo & the Rise of Venice Thomas F. Madden, 2007 *Venice* Thomas F. Madden, 2012-10-25 An extraordinary chronicle of Venice its people and its grandeur Thomas Madden s majestic sprawling history of Venice is the first full portrait of the city in English in almost thirty years Using long buried archival material and a wealth of newly translated documents Madden weaves a spellbinding story of a place and its people tracing an arc from the city s humble origins as a lagoon refuge to its apex as a vast maritime empire and Renaissance epicenter to its rebirth as a modern tourist hub Madden explores all aspects of Venice s breathtaking achievements the construction of its unparalleled navy its role as an economic powerhouse and birthplace of capitalism its popularization of opera the stunning architecture of its watery environs and more He sets these in the context of the rise and fall of the Byzantine Empire the endless waves of Crusades to the Holy Land and the awesome power of Turkish sultans And perhaps most critically Madden corrects the stereotype of Shakespeare s money lending Shylock that has distorted the Venetian character uncovering instead a much more complex and fascinating story peopled by men and women whose ingenuity and deep faith profoundly altered the course of civilization

Enrico; or, Byzantium Conquered Lucrezia Marinella, 2009-09-15 Lucrezia Marinella 1571 1653 is by all accounts a phenomenon in early modernity a woman who wrote and published in many genres whose fame shone brightly within and outside her native Venice and whose voice is simultaneously original and reflective of her time and culture In *Enrico or*

Byzantium Conquered one of the most ambitious and rewarding of her numerous narrative works Marinella demonstrates her skill as an epic poet Now available for the first time in English translation Enrico retells the story of the conquest of Byzantium in the Fourth Crusade 1202 04 Marinella intersperses historical events in her account of the invasion with numerous invented episodes drawing on the rich imaginative legacy of the chivalric romance Fast moving colorful and narrated with the zest that characterizes Marinella's other works this poem is a great example of a woman engaging critically with a quintessentially masculine form and subject matter writing in a genre in which the work of women poets was typically shunned

The Forty Sieges of Constantinople John D. Grainger, 2022-07-28 The great city of Byzantium Constantinople Istanbul stands on a commanding cape overlooking a busy waterway It has been the target of repeated attempts to capture it for the past two and a half millennia Most of these attacks failed but some did so in spectacular fashion such as the great Arab sieges The inhabitants fought hard in almost every siege with the result that when the city was captured it was also destroyed or at least suffered a hideous sack Almost every nation between the Atlantic and the Steppes of Asia have made attempts to capture the city some repeatedly but only a few a Roman emperor the Crusaders the Turks have succeeded And there is no sign that some have given up the hope of taking it the last sieges were just before and then during the Great War by the Bulgars and then by the Allies who got no closer than Gallipoli but the city had to submit to enemy occupation when the empire it ruled collapsed It is still surrounded by envious neighbours who wish to control it The city has been besieged forty times and has been captured on three or four occasions it cannot be said to be safe yet It is still The City of the World's Desire

The Prodigious Muse Virginia Cox, 2011-08-17 In her award winning critically acclaimed *Women's Writing in Italy 1400-1650* Virginia Cox chronicles the history of women writers in early modern Italy who they were what they wrote where they fit in society and how their status changed during this period In this book Cox examines more closely one particular moment in this history in many ways the most remarkable for the richness and range of women's literary output A widespread critical notion sees Italian women's writing as a phenomenon specific to the peculiar literary environment of the mid sixteenth century and most scholars assume that a reactionary movement such as the Counter Reformation was unlikely to spur its development Cox argues otherwise showing that women's writing flourished in the period following 1560 reaching beyond the customary feminine genres of lyric poetry and letters to experiment with pastoral drama chivalric romance tragedy and epic There were few widely practiced genres in this eclectic phase of Italian literature to which women did not turn their hand Organized by genre and including translations of all excerpts from primary texts this comprehensive and engaging volume provides students and scholars with an invaluable resource as interest in these exceptional writers grows In addition to familiar secular works by authors such as Isabella Andreini Moderata Fonte and Lucrezia Marinella Cox also discusses important writings that have largely escaped critical interest including Fonte's and Marinella's vivid religious narratives an unfinished Amazonian epic by Maddalena Salvetti and the startlingly fresh autobiographical lyrics of Francesca Turina Bufalini Juxtaposing religious and secular writings by women and tracing their relationship to the male authored literature of the period often surprisingly affirmative in its attitudes toward women Cox reveals a new and provocative vision of the Italian Counter Reformation as a period far less uniformly repressive of women than is commonly assumed Praise for *Women's Writing in Italy 1400-1650* Exhaustive and insightful This is an amazing book a major achievement in the field of women's studies *Renaissance Quarterly* This is a definitive study and will surely remain so for many years to come Choice Virginia Cox has written a magisterial study of the major trends in women's writing in Renaissance and Counter Reformation Italy This is indeed an impressive volume and one which deserves to be read and studied It will change the way we think about women's writing in early modern Italy *Modern Language Review* **Syria in Crusader Times** Carole

Venetians in Constantinople Eric Dursteler, 2006-05 Historian Eric R Dursteler reconsiders identity in the early modern world to illuminate Venetian Ottoman cultural interaction and coexistence challenging the model of hostile relations and suggesting instead a more complex understanding of the intersection of cultures Although dissonance and strife were certainly part of this relationship he argues coexistence and cooperation were more common Moving beyond the clash of civilizations model that surveys the relationship between Islam and Christianity from a geopolitical perch Dursteler analyzes the lived reality by focusing on a localized microcosm the Venetian merchant and diplomatic community in Muslim Constantinople While factors such as religion culture and political status could be integral elements in constructions of self and community Dursteler finds early modern identity to be more than the sum total of its constituent parts and reveals how the fluidity and malleability of identity in this time and place made coexistence among disparate cultures possible

Crusaders Dan Jones, 2020-10-06 A major new history of the Crusades with an unprecedented wide scope told in a tableau of portraits of people on all sides of the wars from the author of *Powers and Thrones* For more than one thousand years Christians and Muslims lived side by side sometimes at peace and sometimes at war When Christian armies seized Jerusalem in 1099 they began the most notorious period of conflict between the two religions Depending on who you ask the fall of the holy city was either an inspiring legend or the greatest of horrors In *Crusaders* Dan Jones interrogates the many sides of the larger story charting a deeply human and avowedly pluralist path through the crusading era Expanding the usual

timeframe Jones looks to the roots of Christian Muslim relations in the eighth century and tracks the influence of crusading to present day He widens the geographical focus to far flung regions home to so called enemies of the Church including Spain North Africa southern France and the Baltic states By telling intimate stories of individual journeys Jones illuminates these centuries of war not only from the perspective of popes and kings but from Arab Sicilian poets Byzantine princesses Sunni scholars Shi ite viziers Mamluk slave soldiers Mongol chieftains and barefoot friars Crusading remains a rallying call to this day but its role in the popular imagination ignores the cooperation and complicated coexistence that were just as much a feature of the period as warfare The age old relationships between faith conquest wealth power and trade meant that crusading was not only about fighting for the glory of God but also among other earthly reasons about gold In this richly dramatic narrative that gives voice to sources usually pushed to the margins Dan Jones has written an authoritative survey of the holy wars with global scope and human focus
