Shakespeare and the Theatrical Event John Russell-Brown, 2017-03-11 In his latest book John Russell Brown offers a new and revealing way of reading and studying Shakespeare's plays focusing on what a play does for an audience as well as what its text says By considering the entire theatrical experience and not only what happens on stage Brown takes his readers back to the major texts with a fuller

understanding of their language and an enhanced view of a play's theatrical potential. Chapters on theatre going, playscripts, acting parts, to perform, interplay, stage space, off stage space, and the use of time all bring recent developments in Theatre studies together with Shakespeare Studies. Every aspect of theatre making comes into view as a dozen major plays are presented in the context for which they were written, making this an adventurous and eminently practical book for all students of Shakespeare.

Shakespeare's Visual Theatre Frederick Kiefer, 2003-09-25. In this study of Shakespeare's visual culture, Frederick Kiefer looks at the personified characters created by Shakespeare in his plays: his walking, talking abstractions. These include Rumour in *2 Henry IV*, Time in *The Winter's Tale*, Spring and Winter in *Love's Labour's Lost*, Revenge in *Titus Andronicus*, and the deities in the late plays. All these personae take physical form on the stage: the actors performing the roles wear distinctive attire and carry appropriate props. The book seeks to reconstruct the appearance of Shakespeare's personified characters to explain the symbolism of their costumes and props, and to assess the significance of these symbolic characters for the plays in which they appear. To accomplish this reconstruction, Kiefer brings together a wealth of visual and literary evidence, including engravings, woodcuts, paintings, drawings, tapestries, emblems, civic pageants, masques, poetry, and plays. The book contains over forty illustrations of personified characters in Shakespeare's time.

The Shakespearean International Yearbook Graham Bradshaw, Tom Bishop, Clara Calvo, 2017-05-15. This eighth volume of *The Shakespearean International Yearbook* presents a special section on European Shakespeares, proceeding from the claim that Shakespeare's literary craft was not just native English or British but was filtered and fashioned through a Renaissance awareness that needs to be recognized as European and that has had effects and afterlives across the Continent. Guest editors Ton Hoenselaars and Clara Calvo have constructed this section to highlight both how the spread of Shakespeare throughout Europe has brought together the energies of a wide variety of European cultures across several centuries and how the inclusion of Shakespeare in European culture has been not only a European but also a world affair. *The Shakespearean International Yearbook* continues to provide an annual survey of important issues and developments in contemporary Shakespeare studies. Contributors to this issue come from the US and the UK, Spain, Switzerland, and South Africa, Canada, The Netherlands, India, Portugal, Greece, France, and Hungary. In addition to the section on European Shakespeares, this volume includes essays on the genre of romance, issues of character, and other topics.

The Shakespearean International Yearbook Tom Bishop, Alexa Alice Joubin, Deanne Williams, 2023-12-22.
