*A Word from Above* John P. Voulgaris, 2016-12-23 High mountain is a clear cut biblical metaphor for our nation USA the leader of the world Hill is ZION for God s flock in USA who are sharing His amassed Truth of pre counseling in the interim times before Final Judgment Isa 13 2 Isa 30 17 A Word inspiring hope trust and assurance in obeying God s direction Surely He has given USA dominion intervened in the election of leaders poured in us the Spirit of Prophecy with more than 22 texts the Bible reveals USA s Prominence in armies and in holiness Thus from USA God calls watchmen to blow the Trumpets of His message to all 10 virgins for repentance knowledge and wisdom how to stand on His Word We are the last of Seven Kingdoms the 7th Great Empire before an 8th government of evil people followed by their leader dictator are allowed by God to bring the world s destruction when our America is to be fallen as a degenerate called a Babylon Then God will bring as He promised final restoration to all with Christ s reign in Jerusalem Forever **Rapture: the Past, Present and What to**

**Expect in the Future** Joseph Onyebuchi Azubuike, 2013-11-05 It is now clear the controversy on Rapture is over as God sent Joseph Onyebuchi Azubuike declares that Jesus teaching on his second coming is the ultimate He is coming Post trib immediately after not before the tribulation of those days Matt 24 29 31 All other views including the most popular Pretrib are assumption based There is no single scripture that suggests Rapture before the tribulation of those days But assumption which is not the word of God can work it out for you Therefore whose report will you believe We have swallowed enough heresies in the past but it has come to an end today because the Structures refute the heresies Do not hesitate to pick the book and you will be glad you did Introduction to the Literary Art of the Gospel of John Paul Jaesuk Jo, 2022-05-24 The

Gospel of John is a magnificent book Intricate fabrics interweave its beautiful robe and its material is a finely twisted linen of many colors Throughout the history of the church interpreters have long been captivated by its loveliness and power Many modern interpreters however would not hesitate to call it puzzling confusing or ridden with riddles at least What is John is therefore a fascinating question that lingers During the last half century literary theories have been brought into the study of the Fourth Gospel with varying degrees of success New analytical lenses are cast over the Gospel to render its secrets but it feels as if only those who are initiated into its mystery have the knowledge Reading and rereading strategies are offered but the path out of the vast labyrinth is difficult to find The Gospel of John however surprisingly reads much like the Old Testament In fact its form is deeply imbued in the styles of Old Testament poetry narratives and prophets that when they are properly understood together John s message comes across clearly Taking a comprehensive view of the styles of the Old Testament this book takes you to see John in its grand design **Bible Prophecies of 9-11** Paul Gregersen, Edmund A.

Cook, 2007-09 The authors reveal a chain of prophecies that all link to 9 11 with an astounding pattern September 11 was more than just another historical event it was a cataclysmic moment marking the beginning of a new millennia Social Issues

Where God Was on 9/11 Oluwole J. Odeyemi, 2005-08-18 The book is a classic piece that revealed critically and

comprehensively on the mysteries and the spiritual underpinnings of the world changing terror events of 9 11 It promises to be a point by point blow by blow biblical analysis that are reality related and which cannot be doubted by even the most agnostic The book also endeavoured to shed light on many other topical issues which has remained bizzare or ever since been shrouded in mystery vis a vis biblical accounts and humanity Such other issues include the truth about the Jewish Holocaust the angelically induced human breeding experiments in the pre Deluvian age the unseverable umbilical cord that tied the USA with Isreal and as well the denial by God of all the omni principles that had been fraudlently ascribed unto Him by man and his reckless philosophy It promises to be a most intriguing journey ever made in the world of knowledge Please visit one of my sites for more detailes [woleodeyemi2005 yahoo com](mailto:woleodeyemi2005@yahoo.com) [godon911 yahoo co uk](http://godon911.yahoo.co.uk)      [The Mystical and Prophetic Thought of Simone Weil and Gustavo Gutiérrez](#) Alexander Nava,2001-10-25 Two Christian thinkers philosopher Simone Weil and theologian Gustavo Guti rrez are brought together here While very different in background situation and in their writings Weil and Guti rrez display striking points of contact in their lives and work Author Alexander Nava finds that together the two provide a philosophical and theological vision that integrates the mystical and the prophetic two dimensions of the Christian tradition that are often considered mutually exclusive Exploring the thought of Weil and Guti rrez this book shows that both are suspicious of forms of mysticism that minimize the harsh reality of suffering and violence and that both have a serious mistrust of prophetic traditions that deny the contributions of mystical interpretations practices and ways of speaking to and about the Divine mystery Nava proposes that dialogue between the thought of Weil and Guti rrez and between the mystical and prophetic traditions can lead to a more authentic understanding of the diversity and creativity of religious thought      [SPEAKING IN TONGUES AND THE GIFT OF PROPHECY](#) GODSWORD GODSWILL ONU,      **Symbolism in Terrorism** Jonathan Matusitz,2014-09-16 The symbolic value of targets is what differentiates terrorism from other forms of extreme violence Terrorism is designed to inflict deep psychological wounds on an enemy rather than demolish its material ability to fight The September 11 2001 attacks for example demonstrated the power of symbolism The World Trade Center was targeted by Al Qaeda because the Twin Towers epitomized Western civilization U S imperialism financial success modernity and freedom The symbolic character of terrorism is the focus of this textbook A comprehensive analysis it incorporates descriptions definitions case studies and theories Each chapter focuses on a specific dimension of symbolism in terrorism and explains the contexts and processes that involve the main actors as well as the symbolism of both the purposes and targets of terrorism Also discussed are new religious movements which represent another important aspect of terrorism such as Aum Shinrikyo the Japanese cult that used sarin gas in the Tokyo subway in 1995 Over forty areas of symbolism are covered throughout the chapters including physical and non physical symbolism linguistic symbolism the social construction of reality rituals myths performative violence iconoclasm brand management logos semiotics new media and the global village This allows for an in depth examination of many issues such as anti globalization honor killing religious terrorism

suicide terrorism martyrdom weapons female terrorism public communication visual motifs and cyberspace Main concepts are clearly defined and followed by theory illustrated by international case studies Chapter summaries key points review questions research and practice suggestions are recurring components as well This groundbreaking text encompasses all major aspects of symbolism in terrorism and will be an essential resource for anyone studying terrorism

**Images of Joshua in the Bible and Their Reception** Zev Farber, 2016-07-11 The central theme of the book is the relationship between a hero or cultural icon and the cultures in which he or she is venerated On one hand a hero cannot remain a static character if he or she is to appeal to diverse and dynamic communities On the other hand a traditional icon should retain some basic features in order to remain recognizable Joshua son of Nun is an iconic figure of Israelite cultural memory described at length in the Hebrew Bible and venerated in numerous religious traditions This book uses Joshua as a test case It tackles reception and redaction history focusing on the use and development of Joshua's character and the deployment of his various images in the narratives and texts of several religious traditions I look for continuities and discontinuities between traditions as well as cross pollination and polemic The first two chapters look at Joshua's portrayal in biblical literature using both synchronic literary analysis as well as diachronic *berlieferungsgeschichte* and redaction source criticism methodologies The other four chapters focus on the reception history of Joshua in Second Temple and Hellenistic Jewish literature in the medieval Arabic Samaritan Book of Joshua in the New Testament and Church Fathers and in Rabbinic literature

THE PROPHETIC MINISTRY GODSWORD GODSWILL ONU,      **The Battle for God** Karen Armstrong, 2011-08-10 In the late twentieth century fundamentalism has emerged as one of the most powerful forces at work in the world contesting the dominance of modern secular values and threatening peace and harmony around the globe Yet it remains incomprehensible to a large number of people In *The Battle for God* Karen Armstrong brilliantly and sympathetically shows us how and why fundamentalist groups came into existence and what they yearn to accomplish We see the West in the sixteenth century beginning to create an entirely new kind of civilization which brought in its wake change in every aspect of life often painful and violent even if liberating Armstrong argues that one of the things that changed most was religion People could no longer think about or experience the divine in the same way they had to develop new forms of faith to fit their new circumstances Armstrong characterizes fundamentalism as one of these new ways of being religious that have emerged in every major faith tradition Focusing on Protestant fundamentalism in the United States Jewish fundamentalism in Israel and Muslim fundamentalism in Egypt and Iran she examines the ways in which these movements while not monolithic have each sprung from a dread of modernity often in response to assault sometimes unwitting sometimes intentional by the mainstream society Armstrong sees fundamentalist groups as complex innovative and modern rather than as throwbacks to the past but contends

that they have failed in religious terms Maintaining that fundamentalism often exists in symbiotic relationship with an aggressive modernity each impelling the other on to greater excess she suggests compassion as a way to defuse what is now an intensifying conflict BONUS This edition contains an excerpt from Karen Armstrong s Twelve Steps to a Compassionate Life

**Gods in America** Charles L. Cohen,Ronald L. Numbers,2013-07-29 Religious pluralism has characterized America almost from its seventeenth century inception but the past half century or so has witnessed wholesale changes in the religious landscape including a proliferation of new spiritualities the emergence of widespread adherence to Asian traditions and an evangelical Christian resurgence These recent phenomena important in themselves as indices of cultural change are also both causes and contributions to one of the most remarked upon and seemingly anomalous characteristics of the modern United States its widespread religiosity Compared to its role in the world s other leading powers religion in the United States is deeply woven into the fabric of civil and cultural life At the same time religion has from the 1600s on never meant a single denominational or confessional tradition and the variety of American religious experience has only become more diverse over the past fifty years Gods in America brings together leading scholars from a variety of disciplines to explain the historical roots of these phenomena and assess their impact on modern American society [The Woman's Study Bible, NIV](#) Thomas Nelson,2013-04-02 The Woman s Study Bible has special notes and features appealing to women s interests highlighting women throughout Scripture and capturing the unique ways Christ cared for women this Bible truly speaks to a woman s heart [Romans Verse-by-Verse](#) William R. Newell,1938 [The Exile and the Restoration](#) Andrew Bruce Davidson,1927 [American Prophecy](#) George M. Shulman,2008 Prophecy is the fundamental idiom of American politics a biblical rhetoric about redeeming the crimes suffering and promise of a special people Yet American prophecy and its great practitioners from Frederick Douglass and Henry Thoreau to Martin Luther King James Baldwin and Toni Morrison are rarely addressed let alone analyzed by political theorists This paradox is at the heart of American Prophecy a work in which George Shulman unpacks and critiques the political meaning of American prophetic rhetoric In the face of religious fundamentalisms that associate prophecy and redemption with dogmatism and domination American Prophecy finds connections between prophetic language and democratic politics particularly racial politics Exploring how American critics of white supremacy have repeatedly reworked biblical prophecy Shulman demonstrates how these writers and thinkers have transformed prophecy into a political language and given redemption a political meaning To examine how antiracism is linked to prophecy as a vernacular idiom is to rethink political theology recast democratic theory and reassess the bearing of religion on American political culture Still prophetic language is not always liberatory and American Prophecy maintains a critical dispassion about a rhetoric that is both prevalent and problematic **Matthew Henry's Commentary on the Whole Bible: Volume IV-III - Ezekiel to Hosea** Matthew Henry,
