**Enterprise and Human Resource Development** Robert J Bennett, Andrew McCoshan, 1993-01-28 This book examines Britain's main education enterprise and training systems Detailed studies of national programmes and local areas illustrate the local detail of a broader national picture The central argument is that a major learning process is required to develop more powerful business led local institutions beyond the One Stop Shop if Britain is successfully to answer the challenges of the 21st century This book is not only the first full examination of past and present initiatives it also suggests means to help achieve the sustained changes required in the future across the complete field of education training and enterprise

**Government, SMEs and Entrepreneurship Development** Robert A. Blackburn, 2016-04-22 Recent decades have seen substantial growth in the range of assistance programmes for SMEs and entrepreneurs across the world Once regarded as peripheral to the economy and public policy the role of small firms and of entrepreneurship is now recognized as of key importance in the economic growth and development strategies of many nations The range of interventions and support focused on promoting SMEs and entrepreneurship is substantial and expanding so Government SMEs and Entrepreneurship Development asks what are some of the main policy instruments being used and how effective are they It considers policies in different countries examines key interventions and tools used to promote entrepreneurship and SME development and concludes with contributions on how to best evaluate their effectiveness The contributor chapters by academics and practitioners from businesses enterprise development agencies and governments are empirical or evidence based and use both quantitative and qualitative approaches Drawing on experience from a wide range of both developed and emerging countries and economies the contributions focus on the broad strategies that different governments and communities have adopted to foster entrepreneurship and SMEs the policy tools and instruments that can be used to promote small business and entrepreneurship and on the outcomes of policy instruments and the methods used to evaluate interventions Their findings will help researchers policy makers economic development officers civil servants elected officials and business associations to better understand the issues in this important field *Handbook of Research on Sub-National Governance and Development* Schoburgh, Eris, Ryan, Roberta, 2016-11-30 Effective governance is a crucial aspect of all modern nations Through various collaborative efforts and processes nations can enhance their current governance systems The Handbook of Research on Sub National Governance and Development is a pivotal reference source for the latest scholarly material on the intersection between local and national politics analyzing how this relationship affects nations economy and administration Highlighting theoretical foundations and real world applications this book is ideally designed for professionals academics students and practitioners actively involved in the fields of public policy and governance **Local and Regional Development** Andy Pike, Andrés Rodríguez-Pose, John Tomaney, 2016-07-15 Actors and institutions in localities and regions across the world are seeking prosperity and well being amidst tumultuous and disruptive shifts and transitions generated by

an increasingly globalised knowledge intensive capitalism global financial instability volatility and crisis concerns about economic social and ecological sustainability climate change and resource shortages new multi actor and multi level systems of government and governance and a re ordering of the international political economy state austerity and retrenchment and new and reformed approaches to intervention policy and institutions for local and regional development Local and Regional Development provides an accessible critical and integrated examination of local and regional development theory institutions and policy in this changing context Amidst its rising importance the book addresses the fundamental issues of what kind of local and regional development and for whom its purposes principles and values frameworks of understanding approaches and interventions and integrated approaches to local and regional development throughout the world The approach provides a theoretically informed critical analysis of contemporary local and regional development in an international and multi disciplinary context grounded in concrete empirical analysis from experiences in the global North and South It concludes by identifying what might constitute holistic inclusive progressive and sustainable local and regional development and reflecting upon its limits and political renewal

**Small Firms and Economic Development in Developed and Transition Economies** David A. Kirby, Anna Watson, 2017-11-22 This title was first published in 2003 Since the late 1970s there has been considerable interest in the role of small firms in economic development in general and employment generation in particular Throughout the developed world governments have introduced a range of measures to encourage small firm growth and development in an attempt to stimulate economic growth generate employment and foster innovation Though not all measures have been successful many policies have transferred to the transition economies of Central and Eastern Europe where since 1989 small firm growth and development has achieved considerable importance in economic restructuring Accordingly this volume presents the leading research on the role of small firms in economic development and employment generation in both transition and developed countries Setting itself in a wider theoretical context the book also considers the implications for both policy and theory and suggests directions for future research

**Governance, Institutional Change and Regional Development** Mike Danson, Henrick Halkier, Greta Cameron, 2024-11-01 This title was first published in 2000 This volume addresses the prominent role given to institution building institutional change and governance in the regional development strategies and policies The establishment of the Scottish Parliament Welsh and Northern Ireland Assemblies and the arrival of regional development agencies in England highlighted the need to put the initiatives into some context drawing on experience from across Europe on the critical factors in the determination of the potential and success of regions Central to the discussions presented here by a group of European experts are the question of governance how does an ongoing process of institution building affect the ways in which regions and localities are governed including questions of democracy participation regional self determination public private partnerships networks and accountability and the consequences of new modes of governance and institutional change for regional development strategies and policies

particularly in the context of large scale industrial restructuring and city region and urban regeneration **Annual Report on the OECD Guidelines for Multinational Enterprises 2011 A New Agenda for the Future** OECD,2012-01-02 The report provides a first assessment of the outcome of the 2011 Update of the Guidelines adopted at the OECD Ministerial Meeting and a compilation of ideas for future implementation It also reports the actions taken by the 42 adhering governments from June 2010 to June 2011 *Territorial Policy and Governance* Iain Deas,Stephen Hincks,2017-02-24 In response to both policy and conceptual debates alternative narratives have begun to emerge about territorial governance and policymaking As local and regional policy actors strive to respond to the geographically uneven effects of the economic crises of the early twenty first century a crucial question emerges what are the opportunities and challenges presented by alternative forms of territorially based governance and policy The aim of this edited volume therefore is critically to explore the opportunities and challenges presented by different forms of territorial policy and governance Drawing on conceptual debates and empirical research from the United Kingdom and other international contexts the contributors engage with issues around the politics and governance of territorial development economic development planning and regeneration and the environment *Territorial Policy and Governance* addresses the question of how alternative forms of territorial governance and policy can help to shape patterns of urban and regional development highlighting the related opportunities constraints and challenges that confront their operationalisation This book will be essential reading for international audiences with an interest in territorial development governance politics human geography and planning and regeneration *ENTERPRISE DEVELOPMENT PLANNING & BUDGETING* REYNALDO B. ALMENARIO,2014 On its second edition this book is meant to help the Philippine local government units i e barangays municipalities cities and provinces formulate their economic enterprise development plans as serious guideposts to achieving self reliance or autonomy the ultimate objective ordained by the Local Government Code of 1991 Intended for use principally by local economic planners and development managers including college instructors of courses associated with socio economic development the book is so written to serve as a handy guide to the formulation and the writing of an economic enterprise development plan solidly grounded among others on the human and natural resource base of the locality Briefly said plan provides answers to the following questions What local enterprises to promote and develop Why should these be promoted and developed Where should these be set up When should these be set up What support services programs and facilities should be in place to raise the chances of these enterprises to survive stabilize and grow How much would it cost to set these up and provide the support mechanisms Finally where would the necessary funds come from Entrepreneurial Knowledge, Technology and the Transformation of Regions Charlie Karlsson,Börje Johansson,Roger Stough,2013-06-26 In recent years policy makers have given much credence to the role of entrepreneurship in the transformation of regions As a result a new set of policy responses have emerged that focus on the support of new venture creation small business growth and idea generation and commercialization While there is a

wealth of research about entrepreneurship in general less attention has been given to the development of new tools and programs in support of entrepreneurial activities and to the ways in which the emergence the character and the types of entrepreneurship policies might differ between countries In particular the transatlantic perspective is of special interest because of the pioneering role of the United States in this area and also due to the European Union s focus on economic competitiveness The contributions included in this book explore the emergence of entrepreneurship policies from a transatlantic comparative perspective and address different aspects of entrepreneurship policies including local entrepreneurship policies and the relationship between knowledge based industries and entrepreneurship policies *Local*

*Enterprise on the North Atlantic Margin* Reginald Byron,John Hutson,2018-12-18 First published in 1999 this volume offers contrasting views from a variety of academic disciplines including agriculture anthropology economics geography management studies planning and sociology which focus on the single two fold problem of how to understand these issues and what practically might be done about them **Tourism and Regional Development** Maria Giaoutzi,2017-05-15

Tourist visits used to be a less common activity in the past However more people than ever now make leisure trips making this an era of mass tourism This drastic change in spatial behaviour is not only caused by economic prosperity but the scale of this phenomenon means that it is able to generate economic growth making tourism a key factor in regional development policy One of the main challenges of current regional policy is to market the attractiveness of an area thereby increasing tourist visits and subsequent revenue In particular regions are attempting this through the use of Information and Communication Technologies ICT which offer information on interesting places and efficient methods for organizing and booking trips This book examines the interconnections between tourism ICT and regional development Bringing together a range of European case studies illustrating various ICT and policy innovations it not only critiques current activity by regions in terms of tourism development but also considers how this sector is likely to continue to grow **Modular Package on**

**Gender, Poverty and Employment** International Labour Office,2000 **Islamic Entrepreneurship** Rasem N. Kayed,M. Kabir Hassan,2013-12-16 This book discusses the idea that there is a specific Islamic form of entrepreneurship Based on extensive original research amongst small and medium sized enterprises in Saudi Arabia it shows how businesses are started and how they grow in the context of an Islamic economy and society It argues that as specific Islamic approaches to a wide range of economic activities are being formulated and implemented there is indeed a particular Islamic approach to entrepreneurship Examining the relationship between Islamic values and entrepreneurial activity the book considers whether such values can be more effectively used in order to raise the profile of Islamic entrepreneurship and also to promote alternatives to development in the contemporary business environment The book analyses the nature of entrepreneurship and the special qualities of Islamic entrepreneurship and discusses how the Islamic approach to entrepreneurship can be encouraged and developed further still *IBSS: Economics: 1993 Vol 42* ,1994 This bibliography lists the most important
