**Have Fun with the Presidents** David C. King, 2007-04-20 It's important to learn about the U.S. presidents but it's even better to have fun while doing it. *Have Fun with the Presidents* is filled with activities, recipes, games, puzzles, profiles, quotes, and fascinating facts about all 42 American presidents from George Washington to George W. Bush. You will learn all kinds of interesting things about the presidents, their families, and the times in which they lived, but this is much more than just a book of facts. The games and activities in *Have Fun with the Presidents* will give you a better understanding of each president's important contributions, interesting hobbies, and unique personality. In *Have Fun with the Presidents* you will learn that Herbert Hoover and his wife spoke Chinese in the White House as a way of maintaining their privacy. Dwight Eisenhower was an enthusiastic cook who loved grilling on the roof of the White House. Two of Theodore Roosevelt's sons managed to sneak a pony into a White House elevator so they could take it to their sick brother's bedroom. George H. W. Bush hated broccoli so much he had it banned from the White House kitchen. And much more. **Kids' TV Grows Up** Jo Holz, 2017-08-23 In the early days of television, suburban families welcomed TV into their homes as an electronic babysitter that would also teach their children about the world. Children's programming soon came to play a key role in the development of mass culture, promoting the shared interests, norms, and vocabulary through which children interact with peers and define themselves as a cohort. This social history examines the forces driving the development of children's television in the U.S. from its inception to the present. Analyses of iconic programs reveal how they influenced our concept of childhood. **Family Values Through Children's Literature and Activities, Grades 4 - 6** Patricia Roberts, 2005-05-26 This resource provides teachers, librarians, parents, and others who work with children ages 9-12 with an annotated bibliography of children's books that contain characters who display positive family-oriented values in their relationships with others. Sample activities and lessons related to the books in the bibliography will help children in responding to the thoughts and feelings of selected characters as they strive to understand their own thoughts and actions about family-oriented values. Educators and parents can initiate the activities as presented or use them as a starting point for their own lessons. Parents and educators, including homeschooling parents and instructors in religious settings, will benefit from this helpful resource. **The Little Book of the East End** Dee Gordon, 2010-12-26 *The Little Book of The East End* is a funny, fast-paced, fact-packed compendium of the sort of frivolous, fantastic, or simply strange information which no one will want to be without. Here we find out about the most unusual crimes and punishments, eccentric inhabitants, famous sons and daughters, and literally hundreds of wacky facts, plus some authentically bizarre bits of historic trivia. A reference book and a quirky guide, this can be dipped in to time and time again to reveal something new about the people, the heritage, the secrets, and the enduring fascination of the original home of the Cockney, which is now far more diverse. A wonderful package and essential reading for visitors and locals alike. **Growing up and going out** Sarah Kenny, 2025-02-11 In the decades following the Second World War, youthful sociability was remade as
