Entre Los Espacios:

Entre los malos sueños y los espacios infinitos Mayerín Bello, 2024-11-06 Entre los malos sueños y los espacios infinitos se gestan en el difícil periodo de reclusión a que obligó la pandemia de la Covid 19 de ahí su título. Se encuentran en este volumen un conjunto de reseñas artísticas y ensayos acerca de obras pertenecientes a diferentes momentos de la literatura universal organizados en dos capítulos que se distinguen por la naturaleza de sus aproximaciones: en el primero una serie de lecturas comentadas que enfatizan la actualidad de los textos; objetos de reflexión o su conexión con sentimientos y vivencias propias del ser humano de todos los tiempos; en el segundo se ahondan y multiplican las interrogaciones a los textos acentuando y prolongando el impulso ensayístico que alentaba sin explayarse en el apartado previo. Domina en todos ellos una perspectiva intercultural o sea el diálogo con autores, obras, contextos ya próximos ya distantes en tiempo y espacio cuyas voces y vivencias de muy variado género deleitan, alertan e iluminan en un presente tan incitante y prometedor como hostil y cargado de funestas premoniciones. Un libro pues con proyecciones múltiples y divergentes pero asimismo convergentes en la unidad de propósitos y en el aliento humanista que lo anima. *Los espacios rurales entre el hoy y el mañana* VV.AA., 2002 A lo largo de los siglos XIX y XX las sociedades y los espacios rurales campesinos han experimentado profundos y en ocasiones contrastados cambios como consecuencia de su proceso de incorporación y adaptación a la economía de mercado. La presente compilación de trabajos sobre estos temas reúne las intervenciones de veinte especialistas de diferentes lugares y disciplinas científicas.

Espacios libres Raquel Tarín, 2021-06-01 El libro consiste en la elaboración de un método de reconocimiento, análisis, evaluación y propuesta de ordenación sobre los espacios libres en sistema como conductores del proyecto territorial y fue desarrollado como Tesis de Doctorado en la Universidad Politécnica de Cataluña Barcelona 2005. En general en la mayoría de nuestras ciudades el espacio libre tendió a ser tratado como lugar de tierra expectante de una nueva ocupación urbana, reserva ambiental o simplemente tierra de nadie. Inversamente lo que se propone en este libro es revertir esta perspectiva y pensar positivamente sobre los espacios libres o sea en los valores existentes en estos espacios y en cómo su permanencia en sistema puede lanzar las bases para una posible reestructuración urbana. Es resaltada la importancia de considerarse el espacio libre como elemento constituyente y vertebrador de la ocupación urbana y viceversa en un movimiento de doble mano en el que la valorización de la estrecha relación entre los fenómenos permite a crear nuevas oportunidades de intervención con el objetivo de desarrollar, mantener y gestionar el territorio de modo sustentable mediante indicaciones para su ordenación y formalización.

El futuro de los espacios rurales Soledad Nogués Linares, 2004 Desde una visión interdisciplinaria esta obra se centra en el futuro del mundo rural profundizando en las problemáticas de la política de desarrollo rural, las tendencias de la economía rural, las infraestructuras y la organización territorial, el patrimonio natural, el arquitectónico y cultural y la nueva sociedad rural exponiendo experiencias y explorando nuevas ideas que contribuyan a hacer de las áreas rurales espacios dinámicos e innovadores.

Ideología Construída Fernando Grasa,2022-06-01 Within the Mediterranean construction tradition sacred architecture has always played a very prominent role giving rise to the most numerous and best preserved historical buildings prior to the 18th century that have survived Throughout 5 000 years the visual plot has been shown as the systematic alphabet that Mediterranean cultures have used to write multiple architectural accounts of a sacred and ceremonial nature We will begin this memory a true travel notebook by presenting what the Christian temples of discipline have taught us Then we travel to Egypt Rome and finally to Malta and Gozo The systematicity and similarities in the crystallization of the ideological discourse

were incredible and we invite the reader to verify those teachings To facilitate this the text includes more than 360 sketches and 300 images of more than 200 buildings belonging to 17 countries
