Entre Raison Et Deraison:

Women and Narrative Identity Mary Jean Matthews Green, 2001 A feminist re reading of the Quebec literary tradition from Laure Conan and Gabrielle Roy to contemporary figures such as France Thoret and R gine Robin **Logique de la philosophie** Eric Weil, 1996 **Women by Women** Roseanna Lewis Dufault, 1997 While some of the featured works seem dark and pessimistic they express collectively a certain hope for a brighter more egalitarian future This anthology brings together cogent critical studies in a way that identifies and illuminates trends among Quebec s contemporary women writers

Foucault et les Lumières , 2007 Traditionnellement l ge des Lumi res correspond cette p riode d invention des libert s et d affirmation de la politique comme politique de la libert Pourtant ainsi que le fait remarquer Foucault les Lumi res qui ont d couvert les libert s sont celles galemment qui ont invent les disciplines grises et tatillonnes avec leur aust re filet de technologies mat rielles qui assujettissent corps et esprits et produisent une version moderne du sujet sans rapport apparent avec la c l bration des libert s Faut il en conclure un schisme des Lumi res une scission immanente leur d roulement qui produit deux lectures incompatibles de la modernit Les Lumi res peuvent elles alors appara tre sans un conflit interne qui en d double l allure et les rend pour une large part nigmatiques L affirmation de la d mocratie de la valeur de la critique d un c t le foisonnement des disciplines les nouvelles codifications du droit de punir de l autre c t impliquent des versions renouvel es de la politique des sciences humaines de la litt rature et de notre pr sent C est ce renouvellement contrast qui s offre comme une g nalogie des Lumi res que se tient au plus pr s Michel Foucault Le pr sent dossier cherche examiner la port e de ces valuations plurielles des Lumi res et de Michel Foucault **Writing in the Feminine** Karen Gould, 1990 Gould women s studies and French Bowling Green State U analyzes four feminist rebels all major Quebec women writers These women Nicole Brossard Madeline Gagnon Louky Bersianik and France Theoret are attempting to explode male dominated language and to construct a new language and literature of women Gould studies their work and also provides historical political and theoretical background Annotation copyrighted by Book News Inc Portland OR Lénjeu de la philosophie médiévale André de Muralt, 1991 Ce volume d gage les racines m di vales des th mes principaux de la philosophie contemporaine Il montre les cons quences de la distinctio formalis sur les notions m di vales et modernes de la causalit par l sur celles de l esse objectivum Scot et du signifi propositionnel Gr goire de Rimini dans le conna tre humain enfin le prolongement de ces dernier th mes dans les doctrines de l id e de la philosophie moderne du Satz de Bolzano du Sinn du Gedanke de Husserl Frege ou Wittgenstein Parall lement il montre partir des m mes principes l laboration volontariste de la notion de finalit dans la m taphysique occamienne de l id e divine dans les doctrines de la providence divine de Scot et de Bradwardine compar ees celle de Thomas D Aquin Il peut ainsi d gager la perspective doctrinale dans laquelle s ins rent Molina Leibnitz et Secr tan sinon certaines positions de la biologie et de la physique contemporaines This book examines the medieval origins of certain themes in modern and contemporary philosophy Scotus distinctio formalis plays a fundamental role in his and Ockham s

conceptions of causality and in the medieval theories of knowledge based on the *esse objectivum* Scotus and his school and on the *complexe significatum* Gregory of Rimini These theories of knowledge are connected with the theories of ideas in modern philosophy with Bolzano's *Satz* the *Sinn* and the *Gedanke* of Frege Husserl or Wittgenstein The same principles determine the voluntarist conception of finality to be found in Ockham's doctrine of divine ideas and in the doctrines of Scotus and Bradwardine on divine providence Scotus theory of divine causation has implications in Molina Leibnitz and Secr tan whereas the position of Aquinas is surprisingly close to that of biology and physics today

Mothers of Invention Miléna Santoro, 2002-06-26 Santoro elucidates notoriously difficult works by the four mothers of invention studied Cixous and Hyvrard from France and Gagnon and Brossard from Quebec showing how the rethinking of images associated with femininity and motherhood a disruptive approach to language and a subversive relation to novelistic conventions characterize these writers search for a writing that will best express women's desires and dreams *Mothers of Invention* situates such ideologically motivated textual practices within the avant garde tradition even as it suggests how women's experimental writings collectively transform our understanding of that tradition Santoro makes clear the shared ethical and aesthetic commitments that nourished a transatlantic community whose contribution to mainstream literature and cultural productions including postmodernism is still being felt today

Comprendre Foucault Olivier Dekens, 2011-11-09 Pour comprendre l'uvre de Foucault cet ouvrage s'adapte sa singularité en optant en quatre angles d'analyse Les textes choisis et comment s'intègrent Les philosophes avec lesquels Foucault a dialogué qu'il a admirés ou combattus Les personnages des hommes mais aussi des moments historiques des fonctions des rôles prisés des classes institués Enfin Les dispositifs des systèmes complexes de concepts de choix méthodologiques d'inventions et de créations

Mind, Values, and Metaphysics Anne Reboul, 2014-08-13 This book addresses five main topics of metaphysics in its first section formal objects and truth makers tropes properties and predicates varieties of relations and the notion of explanation in metaphysics The second part of this volume focuses on the history of philosophy with an emphasis on Austrian philosophy the ideas of Bolzano Wittgenstein Locke and Bergson amongst others are explored in the papers presented here This is the first volume in a two volume set that originates from papers presented to Professor Kevin Mulligan covering the subjects that he contributed to during his career including ontology mind and value history and philosophy of mind and philosophy of language This volume contains thirty two chapters written by researchers from across Europe North America and North Africa These papers cover topics in metaphysics ranging from Lehrer and Tolliver's discussion of truth and tropes to Johansson's defence of the distinction between thick and thin relations and Persson and Sahlin's presentation of the difficulties inherent in applying the concept of explanation in metaphysics Papers on the history of philosophy include a look at Bolzano's formative years and his conception of mathematics De Libera examines Brentano's adverbial theory of judgment and Fisette traces the history of the Philosophical Society of the University of Vienna in the late 19th and early 20th century Marion contests the trendy

pragmatist accounts that lump Wittgenstein and Heidegger together and there are analyses of Locke and Bergson's work amongst the many papers presented here This volume contains three chapters in French and one in Spanish The second volume of this set looks at ethics values and emotions epistemology perception and consciousness as well as philosophy of mind and philosophy of language Science et foi font système Pierre Bühler, Clairette Karakash, 1992 West Coast Line, 1993 **La folie** Raphaël Enthoven, 2011-10-12 Qui des deux est le plus fou celui qui prend ses desirs pour des réalités ou celui qui se targue de toujours raison garder Celui qui cède aux sirènes de l'onirique et de l'erron ou celui qui s'acharne à distinguer le réel de la réalité Rien n'est plus digne et raisonnable pour la raison que la volonté de se distinguer de la folie nous disent leur faon cinq auteurs qui ont pensé et vécu la folie Erasme Foucault Nicolas Grimaldi Antonin Artaud et Jerry Lewis au fil des discussions la folie apparaît pour ce qu'elle est c'est dire non pas l'autre de la raison mais cette forme de lucidité supérieure dont parlait Artaud De la Renaissance hollandaise au cinéaméricain de la généralisation des institutions psychiatriques l'expérience de l'internement cinq conversations avec des passionnés rudits suffisamment dignes pour prendre la folie au sérieux La guerre des Dieux Essai sur la querelle des valeurs Alain Renaut, Sylvie Mesure, 2014-04-01 La Guerre des Dieux est une expression célèbre utilisée par Max Weber en 1919 pour caractériser le conflit des valeurs dans le monde moderne Le philosophe allemand voulait par cette formule dire que le conflit entre deux individus ne partageant pas la même conviction était dans nos sociétés la question si impossible trancher rationnellement que cela ne pouvait se comparer qu'au combat des dieux de l'Olympe Ce fait est une conséquence de l'évolution de nos sociétés dans lesquelles il n'existe plus d'autorité traditionnelle susceptible de mettre des jugements acceptables par tous Comment dans ces conditions vivre ensemble Comment arbitrer des conflits où s'affrontent des subjectivités irrductibles C'est l'histoire de ce problème de Max Weber Aron ou Sartre et Heidegger que s'attache ce livre **L'espace littéraire dans la littérature et la culture anglo-saxonnes** Bernard Brugière, 1995-09 La Folie Charles Folej, 1976 **La décision métaphysique de Hobbes** Yves Charles Zarka, 1987 La constat de ce livre est que l'œuvre de Hobbes repose sur une position métaphysique et qu'il faut donc reinscrire Hobbes dans l'histoire de la métaphysique pour élucider sa place dans l'histoire de la pensée éthique et politique Il ne s'agissait pas pour l'auteur de réduire l'importance politico-historique de l'œuvre ni d'en minimiser l'inscription dans l'histoire de la guerre civile anglaise mais au contraire de mettre au jour la structure spéculative qui en fondait l'originalité théorique La pensée de Hobbes engage une reélaboration du concept de vérité c'est à dire une redefinition du rapport entre la perception le discours et le monde qui constitue l'horizon de sa philosophie naturelle et de sa philosophie politique **Michel Foucault** Jeannette Colombel, 1994 La philosophie de Michel Foucault plus actuelle que jamais n'apporte pas de solution mais apprend penser et intervenir partir des zones d'ombre de notre société Jeannette Colombel suit ici le parcours du philosophe dont elle confronte la pensée aux problèmes de notre temps l'exclusion le chômage les rivalités ethniques le sida etc Prologue Parcours et souvenirs I Incertitude et finitude Présentation Histoire de la folie Surveiller et punir La volonté de savoir
