Entrepreneurial Small Business Jerome A. Katz, Green Richard P., 2024 This book got its start with a simple question from my mother What is the difference between what you teach and what your father did for a living We were sitting shiva which is the ancient Jewish tradition of mourning in this case after the death of my father a Polish immigrant to the United States who had been a small business owner for almost 50 years at the time of his death in 2003 When sitting shive the immediate family mostly sits and reflects and prays for a week so my mother sister and I had plenty of time to talk And talking as we did the question came up I gathered my thoughts for a minute First off I realized that throughout his life my father had picked up on my comments about the very rare high growth high tech businesses that came through my class Somehow he thought that was who I had as my run of the mill student That was funny to me because in teaching entrepreneurship for nearly 20 years fewer than a dozen of the several hundred business plans I worked on involved high growth high tech firms But thinking about what my father heard I realized that I talk about two sets of rules one for when I have a potentially high growth business and another for the more conventional businesses that most of my students start and that my own father had mastered three times in his life The answer to my mother came out this way Entrepreneurial Small Business Richard P. Green, Jerome Katz, 2017-04-24 Entrepreneurial Small Business ESB provides students with a clear vision of small business as it is today ESB focuses on the distinctive nature of small businesses that students might actually start versus high growth firms The authors of ESB incorporate the latest findings and best practices from academic and consulting arenas and recognize the distinction between entrepreneurs who aim to start the successor to Amazon com or the pizza place around the corner Entrepreneurial Small Business focuses on the small businesses students Entrepreneurial Small Businesses Dean A. Shepherd, Johan Wiklund, 2005 The authors of this might actually start comprehensive study address why it is that some small firms perform well and others don't and whether high performing firms share characteristics that distinguish them from low performing firms By exploring bundles of resources and their interaction with other factors the authors explain important small business outcomes such as growth performance entrepreneurial activity and the chance of receiving debt or equity capital The authors find that while resources may be

valuable it is essential that small businesses have the processes to facilitate the manipulation of resources into value creating strategies Rather than reaching the conclusion that more is always better the authors tease out the conditions under which certain resources are particularly valuable as well as the conditions under which these and other resources are less valuable The resource factors examined range from aspects of the human capital of the small business manager such as length of education or prior experience with business start ups to social capital variables and firm level resources such as access to financial capital and competence Representing leading edge research across several levels of analysis this volume will be a useful resource for scholars and students of entrepreneurship and small business as well as for entrepreneurs and small business owners Policymakers will find the volume helpful in understanding the effect policies may have on small businesses and the subsequent impact on the economic performance of a region **Loose Leaf for Entrepreneurial Small Business** Richard M. Audretsch, 2007-07-02 Previous generations enjoyed the security of lifelong employment with a sole employer Public policy and social institutions reinforced that security by producing a labor force content with mechanized repetition in manufacturing plants and creating loyalty to one employer for life This is no longer the case Globalization and new technologies have triggered a shift away from capital and towards knowledge In today's global economy where jobs and factories can be moved quickly to low cost locations the competitive advantage has shifted to ideas insights and innovation But it is not enough just to have new ideas It takes entrepreneurs to actualize them by championing them to society Entrepreneurship has emerged as the proactive response to globalization In this book award winning economist David B Audretsch identifies the positive proactive response to globalization the entrepreneurial society where change is the cutting edge and routine work is inevitably outsourced Under the managed economy of the cold war era government policies around the world supported big business while small business was deemed irrelevant and largely ignored. The author documents the fundamental policy revolution underway shifting the focus to technology and knowledge based entrepreneurship where start ups and small business have emerged as

the driving force of innovation jobs competitiveness and growth The role of the university has accordingly shifted from tangential to a highly valued seedbed for coveted new ideas with the potential to create not just breathtaking new ventures but also entire new industries By understanding the shift from the managed economy and the emergence of the entrepreneurial society individuals businesses and communities can learn how to proactively harness the opportunities afforded by globalization in this new entrepreneurial society Entrepreneurial New Venture Skills David C.
