Architecture for Worship Thomas Victor Stehle, 1997 **Visual Arts in the Worshipping Church** DeBoer, 2016 Although numerous studies have examined biblical and theological rationales for using the visual arts in worship this book by Lisa J DeBoer fills in a piece of the picture missing so far the social dimensions of both our churches and the various art worlds represented in our congregations The first part of the book looks at Orthodoxy Catholicism and Protestantism in turn including case studies of specific congregations showing how each tradition s use of the visual arts reveals an underlying ecclesiology DeBoer then focuses on six themes that emerge when Orthodox Catholic and Protestant uses of the visual arts are examined together the arts as expressions of the church s local and universal character the meanings attributed to particular styles of art for the church the role of the arts in enculturating the gospel and more DeBoer s Visual Arts in the Worshipping Church will focus and deepen the thinking of pastors worship leaders artists students and laypeople regarding what the arts might do in the midst of their congregations **Masterworks of God** M. living memory John Drane believes that churches have become stereotyped structures offering un inventive formulaic worship to a dwindling minority But there are exciting opportunities for growth he argues if only churches will rediscover their own creativity and flexibility If only they will offer something more nourishing for post modern spiritual appetites than the equivalent of fast food Fully Conscious, Fully Active Bryan Cones and Stephen Burns,2020-01-27 This collection of essays explores the work of Gabe Huck and its effect on liturgical thought and renewal **We Gather in Christ** Worship Office of the Archdiocese of Cincinnati,1996 A look at what it means to gather as an assembly for worship Lost in Wonder Aidan Nichols O.
