Abdullah, Pramendra Singh, 2024-10-14 Bringing together diverse perspectives including those of destination managers policymakers tour operators local communities and travellers Sustainable Tourism fosters a collective understanding of sustainability in tourism and inspires a shared commitment towards responsible tourism practices **Identity Politics and Economic Development in North-East India** Komol Singha, M. Amarjeet Singh, 2014-01-01 India's North Eastern Region is the home to different indigenous communities and socio economic condition of these communities is relatively weaker than the average national level Besides the weak physical social and economic infrastructures etc they are primarily the victims of human rights violations in one form or the other Ethnic social and political problems have plagued and slowed down the region's development processes Therefore multi faceted mechanism is highly recommended to overcome the complex issues of these traditional communities With these understandings the present volume Identity Politics and Economic Development in North East India consists of 23 essays explores the issues of socio economic political and cultural dimension of the region Also the essays try to explore the difficulties faced by the traditional communities mainly community uprisings and human rights violations and the contributors through their academic discourses explored some probable ways and means to overcome the difficulties **Sustainable Tourism & the Millennium Development Goals** Kelly S. Bricker, Rosemary

Black, Stuart Cottrell, 2013 Endorsed by The International Ecotourism Society Sustainable Tourism The Millennium Development Goals Effecting Positive Change demonstrates how ecotourism and sustainable tourism can assist in supporting and meeting the goals set forward by the Millennium Development Goals MDG and how it can foster a global partnership for development The text discusses how ecotourism and sustainable tourism can assist in supporting and meeting the MDG by drawing on case studies and examples The final summary chapter discusses how ecotourism and sustainable tourism can assist in supporting and meeting the MDG by 2015 and identifies the challenges and goals that need to be considered in the future In this edition you will find Historical perspective of the development of ecotourism and sustainable tourism The Millennium Development Goals defined Overview of how ecotourism and sustainable tourism can assist in meeting the goals of the MDG Engaging case studies and examples to reinforce the concept **Ecotourism in Sub-Saharan Africa** Kenneth Backman, Ian E. Munanura, 2017-07-14 Since its first mention in the academic literature ecotourism has been endorsed by NGOs and governments as the most environmentally sound and locally beneficial method of tourist development Over the last thirty years sub Saharan Africa has adopted ecotourism as the primary focus for tourism development research into this has demonstrated mixed results In this publication we seek to explore the actual outcomes for African countries that have

developed their tourism policy around the principals and values of ecotourism The sheer scope and magnitude of the task means that a complete evaluation of ecotourism in Africa is impossible Instead included here are spot assessments of various aspects of ecotourism related to conservation policy development environment governance community and indigenous peoples in southern Africa The studies cover a wide array of countries including Botswana Kenya Tanzania Uganda Ghana Zimbabwe and South Africa Though this is only the beginning of a needed long term evaluation of the positives and negatives of ecotourism it provides a starting point from which to move forward This book was originally published as a special issue of the Journal of Ecotourism

Children in Sustainable and Responsible Tourism Hugues Seraphin,2022-03-07 Children in Sustainable and Responsible Tourism fills an absence of research in the sustainable and responsible tourism field involving children as stakeholders arguing that children s empowerment should be core to responsible tourism initiatives and that their involvement should be a requirement in sustainable development

Tourism Development and the Environment: Beyond Sustainability? Richard Sharpley,2009-09-02 Tourism Development and the Environment Beyond Sustainability challenges the sustainable tourism development paradigm that has

come to dominate both theoretical and practical approaches to tourism development over the last two decades. It extends the sustainable tourism debate beyond the arguably managerialist blueprint and destination focused approach that continues to characterise even the most recent sustainability agenda within tourism development. Reviewing the evolution of the sustainable tourism development concept, its contemporary manifestations in academic literature and policy developments and processes, the author compares its limitations to prevailing political, economic, socio-cultural and environmental contexts. He then proposes alternative approaches to tourism development which nevertheless retain environmental sustainability as a prerequisite of tourism development. This book also acts as an introduction to the Earthscan series *Tourism Environment and Development*. About the series *Tourism Environment and Development* aims to explore within a variety of contexts the developmental role of tourism as it relates explicitly to its environmental consequences. Each book will review critically and challenge traditional perspectives on sustainable tourism development, exploring new approaches that reflect contemporary economic, socio-cultural and political contexts.

Reframing Sustainable Tourism Stephen F. McCool, Keith Bosak, 2015-08-19
This book examines the need for a new way of describing sustainable tourism and also looks at the frameworks needed to rethink how to apply this to communities, private operators and protected area managers. It makes it clear that tourism is just one of many human activities that affects host communities. The work includes informative and provocative case studies with realistic applications. References included in the book will help graduate students formulate new hypotheses and suggest literature for them. Tools and techniques useful to tourism practitioners suggest innovative approaches to marketing management and community development.

Wildlife Tourism, Environmental Learning and Ethical Encounters Ismar Borges de Lima, Ronda J. Green, 2017-06-13
This book outlines the status quo of worldwide wildlife tourism and its impacts on planning, management, knowledge, awareness, behaviour and attitudes related to wildlife encounters. It sets out to fill the considerable gaps in our knowledge on wildlife tourism, applied ecology and environmental education, providing comprehensive information on and an interdisciplinary approach to effective management in wildlife tourism. Examining the intricacies, challenges and lessons learned in a meaningful and rewarding tourism niche, this interdisciplinary book comprehensively examines the major potentials and controversies in the wildlife tourism industry. Pursuing an insightful, provocative and hands-on approach, it primarily addresses two questions: Can we reconcile the needs of the wildlife tourism industry, biodiversity conservation, ecological learning and animal ethics issues? and What is the Future of the Wildlife Tourism Industry? Though primarily intended as a research text, it also offers a valuable resource for a broad readership which includes university and training students, researchers, scholars, tourism practitioners and professionals, planners and managers as well as the staff of government agencies.
