Jonathan Golub

Environmental Policy In The European Union:

Environmental Policy in the European Union John McCormick, 2001-07-06 This is an accessible but sophisticated introduction to and analysis of the increasingly important role of the European Union in environmental policy The book ranges widely over the emergence and evolution of the EU role in this critical field of policy the relationship between policies made at the EU and member state levels and the nature of the environmental policy process The book ends with in depth studies of EU activities in key policy areas from air quality and waste management to global warming and sums up the successes and failures of EU policy to date *The Effectiveness of European Union Environmental Policy* W. Grant, D. Matthews, P. Newell, 2000-10-25 Several hundred directives on environmental policy have been produced by the European Union What impact has the output of the legislative factory had After considering how decisions on environmental policy in the EU are made and the balance of power between business and environmental interests this book draws on the specialist expertise of the authors to look in depth at the areas of global warming water pollution and air pollution Implementing EU Environmental Policy Christoph Knill, Andrea Lenschow, 2000 This book examines issues of censorship publicity and teenage fandom in 1950s Britain surrounding a series of controversial Hollywood films The Wild One Blackboard Jungle Rebel Without a Cause Rock Around the Clock and Jailhouse Rock It also explores British cinema s commentary on juvenile delinquency through a re examination of such British films as The Blue Lamp Spare the Rod and Serious Charge Taking a multi dimensional approach the book intersects with star studies and social history while reappraising the stardom of Marlon Brando James Dean and Elvis Presley By looking at the specific meanings pleasures and uses British fans derived from these films it provides a logical and sustained narrative for how Hollywood star images fed into and disrupted British cultural life during a period of unprecedented teenage consumerism **Environmental Policy in the European Union** Andrew Jordan, 2012 This second and fully revised edition brings together some of the most influential work on the theory and practice of contemporary EU environmental policy Comprising five comprehensive parts it includes in depth case studies of contemporary policy issues such as climate change genetically modified organisms and trans Atlantic relations as well as an assessment of how well the EU is responding to new challenges such as enlargement environmental policy integration and sustainability The book s aim is to look forward and ask whether the EU is prepared or even able to respond to the new governance challenges posed by the perceived need to use new policy instruments and processes to mainstream environmental thinking in all EU policy sectors Environmental Regulation in a Federal System Tim Jeppesen, 2002-01-01 An imaginative book that contributes significantly to the debate on regulatory federalism The even handed approach should appeal to a broad audience including academics policymakers and the general reader interested in the optimal institutional arrangements for the provisioning of public goods John A List University of Maryland College Park US In this important book Tim Jeppesen investigates environmental regulation in a federal system and addresses the underlying question of whether

regulation should be decided centrally by EU institutions or de centrally by individual member states Whilst simple economic reasoning presumes that transboundary externalities require central solutions and local externalities need local solutions the author finds that the real answer is much more complicated

Environmental Policy in the EU Andrew Jordan, Viviane Gravey, 2021-05-06 The European Union EU has a hugely important effect on the way in which environmental policies are framed designed and implemented in many parts of the world but especially Europe The new edition of this leading textbook provides a state of the art analysis of the EU s environmental policies Comprising five parts Environmental Policy in the EU covers the rapidly changing context in which EU environmental policies are made the key actors who interact to co produce them and the most salient dynamics of policy making ranging from agenda setting and decision making through to implementation and evaluation Written by leading international experts individual chapters examine how the EU is responding to a multitude of different challenges including biodiversity loss climate change energy insecurity and water and air pollution They tease out the different ways in which the EU s policies on these topics co evolve with national and international environmental policies In this systematically updated fourth edition a wider array of learning features are employed to ensure that readers fully understand how EU environmental policies have developed over the last 50 years and how they are currently adapting to the rapidly evolving challenges of the twenty first century including the COVID 19 pandemic It is an essential resource for undergraduate and postgraduate students studying environmental policy and politics climate change environmental law and EU politics more broadly The Open Access versions of chapters 19 and 20 available at <https://doi.org/10.4324/9780429402333> have been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Creating Environmental Policy in the European Union A. Zito, 1999-10-28 Investigates the EU policy making process and why this process has taken major steps to advance environmental regulation in some areas and not others The book develops a framework emphasizing decision making modes which provide a more nuanced understanding compared to traditional EU theoretical approaches of how EU actors make decisions

European Union External Environmental Policy Camilla Adelle, Katja Biedenkopf, Diarmuid Torney, 2017-11-14 This book considers the environmental policies that the EU employs outside its borders Using a systematic and coherent approach to cover a range of EU activities environmental issues and geographical areas it charts the EU s attempts to shape environmental governance beyond its borders Key questions addressed include What environmental norms rules and policies does the EU seek to promote outside its territory What types of activities does the EU engage in to pursue these objectives How successful is the EU in achieving its external

environmental policy objectives What factors explain the degree to which the EU attains its goals The book will be of interest to students and academics as well as practitioners in governments both inside and outside of the EU the EU institutions think tanks and research institutes

Environmental Policy in the European Union Pamela M. Barnes,Ian Barnes,1999 This reference presents a systematic investigation of the effectiveness of environmental policy within the European Union at the dawn of the 21st century An analysis of environmental policy development from an historical perspective leads to a critical appraisal of its impact throughout Europe

Europeanization of Environmental Policies and their Limitations Arpad Todor,Florența Elena Helepciuc,2021-05-13 This book offers a window into the mechanisms that drive events when countries with poor track records in environmental protection and low administrative capacity join an organisation with ambitious environmental regulatory regimes which include some of the highest environmental protections standards in the world This book examines the institutional building capacity in Romania after two decades of the development of the EU s environmental policy on elaboration transposition implementation monitoring and institutional building The book examines how Romania has fared as one of the least environmentally friendly EU member states and poses the following questions What are the limits of Europeanisation in the area of public policies What is the reason why despite the overwhelming public interest in environmental issues and widespread agreement that urgent action to protect the environment and prevent catastrophic climate change are paramount the pace of achieving the goals is remains slow Why do policies fail This book brings together several case studies focusing on the evolution of environmental policies in Romania over the last twenty years with a special focus on the post accession period 2007 onwards The book provides an analysis of policies where progress is less than satisfactory and examines why this is the case

New Instruments for Environmental Policy in the EU Jonathan Golub,1998-06-04 New Instruments for Environmental Policy in the EU provides a comprehensive analysis of the debate over new forms of environmental regulation in the European Union The conclusions draw attention to critical aspects of instrument design as well as the difficulty of accommodating national policy diversity without contravening EU and international tr

Climate Change Policy in the European Union Andrew Jordan,Dave Huitema,Harro van Asselt,Tim Rayner,Frans Berkhout,2010-04-29 The European Union EU has emerged as a leading governing body in the international struggle to govern climate change The transformation that has occurred in its policies and institutions has profoundly affected climate change politics at the international level and within its 27 Member States But how has this been achieved when the EU comprises so many levels of governance when political leadership in Europe is so dispersed and the policy choices are especially difficult Drawing on a variety of detailed case studies spanning the interlinked challenges of mitigation and adaptation this volume offers an unrivalled account of how different actors wrestled with the complex governance dilemmas associated with climate policy making Opening up the EU s inner workings to non specialists it provides a perspective on the way that the EU governs as well as exploring its ability to maintain a leading position in international

climate change politics **Environment and the Nation State** Duncan Liefferink, 1996 With the European Union's increasing powers its environmental legislation has grown rapidly This study investigates the dynamics of the Europeanization of environmental policy and concludes that the domestic environmental policies of relatively green member States are actually hardly affected The text focuses on policy making in the field of air pollution and acidification between the former European Community and one Member State the Netherlands Included in the text is a concise history of EC environmental policy an explanation of the theories of sovereignty European integration and power dependence and final commentary on the future of environmental policy in the European Union Agri-environmental Policy in the European Union Henry Buller, Geoff Wilson, Andrea Holl, 2017-11-01 This title was first published in 2000 This volume provides a detailed examination of agri environmental policy within ten European states Individual chapters consider the agricultural and environmental policy contexts within each state and examine the range and significance of agri environmental policy proposed in addition to their spatial and territorial impact their policy making implications and their consequences for the structures institutions and actors of national farming policy both across and within national borders Drawing from ten national profiles and the data sets provided the book provides a comparative analysis of implementation trends filling a gap in the literature on this topic Taking European legislation as its starting point the comparative section of the book examines how Member States have responded to EU imperatives in their budgetary commitments in their implementation strategies and in the policy outputs that result The study identifies similarities across European nations in the territorial and agricultural focus of agri environmental policy and draws attention to the alternative *Environmental Policy and Politics in the European Union* Tom Delreux, Sander Happaerts, 2016-04-22 This brand new textbook provides a concise and informative overview of environmental policy and politics in the European Union It includes a thorough analysis of the traditional areas of environmental concern such as pollution and natural resources as well as newer environmental issues including GMOs and climate change Throughout this clear and readable introduction the authors emphasize the interdependence between EU environmental policy and changes at the global level focusing in particular on the EU's role in global environmental governance The authors' didactic approach means this text will be invaluable to undergraduate and postgraduate students of environmental politics policies and governance in the EU as well as MA programmes with a global focus including international relations and EU studies *Sustainable Development and Environmental Management* Corrado Clini, Ignazio Musu, Maria Lodovica Gullino, 2010-06-29 This book stems from a four year experience of a Training Programme addressing members of several Chinese governmental Institutions which given the moment of extremely intense and fast development of their country consider the issues of environment and sustainable growth among the foremost priorities In particular they expressed the need and will to develop policy and management tools that could lead to a strategy of sustainable growth from an economic social and environmental point of view The Programme turned out to be a success it involved up to June 2007

more than 2000 trainees from almost all the Provinces of China precisely because the forces that answered those needs are extremely diverse as to include the academia national and local governments public institutions private companies and international agencies Following this feature the book s contributors have been selected among more than 300 professors researchers policy makers and entrepreneurs involved in the Training activities thus offering different approaches to the key questions of environmental management

A Guide to EU Environmental Law Josephine van Zeben, Arden Rowell, 2020-10-27 Written by two internationally respected scholars this unique primer distills European Union environmental law and policy into a practical guide for a nonlegal audience as well as for lawyers trained in other jurisdictions The first part explains the basics of the European legal system including key actors types of laws and regulatory instruments The second part describes the EU s overarching legal strategies for environmental management and delves into how the EU addresses the specific environmental issues of pollution ecosystem management and climate change Chapters include summaries of key concepts and discussion questions as well as informative spotlights offering brief overviews of topics With a highly accessible structure and useful illustrative features A Guide to EU Environmental Law provides a long overdue synthetic resource on EU environmental law for students and for anyone working in environmental policy or environmental science This text can also be read with the authors A Guide to US Environmental Law for a comparative look at how two important jurisdictions in the world deal with key environmental problems

Environmental Governance in Europe Rüdiger K.W. Wurzel, Anthony R. Zito, A. J. Jordan, 2013-01-01 This path breaking book written by three well known experts makes an extremely valuable contribution to the study of new environmental policy instruments as well as to much wider theoretical debates about governance policy innovation learning and transfer Drawing on an unrivalled comparative empirical study of five different jurisdictions it manages to make many new points about issues that many of us thought had already been settled Martin J nicke Free University of Berlin and former deputy chair German Advisory Council on the Environment Germany Much more than a study of environmental policy instruments this book ranges widely and authoritatively over the government to governance debate theories of policy change regulation policy transfer and policy learning Its lessons and conclusions are relevant and timely well beyond the European context of its case studies and it will be essential reading for public policy scholars everywhere for some time to come Jeremy Rayner University of Saskatchewan Canada This book represents a very rare achievement in that it combines detailed and up to the minute empirical analysis of environmental policy over the past four decades with a sophisticated discussion and critique of current theoretical issues in comparative and policy studies generally It unfolds with a keen eye towards understanding the temporal dimensions of policy dynamics both in the specific policy field examined but also in terms of testing key analytical concepts Taken as a whole it provides the most detailed empirical assessment to date of the general government to governance hypothesis with significant implications for policy and governance studies in general Michael Howlett Simon Fraser University Canada and National

University of Singapore This book fills an important gap in the environmental governance literature addressing governance at a lower level of abstraction than other texts and examining how it plays out in relation to specific modes and instruments of governing It also contributes towards governance theory building efforts through the development of an empirically relevant analytical framework In so doing it provides a firm underpinning for assessing whether to what extent and in what ways there has been a transition from government towards governance in environmental policy Neil Gunningham Australian National University Theoretically sophisticated and empirically rich this book provides an overview of the introduction development and use of new policy instruments and new modes of environmental governance in the European context taking into account both national and European Union experiences This is a welcome addition to the field Miranda Schreurs Environmental Policy Research Centre and Free University of Berlin Germany European governance has witnessed dramatic changes in recent decades By assessing the use of new environmental policy instruments in European Union countries including the United Kingdom Germany the Netherlands and Austria this timely book analyses whether traditional forms of top down government have given way to less hierarchical governance instruments which rely strongly on societal self steering and or market forces The authors provide important new theoretical insights as well as fresh empirical detail on why and in what form these instruments are being adopted within and across different levels of governance along with analysis of the often overlooked interactions between the instrument types Providing important new theoretical insights into the governance debate by combining institutionalist and policy learning transfer approaches this book will be invaluable for both undergraduate and postgraduate students The analytical insights as well as a thorough empirical assessment of the use of environmental policy instruments in practice will prove essential for environmental policy specialists practitioners
