Enlightenment is not contingent on finding the right teacher or having some kind of peak spiritual experience There s nothing that you need to get find or acquire to be enlightened You don t need a priest or rabbi to intercede with God for you Enlightenment is the realization of the light that is within you It is the conscious recognition and acceptance of that light

Book of Enlightenment Anadi,2011-01-01 Book of Enlightenment is the complete exposition of the teaching of Anadi the most complete revelation of the truth of self realization present on the planet It is a revolutionary compendium of spiritual knowledge addressed to those commencing their inner journey as well as those who have already reached higher levels of spiritual realizationThe purpose of this book is to reveal the multidimensional evolution of human consciousness

from the state of ignorance to the state of wholeness It is a book of spiritual guidance directed to uncompromising seekers of truth a precise elucidation of the deepest secrets of the spiritual realm and the path to self realization It is not offered as a manual of enlightenment for the ultimate truth of awakening cannot be reduced to a conceptual model Rather this book should serve as a guiding light for those mature enough to apply conceptual knowledge towards a non conceptual apperception of reality Anadi lives in India and teaches through the medium of meditation retreats throughout the world He is the author of three previous titles Enlightenment Beyond Traditions Transmission of Awakening and The Human Buddha which were published under the name Aziz Kristof Awakening to Infinite Presence Robert Wolfe, 2015-06-01 The deeply felt recognition that the Absolute is all that is and consequently that must include you is the life changing substance of enlightenment All things are That you as well as all other human beings there is only That in the sense of ultimate permanent reality How then does one live one's life when the present awareness is I am That and all else is That when the perception of being a separate individual has dissolved and the ego Latin for I is no longer at the center of one's perspective Realization the enlightenment the aspirant has sought means to make real How do we make the real the essence of timeless reality the central expression of the Absolute perspective we have now discovered to be inevitably our own To make real in one's life and activities the awareness that all that is is That is unavoidably a life altering engagement Are you prepared to live with this discovery today So the real question the final question is not How am I to come to self realization but Is enlightenment what I really want *The Method* Kyle Hoobin, 2017-04-15 FOR THOSE IN THE FINAL STAGES OF AWAKENING Things become much more simplified at the end of the spiritual search so much so that it's possible to identify key stages that every seeker encounters immediately preceding awakening enlightenment So in one sense these 5 steps have not been invented by me I have simply segmented the final stages that a seeker of truth encounters when they have reached the end of the spiritual search for greater clarity and guidance If you've been on the spiritual path long enough you've probably reached the conclusion that no technique or practice can wake you up make you free or make you enlightened You will have likely realized that all effort to attain a different state of consciousness can only ever come from a delusional state of consciousness or false self So what does one do then when one realizes such a thing If there's nothing that you can do to set yourself free then how do you become free Enter the 5 final steps of self inquiry The Method is based upon the understanding that spiritual awakening is not an attainment but a dissolution These 5 steps are intended to permanently dissolve the deeply ingrained belief that you can make yourself free If these steps are followed through with utter totality awakening will be what's left as a byproduct While no methods work when it comes to awakening all methods fail so in a way any method can be helpful to exhaust the seeker in you This method has been formed specifically for those who have tried every other method under the sun and are ready for defeat This method is intended to be the last method This is the end game my friend are you ready Feedback Those who are ripe and are exhausted with spiritual seeking and the endless questions of the mind will find a
