**Mediations in Latin American Cinema and Beyond** Cecilia Nuria Gil Mariño, Laura Miranda, 2019-09-12 The appearance of sound film boosted entertainment circuits around the world drawing cultural cartographies that forged images of spaces nations and regions By the late 1920s and early 30s film played a key role in the configuration of national and regional cultural identities in incipient mass markets Over the course of the twentieth and early twenty first centuries this transmedia logic not only went unthreatened but also intensified with the arrival of new media and the development of new technologies In this respect this book strikes a dialogue between analyses that reflect the flows and transits of music films and artists mainly in the Ibero American space although it also features essays on Soviet and Asian cinema with a view to exploring the processes of configuration of cultural identities As such this work views national borders as flexible spaces that permit an exploration of the appearance of transversal relations that are part of broader networks of circulation as well as economic social and political models beyond the domestic sphere      **In Strangers' Arms** Beatriz Dujovne, 2011-09-07 The tango is easily the most iconic dance of the last century its images as familiar as an old friend But are they the whole story Peeling back the poster propaganda that has always characterized the tango publicly this intimate study shows the invisible heart of the dance and the culture that raised it Drawing on direct experience and conversations with dancers it reveals much about the role of the tango in Argentinean culture Instructors considering this book for use in a course may request an examination copy here      *Tango And The Political Economy Of Passion* Marta Savigliano, 2018-02-06 What is tango Dance music and lyrics of course but also a philosophy a strategy a commodity even a disease This book explores the politics of tango tracing tango s travels from the brothels of Buenos Aires to the cabarets of Paris and the shako dansu clubs of Tokyo The author is an Argentinean political theorist and a dance professor at the University of California at Riverside She uses her tango tongue to tell interwoven tales of sexuality gender race class and national identity Along the way she unravels relations between machismo and colonialism postmodernism and patriarchy exoticism and commodification In the end she arrives at a discourse on decolonization as intellectual unlearning Marta Savigliano s voice is highly personal and political Her account is at once about the exoticization of tango and about her own fate as a Third World woman intellectual A few sentences from the preface are indicative Tango is my womb and my tongue a trench where I can shelter and resist the colonial invitations to universalism a stubborn fatalist mood when technocrats and theorists offer optimistic and seriously revised versions of alternatives for the Third World an opportunistic metaphor to talk about myself and my stories as a success of the civilization development colonization of Am ca Latina and a strategy to figure out through the history of the tango a hooked up story of people like myself Tango is my changing resourceful source of identity And because I am where I am outside tango hurts and comforts me Tango is a sad thought that can be danced Savigliano employs the tools of ethnography history body movement

analysis and political economy Well illustrated with drawings and photos dating back to the 1880s this book is highly readable entertaining and provocative It is sure to be recognized as an important contribution in the fields of cultural studies performance studies decolonization and women of color feminism *Perón: Formación, ascenso y caída, 1893-1955* Norberto Galasso, 2005 *Gente de tango.
