What does it really mean to be undocumented particularly in the contemporary United States Political philosophers immigration policy makers and others have tended to define the term undocumented migrant legalistically that is in terms of lacking legal authorization to live and work in one's current country of residence In *Socially Undocumented* Reed Sandoval challenges this legalistic understanding by arguing that being socially undocumented is to possess a real visible and embodied social identity that does not always track one's legal status She further argues that achieving immigration justice in the U S and elsewhere requires a philosophical understanding of the racialized class based and gendered components of socially undocumented identity and oppression *Socially Undocumented* offers a new vision of immigration justice by integrating a descriptive and phenomenological account of socially undocumented identity with a normative and political account of how the oppression with which it is associated ought to be dealt with as a matter of social justice It also addresses concrete ethical challenges such as the question of whether open borders are morally required the militarization of the Mexico U S border the perilous journey that many migrants undertake to get to the United States the difficult experiences of the women who cross U S borders seeking prenatal care while pregnant and more Tri-level Identity Crisis Tapiwa N. Mucherera,Chris Kiesling,Anne Kiome Gatobu,2020-07-31 This text captures the profound unacknowledged crisis that is unique to children of first generation immigrants by virtue of their being caught in a world of their parents culture of origin and their social experience in the United States The book makes the case for three levels of adolescent crisis unique to this population namely the general developmental crisis experienced by all adolescents as articulated by developmental theories the cultural identity crises experienced by ethnic minority persons as they encounter the layered racialization of American history and finally the unique crisis that arises from conflicting cultural values and morals when first generation immigrant parents wanting to preserve native values clash with their children who seek belonging in the Western context in which they currently reside The book traces the psychological emotional and social roots of the crisis The authors representing

immigrants from different continents portray the unique ethnic minority challenges they encounter in coming to the US exemplifying further the tri level crisis Finally the book offers ways that parents can be proactive in helping their children navigate the potential tri level crisis through ITAV It Takes a Village camps and family palavers Documenting the Undocumented Marta Caminero-Santangelo, 2017-10-10 Looking at the work of Junot Diaz Cristina Garcia Julia Alvarez and other Latino authors who are US citizens Marta Caminero Santangelo examines how writers are increasingly expressing their solidarity with undocumented immigrants Through storytelling these writers create community and a sense of peoplehood that includes non citizen Latino as This volume also foregrounds the narratives of unauthorized migrants themselves showing how their stories are emerging into the public sphere Immigration and citizenship are multifaceted issues and the voices are myriad They challenge common interpretations of illegal immigration explore inevitable traumas and ethical dilemmas protest their own silencing in immigration debates and even capitalize on the topic for the commercial market Yet these texts all seek to affect political discourse by advancing the possibility of empathy across lines of ethnicity and citizenship status As border enforcement strategies escalate along with political rhetoric detentions and deaths these counternarratives are more significant than ever before and their perspectives cannot be ignored What we are witnessing argues Caminero Santangelo is a mass mobilization of stories This growing body of literature is critical to understanding not only the Latino immigrant experience but also alternative visions of nation and belonging **The Ethical Journalist** Gene Foreman, Daniel R.
