## **Enron Blowout Corporate Capitalism And Theft Of The Global Commons:**

**Enron Blowout** Prabir Purkayastha,Vijay Prashad,2002 With reference to corrupt practices of Enron Corp multinational company while on Dabhol Project and its effect on energy industries and government policies in Maharashtra India

*Keeping Up the Good Fight* Prabir Purkayastha,2024-10 Keeping Up the Good Fight is the story of a young man s political coming of age and his experience as a student activist and scientist incarcerated by two authoritarian regimes in India half a century apart On September 25 1975 the students of Jawaharlal Nehru University in New Delhi called for a strike to protest the expulsion of Ashoklata Jain an elected student union member Three months earlier Prime Minister Indira Gandhi had declared a state of Emergency It was the second day of the strike and the campus was tense A black car rolled up near a group of students A few plainclothes cops got out and abducted one of them The student spent the next year in jail Almost fifty years later on February 9 2021 the founder of an online news portal saw his home and offices raided for 113 hours straight ransacked by officers from the Enforcement Directorate Nearly two years later on October 3 2023 the Delhi Police Special Cell reappeared The founder of the news portal and his colleague were remanded to custody under the dreaded Unlawful Activities Prevention Act UAPA

**India's New Economic Policy** Waquar Ahmed,Amitabh Kundu,Richard Peet,2010-10-04 This edited volume critically examines the neoliberal shifts in India s economic policies that have been implemented since 1991 Bringing together the leading figures in the discussion on India s economic policy this volume is the authoritative critical study of India s New Economic Policy

*State and Capitalist Development in India* Surinder Kumar,C S.

Verma, Prashant K. Trivedi, 2023-12-01 This book seeks to encourage dialectical methods through the interaction of economic, political and social factors to approach social analysis. It examines various emerging issues in society in the era of globalization. The issues raised in the critique will benefit scholars in comprehending social reality with a new perspective and approach. This book will help policymakers look at more realistic conclusions for policy making. This title is co-published with Aakar Books. Print editions not for sale in South Asia, India, Sri Lanka, Nepal, Bangladesh, Pakistan and Bhutan. **The Darker Nations: A Biography Of The Short-Lived Third World** Vijay Prashad, 2007 The Third World was not a place, argues Vijay Prashad. It was a project. This book is a paradigm-shifting history of both a utopian concept and global movement: the idea of the Third World. The Darker Nations traces the intellectual origins and the political history of the attempt to knit together the world's impoverished countries in opposition to the United States and Soviet spheres of influence in the decades following World War II, as nation after nation across Asia, Africa and South America gained political independence from colonial rule. Traversing continents, Vijay Prashad's fascinating narrative takes us from the birth of postcolonial nations after World War II to the downfall and corruption of nationalist regimes. The Darker Nations restores to memory the vibrant, though flawed, idea of the Third World whose demise Prashad ultimately argues has produced a much impoverished international political arena. *Digital First* PROF. SURBHI. DAHIYA, Surbhi Dahiya, 2023-07-05 This book uses a longitudinal case study approach to analyze key digital media startups in the Indian journalism industry today. **The RSS and the BJP** Abdul Gafoor Abdul Majeed Noorani, 2000 The fascist Rashtriya Swayamsevak Sangh through its political arm the BJP is now at the centre of Indian politics. This poses a grave danger to Indian democracy and secularism. What was the role of the Hindutva forces in the struggle against the British? What links did Gandhiji's killer Nathuram Godse have with the RSS? How did the political arm of the RSS, the Jan Sangh and its later incarnation BJP come into being? What actually happened on that fateful day of Dec 6, 1992? What are the current agendas of the RSS? What does the elevation of the hardliner Sudarshan to the post of the Sarsanghchalak of the RSS mean? Marshalling a wealth of factual and archival detail, eminent lawyer and political commentator A. G. Noorani answers these and a host of other questions in his characteristically forthright and hard-hitting style. Reprinted and updated till Feb 2001. **Uncle Sam's Nuclear Cabin** Prabir Purkayastha, Ninan Koshy, M. K. Bhadrakumar, 2007 The India-US nuclear deal has emerged as the most important political issue of our times, polarizing the country in an unprecedented manner. Proponents hail the deal as the outstanding achievement of the UPA government. Opponents argue that if operationalized, it will severely undermine India's independence in foreign policy, defence and even in the field of nuclear technology itself, compromising years of hard work and impressive gains in a highly competitive global field. **Subordinate Ally** Prakash Karat, 2007 India's nuclear deal with the United States has raised a political storm in New Delhi. The Left parties have argued that the deal involves a quid pro quo and seriously undermines India's ability to pursue an independent foreign policy. How does the deal fit in with a larger alliance between the two countries that covers

economic strategic and military cooperation Will the deal satisfactorily address India's energy needs or will it lead to another Enron type disaster How does the Hyde Act passed by the US Congress run counter to the assurances given by the Prime Minister to the Indian Parliament in August 2006 What is the Defence Framework Agreement and how has it led to steps like the Logistics Support Agreement and the Maritime Cooperation Pact Why have joint military exercises with the United States gone up sharply since 2005 and why is the Left opposed to these Should India partner the United States in its global democracy enterprise Does the National Common Minimum Programme of the UPA government say anything about a strategic tie up with the US How did the BJP led NDA government seek to reverse the course of India's foreign policy and how has the Congress led UPA government taken the process further      **Enron** Nancy B. Rapoport, Bala G. Dharan, 2004

This law school text explores the Enron debacle from a variety of different aspects Essays analyze the business government interactions and decisions that laid the foundations for Enron's growth and subsequent demise Other essays describe and detail the complex web of partnerships and accounting tricks used by Enron to hide bad news and project good news While other essays focus on the ethical and legal dimensions of the Enron crisis and their lessons for business and law students as well as for society      **Electrifying India** Sunila S. Kale, 2014-04-09 Throughout the 20th century electricity was considered to be the primary vehicle of modernity as well as its quintessential symbol In India electrification was central to how early nationalists and planners conceptualized Indian development and huge sums were spent on the project from then until now Yet despite all this sixty five years after independence nearly 400 million Indians have no access to electricity Electrifying India explores the political and historical puzzle of uneven development in India's vital electricity sector In some states nearly all citizens have access to electricity while in others fewer than half of households have reliable electricity To help explain this variation this book offers both a regional and a historical perspective on the politics of electrification of India as it unfolded in New Delhi and three Indian states Maharashtra Odisha and Andhra Pradesh In those parts of the countryside that were successfully electrified in the decades after independence the gains were due to neither nationalist idealism nor merely technocratic plans but rather to the rising political influence and pressure of rural constituencies In looking at variation in how public utilities expanded over a long period of time this book argues that the earlier period of an advancing state apparatus from the 1950s to the 1980s conditioned in important ways the manner of the state's retreat during market reforms from the 1990s onward      Mainstream, 2003      **SAPANA: Energy cooperation in South Asia** Imtiaz Alam, 2006

**Environmentalism and the Left** Archana Prasad, 2004 The Left movement and the environmental movement comprise two ends of the progressive spectrum of the Indian polity While the environmental movement has highlighted issues of tradition and economic and ecological security the Left has stressed the need for the vision of a modern but non capitalist path of development What is the ideology of the environmental movement Is the Left's insistence on a class based approach to the land question valid for tribals      **Namaste Sharon** Vijay Prashad, 2003 Ariel Sharon b 1928 Prime Minister of Israel

Kesavan,2004 World Social Forum José Corrêa Leite,Carolina Gil,2005 The Annual World Social Forum has become a key part of the international global justice movement attracting activists from around the world Here Leite lays out the origins development and challenges of this international movement for social political and economic justice
