

*I had an audition for Jenna Barber  
"Whodunnit" book?*

*Still trying with my Jenna Barber bit.*

*Debra Madelonson designed  
this for me in "Three Angels"  
Unfortunately, they cut  
forty-five minutes of the film  
and I was one of those minutes.*

Rosie Perez. I left, but not defeated. Maybe I just hadn't worked out all the kinks yet.

The phone rang again, this time for the lead in *The Winds of War*, a mini-series. They loved my look, and I thought the audition went pretty well, but after we hadn't heard anything for about a month, and they were already filming in Europe, I was beginning to get the idea that they'd gone with someone else. Elaine called the casting director for some feedback. She said, "Her voice was great, but it took her so long to get a sentence finished. The miniseries is only eight hours, Elaine!"

Well, that was the straw that broke the adenoid's back. It's either nasal or nothing!

*No audition for "Winds of War"—before they heard me speak.*

*Can you make it any bigger?*

**Since When Is Fran Drescher Jewish?** Chiara Francesca Ferrari, 2011-01-15 Since when is Fran Drescher Jewish This was Chiara Francesca Ferrari's reaction when she learned that Drescher's character on the television sitcom *The Nanny* was meant to be a portrayal of a stereotypical Jewish American princess Ferrari had only seen the Italian version of the show in which the protagonist was dubbed into an exotic eccentric Italian American nanny *Since When Is Fran Drescher Jewish* explores this ventriloquism as not only a textual and cultural transfer between languages but also as an industrial practice that helps the media industry foster identification among varying audiences around the globe At the heart of this study is an in depth exploration of three shows that moved from global to local mapping stereotypes from both sides of the Atlantic in the process Presented in Italy for example Groundskeeper Willie from *The Simpsons* is no longer a belligerent alcoholic Scotsman but instead easily becomes a primitive figure from Sardinia Ironically *The Sopranos* a show built around Italian Americans was carefully re positioned by Italian TV executives who erased the word mafia and all regional references to Sicily The result of Ferrari's three case studies is evidence that otherness transcends translation as the stereotypes produced by the American entertainment industry are simply replaced by other stereotypes in foreign markets As American television studios continue to attempt to increase earnings by licensing their shows abroad *Since When Is Fran Drescher Jewish* illuminates the significant issues of identity raised by this ever growing marketplace along with the intriguing messages that lie in the larger realm of audiovisual cultural exchange *German English Words* Robbin D.
