**Enter Inside the Mind of the Poetic Master Bruce Matthews** Bruce Matthews,2004-10-01 Life is sometimes not easy My name is Bruce Matthews I grew up in the southeast section of Washington D C I ve had my fair share of pain and misery I have crossed over a lot of potholes and obstacles to find myself to find my purpose on God s Green Earth To those who are hurt I was once there Now I am at the end of my search I know who I am and where I am going     *Black American Writing from the Nadir* Dickson D. Bruce, Jr.,1992-08-01 In this wide ranging study Dickson D Bruce Jr analyzes post Reconstruction and turn of the century black writing treating minor as well as major authors and considering a broad range of genres Bruce shows that black writers confronted the conditions of an increasingly racist society in almost every aspect of their work from their choice of subject matter to the way they drew their characters to the mood they portrayed At the same time these writers most of whom were members of a small but growing black professional class displayed a concern for middle class aspirations and values Bruce underscores the significance of discerning the tensions between these opposing forces in studying the literature of the time Bruce s attention to the body of work produced by minor writers most of whom have remained obscure to all but a few literary scholars and historians adds an important dimension to our understanding of African American history and literature His discussion of such better known writers as Charles W Chesnutt Paul Laurence Dunbar James Weldon Johnson and W E B Du Bois places them in a fuller literary context defining more clearly their significance as individuals Black American Writing from the Nadir is an insightful well focused work that will benefit social and cultural historians as well as students of literature

**The Only Mind Worth Having** Fiona Gardner,2015-11-06 In The Only Mind Worth Having Fiona Gardner takes Thomas Merton s belief that the child mind is the only mind worth having and explores it in the context of Jesus challenging paradoxical and enigmatic command to become like small children She demonstrates how Merton s belief and Jesus s command can be understood as part of contemporary spirituality and spiritual practice To follow Christ s command requires a great leap of the imagination Gardner examines what it might mean to make this leap when one is an adult without it becoming sentimental and mawkish or regressive and pathological Using both psychological and spiritual insights and drawing on the experiences of Thomas Merton and others Gardner suggests that in some mysterious and paradoxical way recovering a sense of childhood spirituality is the path toward spiritual maturity The move from childhood spirituality to adulthood and on to a spiritual maturity through the child mind is a move from innocence to experience to organized innocence or from dependence to independence to a state of being in dependence with God
