Methodology for Qualitative Research Bobby Harreveld, Mike Danaher, Celeste Lawson, Bruce Allen Knight, Gillian Busch, 2016-08-29 This book explores the webs of vulnerability in methodological decision making that illustrate the deceptive strength of qualitative research Each chapter will resonate with readers differently as they read themselves into the tensions and tangles of qualitative research when confronted with the challenges of establishing methodological frameworks for educational and social enquiry The authors are postgraduate early career researchers and supervisors who analyse their methodological encounters with the nimble fluid messy and iterative processes of qualitative research The book flows structurally from positioning the researcher within these processes to the manoeuvring of self across necessarily selective social science disciplines in education arts and humanities It rejuvenates the pioneering spirit the sense of mission and innovativeness of qualitative research Brain Asymmetry of Structure and/or Function Lesley J. Rogers, 2018-07-06

This book is a printed edition of the Special Issue Brain Asymmetry of Structure and or Function that was published in Symmetry **Behavior Monographs** ,1913 **Moral Responsibility and Alternative Possibilities** David

Widerker, Michael McKenna, 2006 This book explores an important issue within the free will debate the relation between free will and moral responsibility In his seminal article Alternate Possibilities and Moral Responsibility Harry Frankfurt launched a vigorous attack on the standard conception of that relation questioning the claim that a person is morally responsible for what she has done only if she could have done otherwise Since then Frankfurt s thesis has been at the center of philosophical discussions on free will and moral responsibility Moral Responsibility and Alternative Possibilities edited by David Widerker and Michael McKenna draws together the most recent work on Frankfurt s thesis by leading theorists in the area of free will and responsibility As the majority of the essays appear here for the first time Moral Responsibility and Alternative Possibilities offers the newest developments in this important debate 10 PRINT CHR\$(205.5+RND(1)); : GOTO 10 Nick
