Rea, 1991 Business and Social Reform in the Thirties Alvin Finkel, 1979-01-01 This book challenges the commonly accepted view that governments enacted social reforms in the 1930s in response to demands for more equitable redistribution of wealth in a time of trouble robbing from the rich to give to the poor Alvin Finkel demonstrates conclusively that Canadian big business was overwhelmingly in favour of more state intervention during the Thirties in the economic and social sphere Private enterprise in Canada has always depended on government aid capital grants high tariffs the repression of organized labour and in the 1930s the corporations need for help was more acute than ever before They realized that the capitalist system could not survive without legislated structural reforms that would provide safeguards for private investment and profit under the guise of social welfare Examining the emergence of an unprecedented intertwining of business and government management during the Depression Business and Social Reform in the Thirties analyzes an inordinant concentration of power that remains with us today Literary History of Canada Carl F. Robert C.H. Sweeny, 2015-07-01 The choice to industrialize has changed the world more than any other decision in human history And yet the three prevailing explanations the technical new energy sources the Marxist new social relations and the neo liberal people became more industrious are inadequate in making sense of this fundamental change In mid nineteenth century Montreal as in other early industrializing societies change occurred as a result of the choices people made when faced with unprecedented opportunities and

constraints Montreal was the first colonial city to industrialize Its overlapping French and English legal traditions mean that people's actions were exceptionally well documented for a North American city Robert Sweeny's novel reading of sources like city directories ordinance surveys monetary protests and apprenticeship contracts leads him to develop important critiques of both mainstream and progressive historiography He shows how the choice to industrialize was tied to the development of completely new ways of thinking about the world on three inter related levels how should we relate to each other to property and to nature In Montreal as in all the other early industrializing societies thought preceded action Sweeny illuminates the personal and familial decisions that tens of thousands of people made by the mid nineteenth century which already prefigured much of what industrialized Montreal would look like in 1880 At a moment when global conflict is tied to resources and climate change Sweeny shows how fundamental decision making can determine widespread social change Informed by four decades of scholarship Why Did We Choose to Industrialize Is a politically engaged argument about history a sustained reflection on sources and method in historical practice and a singular vantage point on the ideas that have shaped historical understandings of industrialization **Kingdom of the Mind** Peter E. Rider, 2006-04-05 Many Canadians with a Scottish background still feel the pull of their Gaelic origins During the eighteenth and nineteenth centuries Scots dominated Montreal and by extension the rest of the country Their habits and attitudes influenced business education science and medicine the military and even the way Canadians imagined themselves Nation Maker Richard I. Gwyn, 2012-08-21 1 NATIONAL BESTSELLER John A Macdonald Canada's first and most important prime minister is the man who made Confederation happen who built this country over the next quarter century and who shaped what it is today From Confederation Day in 1867 where this volume picks up Macdonald finessed a reluctant union of four provinces in central and eastern Canada into a strong nation despite indifference from Britain and annexationist sentiment in the United States But it wasn t easy Gwyn paints a superb portrait of Canada and its leaders through these formative years and also delves deep to show us Macdonald the man as he marries for the second time deals with the birth of a disabled child and the assassination of his close friend Darcy McGee and wrestles with whether Riel should hang Indelibly Gwyn shows us Macdonald s love of this country and his ability to joust with forces who would have been just as happy to see the end of Canada before it had really begun creating a must read for all Canadians Argentina Australia And Canada Guido Di, D C Platt, 1985-02-18
