P. Hoogervorst,2009-02-19 Achieving enterprise success necessitates addressing enterprises in ways that match the complexity and dynamics of the modern enterprise environment However since the majority of enterprise strategic initiatives appear to fail among which those regarding information technology the currently often practiced approaches to strategy development and implementation seem more an obstacle than an enabler for strategic enterprise

success Two themes underpin the fundamentally different views outlined in this book First the competence based perspective on governance whereby employees are viewed as the crucial core for effectively addressing the complex dynamic and uncertain enterprise reality as well as for successfully defining and operationalizing strategic choices Second enterprise engineering as the formal conceptual framework and methodology for arranging a unified and integrated enterprise design which is a necessary condition for enterprise success Jan Hoogervorst's presentation which is based on both research and his professional background at Sogeti B V aims at professionals in management and consulting as well as students in management science and business information systems

Reforming State-Owned Enterprises in Asia Farhad Taghizadeh-Hesary, Naoyuki Yoshino, Chul Ju Kim, Kunmin Kim, 2021-02-23 This book analyzes state owned enterprises SOEs which are still significant players in many Asian economies They provide essential public services build and operate key infrastructure and are often reservoirs of public employment Their characteristics and inherent competitive advantages as publicly owned enterprises allow them to play these critical roles Their weaknesses in governance and inefficiencies in incentive structures however also often lead to poor performance SOEs must be efficient transparent and accountable to level the playing field for private companies secure the growth of a vibrant private sector and achieve sustained and inclusive economic growth This book analyzes the reform of SOEs in Asia the results of which are mixed The volume concludes that some key conditions generally need to be met for SOE reforms to be successful national bureaucracies must have the capacity to implement the reforms and adverse impacts on international trade and investment must be avoided

Remuneration of Boards of Directors and Executive Management in State-Owned Enterprises OECD, 2022-06-16 The remuneration of board members and key executives of listed companies has received considerable attention in the past decade The same issue has yet to be fully addressed in the case of state owned enterprises SOEs This report seeks to fill the gap by taking stock of the policies and practices underpinning the remuneration of supervisory board members and executive managers of SOEs across 36 OECD member and partner countries
