Enterprise Years A Businessman In The Cabinet:

The Enterprise Years David Young,19?? *The Enterprise Years* David Ivor Young Baron Young of Graffham,1990

The Television Entrepreneurs Raymond Boyle,Lisa W. Kelly,2016-03-03 With business seemingly everywhere on television from the risks of the retail and restaurant trade to pitching for investment or competing to become the next apprentice *The Television Entrepreneurs* draws upon popular business oriented shows such as *The Apprentice* and *Dragons Den* to explore the relationship between television and business Based on extensive interviews with key industry and business figures and drawing on new empirical research into audience perceptions of business this book examines our changing relationship with entrepreneurship and the role played by television in shaping our understanding of the world of business The book identifies the key structural shifts in both the television industry and the wider economy that account for these changing representations whilst examining the extent to which television s developing interest in business and entrepreneurial issues is simply a response to wider social and economic change in society Does a more commercial and competitive television marketplace for instance mean that the medium itself through a particular focus on drama entertainment and performance now plays a key role in re defining how society frames its engagements with business finance entrepreneurship risk and wealth creation Mapping the narratives of entrepreneurship constructed by television and analysing the context that produces them *The Television Entrepreneurs* investigates how the television audience engages with such programmes and the possible impact these may have on public understanding of the nature of business *The Great Deception* Christopher Booker,Richard North,2021-08-19 Since its publication in 2003 *The Great Deception* has taken on the role of the Eurosceptics bible with the third edition helping to fuel the debate during the 2016 EU Referendum This fourth edition celebrates the moment when the UK broke away from the European Union having been extensively re edited to incorporate newly available archive material and updated to include the tumultuous events of recent years *The Great Deception* therefore tells for the first time the inside story of the most audacious political project of modern times from its intellectual beginnings in the 1920s when the blueprint for the European Union was first conceived by a British civil servant right up to the point when the UK resumes its path at as an independent sovereign nation after 47 years of membership of the European project in its various guises Drawing on a wealth of new evidence and existing sources scarcely an episode of the story does not emerge in startling new light from the real reasons why de Gaulle kept Britain out in the 1960s to the fall of Mrs Thatcher and the build up to the referendum campaign which had its roots in the Maastricht Treaty The book chillingly shows how Britain s politicians were consistently outplayed in a game the rules of which they never understood It ends by evaluating the post referendum negotiations and asking whether this is the end of an episode or just a new beginning

Entrepreneurs John Thompson,Bill Bolton,2024-05-31 What does it take to be or to become a successful entrepreneur Are there specific personality types that are best suited to entrepreneurship And can these types or rather the attributes that

combine to forge them be learned or acquired In this book John Thompson answers these questions and many more to let the reader see through the eyes of the entrepreneur Entrepreneurs Talent Temperament Opportunity and Mindset introduces the world of entrepreneurship from a person centred perspective Part 1 builds an understanding of the entrepreneur as a person based on the key factors of talent and temperament a unique framework for understanding and exploiting entrepreneurial opportunities Part 1 also explores the entrepreneurial mindset and how it can be honed and strengthened The process of starting and growing a business is then described in detail in Part 2 which also examines entrepreneurship in the context of opportunity and strategy Part 3 introduces the infrastructure and environment in which the entrepreneur has to operate and tells the stories of famous entrepreneurs through dozens of case vignettes including classic figures such as Henry Ford through to social entrepreneurs and even anti social entrepreneurs such as Al Capone This insightful empirically based take on the entrepreneur provides students with an accessible and original way into entrepreneurship Whatever their background students at all levels will value the author s accessible writing style and invaluable insights

Special Advisers Ben

Yong,Robert Hazell,2014-12-01 Viewers of The Thick of It will know of special advisers as spin doctors and political careerists Several well known ministers have been special advisers among them David Cameron Ed Miliband Jack Straw and Vince Cable People also know about the public relations disasters involving Jo Moore Damian McBride and Adam Smith But what is the reality What do special advisers actually do in government Who are they where do they come from and why are they needed This book is the most detailed study yet carried out of special advisers The Constitution Unit s research team led by Dr Ben Yong and Professor Robert Hazell assembled a comprehensive database of over 600 special advisers since 1979 They conducted written surveys and interviewed over 100 special advisers ministers and officials from the past thirty years They conclude that special advisers are now a permanent and indispensable part of Whitehall but are still treated as transient and temporary The book concludes with practical recommendations for increasing the effectiveness of special advisers through improvements to their recruitment induction and training support and supervision and strengthening their accountability

Overseas Business Reports United States. Bureau of International Commerce,1967

Entrepreneurship In Pacific Asia: Past, Present And Future Leo-paul Dana,1999-06-25 Entrepreneurs are now internationalising and many more are likely to internationalise in the future Yet most small firms expand in an opportunistic fashion because entrepreneurs seldom have the time and resources to gather reliable data about opportunities in foreign countries Leo Paul Dana has conducted extensive international field research with a view to compiling key information on the business environment throughout Pacific Asia Thus the book is not just another how to guide It reflects what is happening in an important region of our global economy With this book businessmen and business analysts investors academics and business students will gain invaluable insights into the conditions and opportunities for enterprise in these countries in this region

America's Small Business Economy White House Commission on Small Business (U.S.),1980 Report, "America's Small Business Economy Agenda for Action" United States. Congress. House. Committee on Small Business,1980 *United States Code, 1982 Edition* United States,1984

Shaping the Corporate Landscape Nina Boeger,Charlotte Villiers,2018-02-22 Currently there exists a distrust of corporate activity in the continuing aftermath of the financial crisis and with increasing recognition of the threats of climate change and global as well as national inequalities Despite efforts in the arena of corporate governance to address these we are still beset with corporate scandals and witness companies facing large fines for their environmental and cost cutting misdemeanours Recognising that the usual responses to dealing with these corporate problems are not effective this book asks whether the traditional form of the joint stock corporation itself lies at the heart of these problems What are the features of the corporate form and how does its current regulation underscore these problems Identifying such features provides a basis for the discussion to develop towards suggesting more progressive regulatory developments around the corporate form More fundamentally this book investigates a diverse range of corporate governance models that are emerging as alternatives to the shareholder corporation including employee owned cooperative and social enterprises The contributors are leading scholars from various backgrounds including law management and organisation studies finance and accounting as well as experienced professionals and policy makers with expertise in social and cooperative business models and the role

of employees in the corporation
