Entertaining Lesbians Celebrity Sexuality And Self Invention:

Entertaining Lesbians Martha Gever, 2003 First Published in 2003 Routledge is an imprint of Taylor Francis an information company Entertaining Lesbians Martha Gever, 2012-11-12 Before the rise of celebrities like Ellen DeGeneres and k d lang lesbians were rarely in the limelight and the few that were often did not fare well Times have changed and today's famous lesbians are popular icons Entertaining Lesbians charts the rise of lesbians in the public eye proposing that celebrity has never been a simple matter of opening closet doors portraying positive images or becoming role models Gever traces the history of lesbians in popular culture during the twentieth century from Radclyffe Hall and Greta Garbo to Martina Navratilova and Rosie O'Donnell to explore the paradoxes inherent in lesbian celebrity **Framing Celebrity** Su Holmes, Sean Redmond, 2012-11-12 Celebrity culture has a pervasive presence in our everyday lives perhaps more so than ever before It shapes not simply the production and consumption of media content but also the social values through which we experience the world This collection analyses this phenomenon bringing together essays which explore celebrity across a range of media cultural and political contexts The authors investigate topics such as the intimacy of fame political celebrity stardom in American quality television Sarah Jessica Parker celebrity reality TV I'm a Celebrity Get Me Out of Here the circulation of the porn star the gallery film David Beckham the concept of cartoon celebrity The Simpsons fandom and celebrity k d lang NSYNC celebrity in the tabloid press celebrity magazines heat Celebrity Skins the fame of the serial killer and narratives of mental illness in celebrity culture The collection is organized into four themed sections Fame Now broadly examines the contemporary contours of fame as they course through new media sites such as reality TV and the internet and different social cultural and political spaces Fame Body attempts to situate the star or celebrity body at the centre of the production circulation and consumption of contemporary fame Fame Simulation considers the increasingly strained relationship between celebrity and artifice and authenticity Fame Damage looks at the way the representation of fame is bound up with auto destructive tendencies or dissolution **Categorically Famous** Guy Davidson, 2019-06-18 The first sustained study of the relations between literary celebrity and queer sexuality Categorically Famous looks at the careers of three celebrity writers James Baldwin Susan Sontag and Gore Vidal in relation to the gay and lesbian liberation movement of the 1960s While none of these writers came out in our current sense all contributed through their public images and their writing to a greater openness toward homosexuality that was an important precondition of liberation Their fame was crucial for instance to the growing conception of homosexuals as an oppressed minority rather than as individuals with a psychological problem Challenging scholarly orthodoxies Guy Davidson urges us to rethink the usual opposition to liberation and to gay and lesbian visibility within queer studies as well as standard definitions of celebrity The conventional ban on openly discussing the homosexuality of public figures meant that media reporting at the time did not focus on his protagonists private lives At the same time the careers of these semi visible gay celebrities should be understood as a crucial

halfway point between the era of the open secret and the present day post liberation era in which queer people celebrities very much included are enjoined to come out

scholarly book on this internationally renowned feminist draws upon Greer's largely unexplored archive to demonstrate her impact on readers and viewers since the 1970s. Across many decades in the limelight and through multiple media forms the provocative Greer has worked to shape audience understandings of gender, sexuality and feminism. Through deep engagement with archival material, Anthea Taylor offers a compelling reassessment of Greer's celebrity feminist labour and its effects over time. Examining archived letters from fans, anti-fans and those in between, this innovative volume shows how and why readers and viewers have come to affectively invest or disinvest in this iconoclastic feminist. Advancing debates about the social and political function of celebrity, Germaine Greer's *Celebrity Feminism and the Archive* is essential reading for scholars in Gender Studies, History, Archival Studies and Media and Cultural Studies.

Acts of Gaiety Sara Warner, 2023-06-20. *Acts of Gaiety* explores the mirthful modes of political performance by LGBT artists, activists and collectives that have inspired and sustained deadly serious struggles for revolutionary change. The book explores antics such as camp, kitsch, drag, guerrilla theater, zap actions, rallies, manifestos, pageants and parades alongside more familiar forms of legitimate theater. Against queer theory's long suffering romance with mourning and melancholia and a national agenda that urges homosexuals to renounce pleasure if they want to be taken seriously by mainstream society, *Acts of Gaiety* seeks to reanimate notions of gaiety as a political value for LGBT activism. The book mines the archives of lesbian feminist activism of the 1960s-70s, highlighting the outrageous gaiety that lay at the center of the social and theatrical performances of the era and uncovering original documents long thought to be lost. Juxtaposing historical figures such as Valerie Solanas and Jill Johnston with more recent performers and activists including Hothead Paisan, Bitch Animal and the Five Lesbian Brothers, Warner shows how reclaiming this largely discarded and disavowed past elucidates possibilities for being and belonging. *Acts of Gaiety* explores the mutually informing histories of gayness as politics and as *joie de vivre* along with the centrality of liveliness to queer performance and protest.

Damsels and Divas Agata Frymus, 2020-04-17. 2020 Best Early Career Research Monograph. Monash University Malaysia. *Damsels and Divas* investigates the meanings of Europeanness in Hollywood during the 1920s by charting professional trajectories of three movie stars: Pola Negri, Vilma Bánky and Jetta Goudal. It combines the investigation of American fan magazines with the analysis of studio documents and the examination of the narratives of their films to develop a thorough understanding of the ways in which Negri, Bánky and Goudal were understood within the realm of their contemporary American culture. This discussion places their star personae in the context of whiteness, femininity and Americanization. Every age has its heroines and they reveal a lot about prevailing attitudes towards women in their respective eras. In the United States, where the stories of rags to riches were especially potent, stars could offer models of successful cultural integration.

Sapphic Modernities L. Doan, J. Garrity, 2006-06-10. An examination of the representation of the lesbian in modernity from the multiple perspectives of literary, visual and cultural studies, this book shows how the sapphic figure in her multiple and contradictory guises refigured and redefined citizenship in the early

decades of the twentieth century Out ,2003-09 Out is a fashion style celebrity and opinion magazine for the modern gay man **Out of the Closet, Into the Archives** Amy L. Stone,Jaime Cantrell,2015-11-20 Finalist for the 2016 Lambda Literary Award in LGBT Anthology presented by the Lambda Literary Foundation Out of the Closet Into the Archives takes readers inside the experience of how it feels to do queer archival research and queer research in the archive The archive much like the closet exposes various levels of public and privateness recognition awareness refusal impulse disclosure framing silence cultural intelligibility each mediated and determined through subjective insider outsider ways of knowing The contributors draw on their experiences conducting research in disciplines such as sociology African American studies English communications performance studies anthropology and women s and gender studies These essays challenge scholars to engage with their affective experience of being in the archive illuminating how the space of the archive requires a different kind of deeply personal embodied research Out of the Closet Into the Archives represents the exciting directions for scholarship enabled by this rapid growth of new LGBTQ archives Although mindful of critiques of the archive as an institution of power and attentive to experiences and ephemerality that can escape it the essays published here practice forms of the archival turn that put relentless curiosity and unapologetic passion to use as methods for intellectual invention from the Foreword by Ann Cvetkovich
