MacBeth, 1996-05-07 This book provides a much needed overview of crucial topics concerning the uses and effects of television including diversity on television dependence diagnosis and prevention the socialisation of young children and children s fear **Entertainment-Education** Arvind Singhal, Everett Rogers, 2012-12-06 Arvind Singhal and Everett M Rogers have developed this unique volume focused on the history and development of entertainment education This approach to communication is the process of designing and implementing a media message to both entertain and educate to increase audience members knowledge about an educational issue create favorable attitudes and change overt behavior It uses the universal appeal of entertainment to show individuals how they can live safer healthier and happier lives Entertainment formats such as soap operas rock music feature films talk shows cartoons comics and theater are utilized in various countries to promote messages about educational issues This book presents a balanced picture of the entertainment education strategy identifying ethical and other problems that accompany efforts to bring about social change *The Praeger International Collection on Addictions* Angela Brownmiller Ph.D., 2009-04-30 Only the very rare among us are completely unscathed by the effects of addiction our own that of a family

member friend or coworker Even the addictions of strangers from the drunk driver or drug addict to gambling food spending or violence addicted people may subject us to dangers threaten our well being and drain money from our pockets Recent national estimates in just the US show that substance abuse and addiction alone cost taxpayers a total of nearly 500 billion a year In these volumes experts from around the world present the newest issues research and insights into addictions of all kinds Led by Angela Browne Miller Director of the Metaxis Compulsive and Habitual Behaviors Institute in California this team of contributors includes scholars and practitioners from the United States Canada the United Kingdom Sweden Thailand Africa and Russia Topics range from drug addiction among male female teen and aging populations and among White Hispanic Black Asian Native American and other groups using liquor cocaine methamphetamine khat and or other lesser known drugs to behavioral addictions including online gaming excessive buying and eating disorders Chapters also address issues including addiction as a public health problem and the politics of drug treatment policies Treatment methods for addictions from electrotherapy to holistic approaches are addressed as are spiritual psychological and cross cultural issues involved The experts behind these chapters include those from the University of California Berkeley Johns Hopkins School of Medicine and Purdue University to McGill University Nottingham Trent University and the All India Institute of Medical Sciences

Terrorism TV Stacy Takacs, 2012-04-30 The Fox TV series 24 might have been in production long before its premier just two months after 9 11 but its storyline and that of many other television programs has since become inextricably embedded in the nation s popular consciousness This book marks the first comprehensive survey and analysis of War on Terror themes in post 9 11 American television critiquing those shows that either blindly or intentionally supported the Bush administration s security policies Stacy Takacs focuses on the role of entertainment programming in building a national consensus favoring a War on Terror taking a close look at programs that comment both directly and allegorically on the post 9 11 world In show after show she chillingly illustrates how popular television helped organize public feelings of loss fear empathy and self love into narratives supportive of a controversial and unprecedented war Takacs examines a spectrum of program genres talk shows reality programs sitcoms police procedurals male melodramas war narratives to uncover the recurrent cultural themes that helped convince Americans to invade Afghanistan and Iraq and compromise their own civil liberties Spanning the past decade of the ongoing conflict she reviews not only key touchstones of post 9 11 popular culture such as 24 Rescue Me and Sleeper Cell but also less remarked upon but relevant series like JAG Off to War Six Feet Under and Jericho She also considers voices of dissent that have emerged through satirical offerings like The Daily Show and science fiction series such as Lost and Battlestar Galactica Takacs dissects how the War on Terror has been broadcast into our living rooms in programs that routinely offer simplistic answers to important questions Who exactly are we fighting Why do they hate us and she examines the climate of fear and paranoia they ve created Unlike cultural analyses that view the government s courting of Hollywood as a conspiracy to manipulate the masses her book considers how economic and

industry considerations complicate state media relations throughout the era Terrorism TV offers fresh insight into how American television directly and indirectly reinforced the Bush administration's security agenda and argues for the continued importance of the medium as a tool of collective identity formation It is an essential guide to the televisual landscape of American consciousness in the first decade of the twenty first century **Children & Television** Barrie Gunter,Jill McAleer,2005-07-05 Does violence on TV lead to violent behaviour How can parents influence children's viewing Fears over the effect of television on children have been around since it was invented The recent explosion in the number of channels and new multimedia entertainment lends a new urgency to the discussion This completely revised second edition of Children and Television brings the story of children and television right up to date In addition to presenting the latest research on all of the themes covered in the first edition it includes a discussion of the new entertainment media now available and a new chapter which examines the role of television in influencing children's health related attitudes behaviour Barrie Gunter and Jill McAleer examine the research evidence in to the effects of television on children and their responses to it They conclude that children are sophisticated viewers and control television far more than it controls them [A Nation of a Hundred Million Idiots?](#) Jayson Makoto Chun,2006-12-06 In a comparatively short period the television industry helped to reconstruct not only postwar Japanese popular culture but also the Japanese social and political landscape This book offers a history of Japanese television audiences and the popular media culture that television helped to spawn *Entertainment Media and Communication* Nicholas David Bowman,2024-10-21 Although not considered a formal area of study scholarship on the uses content and effects of entertaining media has been central to communication studies and related fields for more than a century The serious study of entertainment seems paradoxical as we presume entertainment to be the lighter side of our daily lives Yet as revealed in this volume entertainment media serve as cultural artifacts that shape our understandings of various peoples and publics in ways that invite deeper immersive and increasingly interactive engagement On this backdrop Entertainment Media and Communication serves as a reference guide for canonical and foundational research into media entertainment and a collection of emerging and updated theories and models core to the study of media entertainment in the 21st century Across more than forty chapters and with a diverse and inclusive list of authors this volume provides a broad yet nuanced view into entertainment media and communication scholarship The contributors explore its foundations define and extend key concepts and theories through myriad lenses discuss unique considerations of digital media and divine future paths for scholarly inquiry *ADAMHA News* ,1981 **Television and the Quality of Life** Robert Kubey,Mihaly Csikszentmihalyi,2013-12-02 Employing a unique research methodology that enables people to report on their normal activities as they occur the authors examine how people actually use and experience television and how television viewing both contributes to and detracts from the quality of everyday life Studied within the natural context of everyday living and drawing comparisons between television viewing and a variety of other daily activities and leisure pursuits this unusual book

explores whether television is a boon or a detriment to family life how people feel and think before during and after television viewing what causes television habits to develop and what causes heavy viewing and what heavy viewing causes in the short and long term Television and the Quality of Life also compares the viewing experience cross nationally using samples from the United States Italy Canada and Germany and then interprets the findings within a broad theoretical and historical framework that considers how information use and daily activity contribute to individual familial societal and cultural development Humor and Children's Development Paul E McGhee, Mary Frank, 2014-04-08 Here is the first book that is geared toward practical applications of humor with children Health care professionals counselors social workers students and parents will find this to be a fascinating instructive volume that illustrates how to effectively incorporate humor into children's lives to produce enormously positive results With a strong how to focus this enlightening volume addresses the use of humor in the classroom to promote learning and to foster higher levels of creative thinking Experts who are on the cutting edge of humor and its benefits for children examine the importance of humor in fostering social and emotional development and in adapting to stressful situations And for the scholarly reader Humor and Children's Development documents the major research trends focusing on humor and its development This excellent resource certain to spark further debate and research offers an unrivaled opportunity to further understand children's behavior and development Humor and Children's Development was featured in the February 1990 issue of Working Mother magazine in article titled Let Laughter Ring by Eva Conrad The chapter entitled Humor in Children's Literature by Janice Alberghene was one of the finalists for the Children's Literature Association's Literary Criticism Award for the best critical article of 1988 on the subject of children's literature

Entertainment Functions Of Television: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Entertainment Functions Of Television : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
