EPA-600/5, 1974-02 *American City Planning Since 1890* Mel Scott, 1971-01-01 **Regional economic structure and environmental pollution** B.E.M.G. Coupé, 2012-12-06 Environmental problems as far as they raise economic questions even conflicting with pre ecology economics can be tackled in different ways The way chosen by Bernard Coupe was not the French voie royale a Louis XIV equivalent of a speedway but the narrow path consisting in carefully implementing a simple but valid model This model is amenable to many extensions but it reveals the core of some economic ecological problems the search for acceptable solutions when one is confronted with a set of rather narrow constraints A not uninteresting finding is that full employment solutions do seem to exist though leading to different uses of the product made available How such solutions are to be politically implemented is then a further stage of the reasoning not taken up in this book We spent Bernard and I many a well filled hour in discussing the technicalities of the exercise the consumption and investment functions with their estimation problems the treatment of the transportation sector problems in geometric programming et de quibusdam aliis Especially when prefacing the final product one is particularly pleased to be able to evoke the times past but well spent Bernard Coupe will certainly in the course of his development work in Africa use the spirit and techniques of this approach We can expect in the future some good reporting on this facet of his work too **Books about Cities** United States. Department of Housing and Urban Development. Library, 1969 *50 Years Of Science In Singapore* Bernard Tiong Gie Tan, Hock Lim, Kok Khoo Phua, 2016-12-12 As part of the commemorative book series on Singapore's 50 years of nation building this important compendium traces the history and development of the various sectors of Singapore science in the last 50 years or so The book covers the government agencies responsible for science funding and research policy the academic institutions and departments who have been in the forefront of the development of the nation's scientific manpower and research the research centres and institutes which have been breaking new ground in both basic and applied science research science museums and education and the academic and professional institutions which the scientific community has set up to enable Singapore scientists to serve the nation more effectively Each article is chronicled by eminent authors who have played important roles and made significant contributions in shaping today's achievement of science in Singapore Professionals academics students and the general public will find this volume a useful reference material and an inspirational easy read *Current Catalog* National Library of Medicine (U.S.), 1970 First multi year cumulation covers six years 1965 70 Establish a Select Senate Committee on Technology and the Human Environment United States.
